Business Objects Data Services a Complete Guide Packt Publishing Ltd
 BusinessObjects may seem like a dauntingly complex topic, but BusinessObjects XI Release 2 For Dummies makes it a snap. Even if you're new to business intelligence tools, this user-friendly guide makes it easy to access, format and share data, analyze the information this data contains, and measure your organization's performance. In no time, you'll be finding your way around Universes to see how everything is shaping up, viewing and creating reports, building powerful queries on your organizations database, and measuring

your company's performance using BusinessObjects XI Release 2. This completely jargon-free handbook will put you in complete control of the ways and means of a truly exciting and powerful suite of business intelligence tools. Discover how to: Make business decisions with help from BusinessObjects Use BusinessObjects XI wizards Perform a server installation Create and define a Universe Set up desktop reporting Customize and use InfoView Measure performance with Dashboard and Analytics Take advantage of data marts and understand how they fit into your BusinessObjects system Created by a team with more than 15 years combined experience working with BusinessObjects tools, BusinessObjects XI Release 2 For Dummies comes complete with several short lists of useful information, including

tips on how to prepare for a successful BusinessObjects integration and helpful resources beyond the pages of this book. You'll also find an overview of Crystal Reports, BusinessObjects' companion reporting tool.

SAP BusinessObjects Web Intelligence Packt Pub Limited

Where are business objects used today?
 What are the fundamental Business Objects ? Does this project have any dependencies on other initiatives or vice versa? When do you synchronize business objects? How does cpu licensing work? Defining, designing, creating, and implementing a process to solve a challenge or meet an objective is the most valuable role... In EVERY group, company, organization and department. Unless you are talking a one-time, single-use project, there should be a process. Whether that

process is managed and implemented by humans, AI, or a combination of the two, it needs to be designed by someone with a complex enough perspective to ask the right questions. Someone capable of asking the right questions and step back and say, 'What are we really trying to accomplish here? And is there a different way to look at it?' This Self-Assessment empowers people to do just that - whether their title is entrepreneur, manager, consultant, (Vice-)President, CxO etc... - they are the people who rule the future. They are the person who asks the right questions to make Business Objects investments work better. This Business Objects All-Inclusive Self-Assessment enables You to be that person. All the tools you need to an in-depth Business Objects Self-Assessment. Featuring 904 new and updated case-based questions, organized into seven core areas of process design, this Self-Assessment will help you identify areas in which Business Objects improvements can be made. In using the questions you will be better able to: - diagnose Business Objects projects, initiatives, organizations, businesses and processes using accepted diagnostic standards and practices - implement evidence-based best practice strategies aligned with overall goals - integrate recent advances in Business Objects and process design strategies into practice according to best practice guidelines Using a Self-Assessment tool known as the Business Objects Scorecard, you will develop a clear picture of which Business Objects areas need attention. Your purchase includes access details to the Business Objects self-assessment dashboard download which gives you your dynamically prioritized projects-ready tool and shows your organization exactly what to do next. You will receive the following contents with New and Updated specific criteria: - The latest quick edition of the book in PDF - The latest complete edition of the book in PDF, which criteria correspond to the criteria in... - The Self-Assessment Excel Dashboard - Example pre-filled Self-Assessment Excel Dashboard to get familiar with results generation - In-depth and specific Business Objects Checklists - Project management checklists and templates to assist with implementation INCLUDES LIFETIME SELF ASSESSMENT UPDATES Every self assessment comes with Lifetime Updates and Lifetime Free Updated Books. Lifetime Updates is an industry-first feature which allows you to receive verified self assessment updates, ensuring you always have the most accurate information at your fingertips.

The book will help you build effective business intelligence dashboards using the latest features of QlikView. You will create different types of visualizations such as bar charts, interactive plots, and more. With this book, you will learn how to gain actionable insights from your data and communicate them across to relevant stakeholders in ...

Oracle SOA Suite 12c Administrator's Guide John Wiley & Sons

What's the secret to building a successful business? If you're like most entrepreneurs, you would say it's just a matter of finding a need and filling it and you'd be wrong. The most successful businesses master nine common business problems. By identifying these common problems, understanding how they affect your business and then designing and implementing proven solutions for them, you can build a hyper successful business. This book shows you how to select systems to turbocharge your business. It will provide a detailed roadmap for you to follow as you address each problem with the right strategy, tactics and systems to turn each area of your business into a high-performance machine. Whether you are a pre-start up, building your minimum viable product, heading toward IPO, or scaling, this business operating system design will help show you how to succeed, while flying close to the Sun.

Document Creation Guide for MicroStrategy 10 RR Donnelley
