 Into the Raging Sea: Thirty-

Three Mariners, One Megastorm ...
 On October 1, 2015, Hurricane Joaquin barreled into the Bermuda Triangle and swallowed the container ship El Faro whole, resulting in the worst American shipping disaster in thirty-five years. No one could fathom how a vessel equipped with satellite communications, a sophisticated navigation system, and cutting-edge weather forecasting could suddenly vanish—until now.
 Into the Raging Sea: Thirty-Three Mariners, One Megastorm ...
 More than the story of how a ship was overcome by a storm, Into The Raging Sea is an allegory for what it means to be a part of the nation's largely invisible working and middle class.
 Longreads Rachel Slade mashes up The Perfect Storm with a suspenseful, page-turning thriller, cutting through the corporate double-speak to shine a light on how it was that thirty-three men and women sailed into Hurricane Joaquin.
