 Monthly all you can eat subscription services are now mainstream for music, movies, and TV. Will they be as popular for e-books as well? Intuitive Biostatistics Third Edition Intuitive Biostatistics takes a non-technical, non-quantitative approach to statistics and emphasizes interpretation of statistical results rather than the computational strategies for generating statistical data. This makes the text especially useful for those in health-science fields who have not taken a biostatistics course before. Intuitive Biostatistics: A Nonmathematical Guide to ... Intuitive Biostatistics is both an introduction and review of statistics. Compared to other books, it has: Breadth rather than depth. It is a guidebook, not a cookbook. Words rather than math. It has few equations. Explanations rather than recipes.
