Trivia Why's, Volume 1 Hackett
Publishing

Ancestral fault is a core idea of Greek literature. 'The guiltless will pay for the deeds later: either the man's children, or his descendants thereafter', said Solon in the sixth century BC, a statement echoed throughout the rest of antiquity. This notion lies at the heart of ancient

Greek thinking on theodicy, inheritance and privilege, the meaning of suffering, the links between wealth and morality, individual responsibility, the bonds that unite generations and the grand movements of history. From Homer to Proclus, it played a major role in some of the most critical and pressing reflections of Greek culture on divinity, society and knowledge. The burning modern preoccupation with collective responsibility across generations has a long, deep antecedent in classical Greek

literature and its reception. This book retraces the trajectories of Greek ancestral fault and the varieties of its expression through the many genres and centuries where it is found.

Oedipus at Colonus Taylor & Francis

This book offers a new interpretation of Aeschylus' tragic tetralogy *Lycurgeia* and Naevius' tragedy *Lycurgus*, the two most important texts that shaped the tradition of the myth about Lycurgus' resistance against the god Dionysus.

Uppingham School Magazine Parlor Press LLC

Highly controversial when it was first published in 1981, Alasdair MacIntyre's *After Virtue* has since established itself as a landmark work in contemporary moral philosophy. In this book, MacIntyre sought to address a crisis in moral

language that he traced back to a European Enlightenment that had made the formulation of moral principles increasingly difficult. In the search for a way out of this impasse, MacIntyre returns to an earlier strand of ethical thinking, that of Aristotle, who emphasised the importance of 'virtue' to the ethical life. More than thirty years after its original publication, *After Virtue* remains a work that is impossible to ignore for anyone interested in our understanding of ethics and morality today.

The Secret of Our Success BRILL

This volume brings together a group of interdisciplinary experts who demonstrate that Aeschylus' *Seven Against Thebes* is a text of continuing relevance and value for exploring

ancient, contemporary and comparative issues of war and its attendant trauma. The volume features contributions from an international cast of experts, as well as a conversation with a retired U.S. Army Lt. Col., giving her perspectives on the blending of reality and fiction in Aeschylus' war tragedies and on the potential of Greek tragedy to speak to contemporary veterans. This book is a fascinating resource for anyone interested in Aeschylus, Greek tragedy and its reception, and war literature. Princeton University Press

English versions of Sophocles' three great tragedies based on the myth of Oedipus, translated for a modern audience by two gifted poets. Index.
The Myth of Lycurgus in Aeschylus, Naevius, and beyond Columbia University Press

The Wire's provocative subject matter, layered narrative and explicit critiques of American socio-economic institutions make it one of the most teachable television series in recent years. This collection of new essays offers practical examples for implementing The Wire in the college classroom as a cultural text to engage students in critical and creative inquiry. The essays provide a disciplinary framework for using the series in media studies, writing and narrative, ethics and rhetoric, and education and literacy. Each essay details the pedagogical goals of teaching the series or specific episodes, how it was employed in class and student responses to the material. Instructors considering this book for use in a course may request an examination copy here.

Ancestral Fault in Ancient Greece
Cambridge University Press
"Three Guineas" is a 1938 extended essay by Virginia Woolf that deals with the subjects of fascism, feminism, and war. The book was written in response to three requests for donations by three different feminist organisations and contains a statement on feminine purpose. Not to be missed by fans and collectors of Feminist literature. Adeline Virginia Woolf (1882–1941) was an English writer. She is widely hailed as being among the most influential modernist authors of the 20th century and a pioneer of stream of consciousness narration. Woolf was a central figure in the feminist criticism movement of the 1970s, her works having inspired countless women to take

up the cause. She suffered numerous nervous breakdowns during her life primarily as a result of the deaths of family members, and it is now believed that she may have suffered from bipolar disorder. In 1941, Woolf drowned herself in the River Ouse at Lewes, aged 59. Contents include: "Virginia Woolf", "One", "Notes and References", "Two", "Notes and References", "Three", "Notes and References". Other notable works by this author include: "To the Lighthouse" (1927), "Orlando" (1928), and "A Room of One's Own" (1929). Read & Co. Great Essays is proudly republishing this classic essay now complete with a specially-commissioned new biography of the author.

For René Girard, human life revolves around mimetic desire, which regularly manifests itself in acquisitive rivalry when we find ourselves wanting an object because another wants it also. Noting that mimetic desire is driven by our sense of inadequacy or insufficiency, Girard arrives at a profound insight: our desire is not fundamentally directed toward the other's object but toward the other's being. We perceive the other to possess a fullness of being we lack. Mimetic desire devolves into violence when our quest after the being of the other remains unfulfilled. So pervasive is mimetic desire that Girard describes it as an ontological illness. In Intimate

Domain, Reineke argues that it is necessary to augment Girard's mimetic theory if we are to give a full account of the sickness he describes. Attending to familial dynamics Girard has overlooked and reclaiming aspects of his early theorizing on sensory experience, Reineke utilizes psychoanalytic theory to place Girard's mimetic theory on firmer ground. Drawing on three exemplary narratives—Proust's *In Search of Lost Time*, Sophocles's *Antigone*, and Julia Kristeva's *The Old Man and the Wolves*—the author explores familial relationships. Together, these narratives demonstrate that a corporeal hermeneutics founded in psychoanalytic theory can usefully augment Girard's insights, thereby ensuring that mimetic theory remains a definitive resource for

all who seek to understand humanity's ontological illness and identify a potential cure.

The Brother-Sister Culture in Nineteenth-Century Literature Open Road Media

The heroines of Greek tragedy presented in the plays by Aeschylus, Sophocles and Euripides have long captivated audiences and critics. In this volume each of the eleven chapters discusses one of the heroines: Clytemnestra, Hecuba, Medea, Iphigenia, Alcestis, Antigone Electra, Deianeira, Phaedra, Creusa and Helen. The book focuses on characterisation and the motivations of the women, as well as on those of the male playwrights, and offers multiple viewpoints and critiques that enable readers to understand the context of each play and form their own views. Four

core themes bridge the depictions of the heroines: the socio-political dynamic of ancient Greek expectations of women and their roles in society, the conflict of masculinity versus femininity, the alternation of defiance and submission, and the interplay between deceit and rhetoric. Each chapter offers clear descriptions of plot and mythical background, and builds on the text of the plays to enable reflections on language and performance. All technical terms are explained and key topics or references are pulled out into box features that provide further background information. Discussion points at the ends of chapters enable readers to explore various topics more deeply. Antigone McGraw Hill Professional This volume assembles fourteen highly

influential articles written by Michael H. Jameson over a period of nearly fifty years, edited and updated by the author himself. They represent both the scope and the signature style of Jameson's engagement with the subject of ancient Greek religion. The collection complements the original publications in two ways: firstly, it makes the articles more accessible; and secondly, the volume offers readers a unique opportunity to observe that over almost five decades of scholarship Jameson developed a distinctive method, a signature style, a particular perspective, a way of looking that could perhaps be fittingly called a 'Jamesonian approach' to the study of Greek religion. This approach, recognizable in each article individually, becomes unmistakable

through the concentration of papers collected here. The particulars of the Jamesonian approach are insightfully discussed in the five introductory essays written for this volume by leading world authorities on polis religion.

After Virtue Houghton Mifflin Harcourt
At the outset of the play, Oedipus is the beloved ruler of the city of Thebes, whose citizens have been stricken by a plague. Consulting the Delphic oracle, Oedipus is told that the plague will cease only when the murderer of Queen Jocasta's first husband, King Laius, has been found and punished for his deed. Oedipus resolves to find Laius's killer. His investigation turns into an obsessive reconstruction of his own hidden past when he discovers that the old man he killed when he first approached Thebes

as a youth was none other than Laius. At the end, Jocasta hangs herself in shame, and the guilt-stricken Oedipus blinds himself.

The Poetical Works MSU Press
The celebrated author of *Gender Trouble* here redefines Antigone's legacy, recovering her revolutionary significance and liberating it for a progressive feminism and sexual politics. Butler's new interpretation does nothing less than reconceptualize the incest taboo in relation to kinship—and open up the concept of kinship to cultural change. Antigone, the renowned insurgent from Sophocles's *Oedipus*, has long been a feminist icon of defiance. But what has remained unclear is whether she escapes from the forms of power that

she opposes. Antigone proves to be a more ambivalent figure for feminism than has been acknowledged, since the form of defiance she exemplifies also leads to her death. Butler argues that Antigone represents a form of feminist and sexual agency that is fraught with risk. Moreover, Antigone shows how the constraints of normative kinship unfairly decide what will and will not be a livable life. Butler explores the meaning of Antigone, wondering what forms of kinship might have allowed her to live. Along the way, she considers the works of such philosophers as Hegel, Lacan, and Irigaray. How, she asks, would psychoanalysis have been different if it had taken Antigone—the "post-oedipal" subject—rather than Oedipus as its point of departure? If the incest taboo is

reconceived so that it does not mandate heterosexuality as its solution, what forms of sexual alliance and new kinship might be acknowledged as a result? The book relates the courageous deeds of Antigone to the claims made by those whose relations are still not honored as those of proper kinship, showing how a culture of normative heterosexuality obstructs our capacity to see what sexual freedom and political agency could be.

Antigone's Claim BRILL

The link between weddings and death—as found in dramas ranging from *Romeo and Juliet* to Lorca's *Blood Wedding*—plays a central role in the action of many Greek tragedies. Female characters such as Cassandra, Antigone, and Helen enact and refer to significant

parts of wedding and funeral rites, but often in a twisted fashion. Over time the pressure of dramatic events causes the distinctions between weddings and funerals to disappear. In this book, Rush Rehm considers how and why the conflation of the two ceremonies comes to theatrical life in the tragedies of Aeschylus, Sophokles, and Euripides. By focusing on the dramatization of important rituals conducted by women in ancient Athenian society, Rehm offers a new perspective on Greek tragedy and the challenges it posed for its audience. The conflation of weddings and funerals, the author argues, unleashes a kind of dramatic alchemy whereby female characters become the bearers of new possibilities. Such as formulation enables the tragedians to explore the limitations

of traditional thinking and acting in fifth-century Athens. Rehm finds that when tragic weddings and funerals become confused and perverted, the aftershocks disturb the political and ideological givens of Athenian society, challenging the audience to consider new, and often radically different, directions for their city. Rush Rehm is Assistant Professor of Drama and Classics at Stanford University and a free-lance theater director. He is the author of *Greek Tragic Theatre* (Routledge) and *Aeschylus' Oresteia: A Theatre Vision* (Hawthorn). Originally published in 1994. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These

editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

A practical guide based on a proprietary skill assessment tool—a Myers-Briggs for presenters—that provides tips and strategies that address the core element for becoming a successful presenter: YOU What kind of presenter are you? Are you charming? Purposeful? Informative? Inspiring? Do you have natural charisma? A clear message? A powerful

vision? What's Your Presentation Persona? is a revolutionary guide based on Badge, the first-of-its-kind proprietary skill assessment tool—a Myers-Briggs for presenters—that provides strategies and tips that address the core element for becoming a successful presenter: YOU. This groundbreaking book identifies 16 presentation personas, each with its own strengths and weaknesses, and shows you how to leverage your unique qualities to become a more powerful, persuasive, and successful presenter. Take the self-assessment test in the book and discover your persona. Are you:

- The Director: a respected leader with an empathetic core (Oprah Winfrey or Ned Stark from Game of Thrones)
- The Captivator: a charismatic presenter with a natural, unrehearsed flair (Gary

- Vaynerchuk or Captain Kirk from Star Trek)
- The Producer: a successful speaker who believes in hard work—not luck (Martin Luther King Jr. or Walter White from Breaking Bad)
- The Scholar: an always-curious learner informed by their own wisdom (Elon Musk or Hermione Granger from Harry Potter)
- The Liberator: an optimistic visionary who loves to inspire (Tony Robbins or William Wallace from Braveheart)

The key to reaching others is knowing who you are. Get to know yourself. Build on your strengths. Work on your weaknesses. Learn how to deliver your message with confidence, charisma, humor, and authenticity. Be yourself—but better. Once you've mastered your presentation persona, explore others you'd like to experiment

with and learn from. Incorporate techniques into your unique style to become the strongest, most well-rounded communicator you can be—so you can razzle-dazzle any audience on any topic anytime.

[The Search for Personal Freedom, 6th Edition](#) Sebesta Enterprises, Inc.

This book argues that brother-sister relationships, idealized by the Romantics, intensified in nineteenth-century English domestic culture, and is

a neglected key to understanding Victorian gender relations. Attracted by the apparent purity of the sibling bond, novelists and poets also acknowledged its innate ambivalence and instability, through conflicting patterns of sublimated devotion, revenge fantasy, and corrosive obsession. The final chapter shows how the brother-sister bond was permanently changed by the experience of the First World War.
