"You cannot win without a workplace where women and men have equal opportunities, equal input, and equal power."
 —Dominic Barton, Global Managing Partner, McKinsey & Company
 On almost a daily basis, we read stories in the news about high-profile male leaders, CEOs, venture capitalists, and entrepreneurs harassing and acting inappropriately toward the women with whom they work. Following such revelations, these men generally lose their jobs, and their companies lose valuable female talent, customers/clients, and their reputations. And, although we regularly hear stories about the "bro culture" that obstructs women's progress and creates hostile work environments for them, we haven't heard as much about the efforts of good men who want to change the in-office behavior of their teams and companies so that they and women they work with can realize their full potential and their businesses can thrive. This book teaches men and managers how to respond in these situations and how to lead by example. In *WE: Men, Women, and the Decisive Formula for Winning at Work*, Rania Anderson lends her guidance on this exact topic. Social mores have changed, and yet, well-intentioned managers simply don't always know what to do and what's appropriate and useful to actively recruit, retain, and advance more women into leadership. They want to be told how this can make a difference to them and how they can make a difference—this book shows you how to improve your own results and win in business: A new playbook to recruit and retain high-caliber women. Take actions to work effectively, elevate and lead with women in the workplace. Discover how traditional social roles exert a powerful pull on people of both genders and what to do about it. End confusion of male leaders. In the #MeToo era when everyone else is focused on what's wrong and what not to do, *WE: Men, Women, and the Decisive Formula for Winning at Work*, is about what's going well and what you can do. Men who are front-line managers, middle managers, and senior managers have been sidelined and left out of efforts to achieve gender parity for too long. Now, these guys can get back in the game!

What is happening to the goals of all the ambitious women in the world after they have a child? What is standing between an ambitious working mother's goals and her success? And, most importantly, what does ambition mean to us today? This book is a discovery journey about the reality of ambitious professional mothers today. It's a tale with the intention of rewriting the meaning of ambition, the narrative of working mothers and the way women achieve their goals and well-being. You will discover

what the ambition factor is and how working mothers can cultivate their ambition to achieve their goals.

[The 21 Biggest Lies about Donald Trump \(and you!\)](#) Penguin

Ivanka Trump is an American businesswoman and former fashion model who is currently assistant to President Donald Trump. She is the daughter of the president and his first wife, former model Ivana Trump. Trump has been an executive vice president of her father's company - The Trump Organization - as well as serving as a boardroom advisor on her father's TV show *The Apprentice*. She moved to Washington, D.C in January 2017 as her husband, Jared Kushner, was appointed as a Senior Advisor to the President of the United States by her father. Starting in late March 2017, Trump began serving in her father's administration as assistant to the president. She assumed this official, unpaid federal government position after multiple ethics concerns were raised about her access to sensitive material while not being held to the same ethics restrictions as a federal employee. She is considered part of her father's inner circle.

Real life resilience from the world's most successful women in business Createspace Independent Publishing Platform

"Lapin draws on ... real stories from her own career--the good, the bad, and the ugly--to show what it means to be a 'boss' in twelve easy steps ... She first shows how to embrace the 'boss of you' mentality by seizing the power that comes from believing in yourself and expanding your skillset. Then she offers ... advice for how to kill it at as the 'boss at work,' whether you have a high-up role or not. And finally, for those who want to take the plunge as an entrepreneur, she lays out the nuts and bolts of how to be the 'boss of your own business,' from raising money and getting it off the ground to hiring a kickass staff and dealing [with] office drama to turning a profit"

[Rewriting the Rules of the American Economy: An Agenda for Growth and Shared Prosperity](#) Penguin

The very presence of women in the law—normal as it may seem to us today—signals revolutionary change in a social order that for centuries entrusted control over its rules to men. Mona Harrington examines both the problems women meet when they claim equal authority as rule makers, and the impact of new perspectives and issues that women bring with them into the profession. On the basis of more than one hundred interviews

with women lawyers, judges, law school professors, and law students, and through the stories of their daily experiences, Harrington pinpoints and analyzes the key factors holding women back in a profession still dominated by males—among them the “men’s club” ambience, the focus on billable hours, sexual harassment and the inequality it perpetuates, lingering unequal division of labor at home, and hostile media images of women in positions of power. She shows us what life is like for women lawyers in practice today and how their dilemmas reflect the social issues of our time. She gives us the voices of women who have adapted to the cultural codes of corporate law and women who have broken them; women who have successfully balanced their professional and private lives and women who feel trapped by the combination of long hours at the office and full responsibility at home. She introduces us to women in new and alternative firms, on the faculties of small public law schools, in in-house legal departments, in prosecutors’ offices and courtrooms—women who are devising new rules and legal theories to bring about change. *Women Lawyers* is must reading for every woman in the midst of—or contemplating—a career in the law, and for the men who work with them.

[Maximize Profits by Investing in Your People](#) Univ of California Press

In *Raising Trump*, Ivana Trump reflects on her extraordinary life and the raising of her three children—Donald Jr., Eric, and Ivanka—and recounts the lessons she taught her children as they were growing up. As her former husband takes his place as the 45th President of the United States, his children have also been thrust into the media spotlight—but it is Ivana who raised them and proudly instilled in them what she believes to be the most important life lessons: loyalty, honesty, integrity, and drive. *Raising Trump* is a non-partisan, non-political book about motherhood, strength, and resilience. Though Ivana writes about her childhood in communist Czechoslovakia, her escape from the regime and relocation to New York, her whirlwind romance, and her great success as a businesswoman, the focus of the book is devoted to Ivana’s raising of her children. Donald Trump Jr., Eric Trump, and Ivanka Trump will all contribute their own memories to the book. “Every day, people ask me how I raised such great kids. They are truly amazed when I tell them that there was no magic to their upbringing. I was a tough and loving mother who taught them the value of a dollar, not to lie, cheat, or steal, respect for others, and other life lessons that I’ll share now in *Raising Trump*, along with unfiltered personal stories about Don, Eric, and Ivanka from their early childhood to becoming the ‘first sons and daughter.’” —Ivana Trump

[No Rules Rules](#) Simon and Schuster

There is a movement of women stepping into their God-given gifts to make money doing what they love. If you're ready to join them,

Knowing Your Value Threshold Editions

Has any president been more unjustly vilified than Donald Trump? Yes, he's brash. Yes, he has an ego. Yes, his ad-libbing sometimes gets him into trouble. But the fact is Donald Trump is the most effective conservative president in decades. That's why the media hate him. That's why they lie about him. And there's something else. When they lie about him, they're really lying about you, because to the media, anyone who supports Donald Trump is deplorable. But here, at last, is the counterpunch we've been waiting for. Columnist and bestselling author Kurt Schlichter provides a fact-filled—and frequently hilarious—takedown of some of the media's most pernicious lies about the president. In *The 21 Biggest Lies about Donald Trump (and you!)*, you'll learn: Why liberals cry "racism" at any argument they don't like—when the real racists of American history have all been the Democrats How Trump "the warmonger" has actually given America a more realistic—and safer—foreign policy than any of his immediate predecessors Why the media refuses to understand the difference between legal and illegal immigrants (here's a clue: Trump's mother was a legal immigrant—and so is his wife) Why Trump and his supporters are infinitely more intelligent than a media that have gotten every major story of the Trump presidency wrong Trump's great virtues (that too many Republicans lack): realism, courage, common sense, and an unapologetic determination to win conservative victories Tired of media and leftwing lies about Donald Trump? Then you'll love this book.

Becoming Grandma Weinstein Books

This by-the-bootstraps American success story is one for the ages! Dr. Solanges Vivens explains the 25 most important rules of life and business to the world in hopes to inspire the next generation of female entrepreneurs. From her humble beginnings as black girl in Haiti to a triumphant nursing home director and mother, Solanges has accumulated plenty of wisdom to share. Readers will be inspired by the spiritual fortitude and can-do attitude of a woman who refused to allow herself to be limited by other people's expectations of her and achieved a boundary-breaking level of success solely through the force of her own will. This is an American success story at its heart, one that will appeal to anyone who wants to make a difference in the world around them by rewriting the rules of who rises to the top and whose rags become riches.

Ambition Factor *Women Who Work* Rewriting the Rules for Success Fifty percent of the world's workforce is made up of women, yet the term *working women* is still used as if they're an anomaly. Thanks in part to the generations of women who came before and fought hard to earn a seat at the table, today's working women—among them, tens of millions of millennials—are able to do things differently. Disappearing are the days of face time for the sake of face time, 9-to-5 hours, and perfectly mapped career paths. Today's generation of women is the first to be able to unabashedly embrace the fact that our lives are multidimensional, writes Trump. We're deeply invested in our careers, but they don't solely define us. For us, it's about working smarter, not harder; integrating our personal passions and priorities with our professional goals in order to architect lives we love. For the CEO of her own company or a stay-at-home mom; an assistant in a large corporation or a part-time freelancer, this book celebrates the fact that, when it comes to women and work, there isn't one right answer. By redefining what it means to be a modern working woman, and offering solution-oriented advice, *Women Who Work* will establish a new ideal, changing the conversation around women and work to one that's more positive, accurate and inclusive. *Women Who Work* Rewriting the Rules for Success

This lively collection of essays showcases recent research into the impact of the conflict on British women during the First World War and since. Looking outside of the familiar representations of wartime women as nurses, munitionettes, and land girls, it introduces the reader to lesser-known aspects of women's war experience, including female composers' musical responses to the war, changes in the culture of women's mourning dress, and the complex relationships between war, motherhood, and politics. Written during the war's centenary, the chapters also consider the gendered nature of war memory in Britain, exploring the emotional legacies of the conflict today, and the place of women's wartime stories on the contemporary stage. The collection brings together work by emerging and established scholars contributing to the shared project of rewriting British women's history of the First World War. It is an essential text for anyone researching or studying this history. This book was originally published as a special issue of *Women's History Review*.

Leadership & Life Hacks Simon and Schuster

Career success guide for female engineers.

Passionate Minds Penguin

This volume of essays reconfigures the reception history of Milton

and his works by bringing to the fore women reading, writing, and rewriting Milton, bringing together in conversation a range of voices from diverse historical, cultural, religious, and social contexts across the globe and through the centuries. The book encompasses a rich range of different literary genres, artistic media, and academic disciplines and draws on the research of established Milton scholars and new Miltonists. Like the female authors and artists whom they explore, the contributors take up a variety of standpoints. As well as revisiting the work of established figures, the volume brings new female creative artists, new subjects, and new approaches to the study of Milton.

Women Lawyers Princeton University Press

Presents fresh research and powerful stories to give voice to a new generation of women driven by challenge and change Offers compelling advice on how to make wandering a life strategy, not just a series of unplanned events Includes probing questions and thought-provoking exercises to help readers find peace in life's chaos and confusion 2011 Axiom Award Gold Medal winner in the category of Women in Business There's a new generation of high-achieving women today—confident, ambitious, accomplished, driven. And yet, as master coach Marcia Reynolds discovered, many of them are also anxious, discontented, and frustrated. They're constantly questioning their purpose, juggling multiple roles, and reevaluating their goals. As a result they're restless—they move from job to job, from challenge to challenge, almost on impulse. They're wander women. Existing personal growth books, so focused on empowerment and encouragement, can't help these women. They don't need to find their voice—they know how to roar. They don't expect balance in their lives—but they long to find peace in the chaos. They aren't necessarily focused on gaining a seat in the boardroom—they want projects that mean something or businesses they run on their own. Reynolds helps wander women understand the roots of their restlessness and make their wandering a conscious strategy, not a reaction. Drawing on extensive research and interviews she illuminates the needs that drive their decisions and the core assumptions that lock them into rigid perfectionist patterns. She offers a wealth of exercises and practices that will enable wander women to reset their mental programming, discover new ways of finding direction, and thoughtfully choose and plan their futures, whether they climb the corporate ladder, find satisfaction below the glass ceiling, or set out on their own. For every woman plagued by frustration and self-doubt—"Will what I've done ever feel good enough?"—Wander Woman sets the stage to uncover the answers to life's tough questions about meaning and purpose, significance and value, and the legacy you can leave from a life lived well.

Women, Money, and Getting what You're Worth Oxford University Press

The crisis of the progressive movement is so evident that nothing less than a fundamental rethinking of its basic assumptions is required. Today's progressives now work for professional organizations more comfortable with the inside game in Washington DC (and capitols throughout the West), where they are outmatched and outspent by corporate interests. Labor unions now focus on the narrowest possible understanding of the interests of their members, and membership continues to decline in lockstep with the narrowing of their goals. Meanwhile, promising movements like Occupy Wall Street and Black Lives Matter lack sufficient power to accomplish meaningful change. Why do progressives in the United States keep losing on so many issues? In *No Shortcuts*, Jane McAlevey argues that progressives can win, but lack the organized power to enact significant change, to outlast their bosses in labor fights, and to hold elected leaders accountable. Drawing upon her experience as a scholar and longtime organizer in the student, environmental, and labor movements, McAlevey examines cases from labor unions and social movements to pinpoint the factors that helped them succeed - or fail - to accomplish their intended goals. McAlevey makes a compelling case that the great social movements of previous eras gained their power from mass organizing, a strategy today's progressives have mostly abandoned in favor of shallow mobilization or advocacy. She ultimately concludes that, in order to win, progressive movements need strong unions built from bottom-up organizing strategies that place the power for change in the hands of workers and ordinary people at the community level. Beyond the concrete examples in this book, McAlevey's arguments have direct implications for anyone involved in organizing for social change. Much more than cogent analysis, *No Shortcuts* explains exactly how progressives can go about rebuilding powerful movements at work, in our communities, and at the ballot box.

Rewriting the Rules for Success Penguin

A powerful collection of 36 stories about how the world's most successful women have overcome some of life's biggest challenges to reach the top of their professions. This is a book written for every current and aspiring leader, revealing the things that leaders rarely talk about; the behind the scenes struggles. The women in these stories are powerful, internationally diverse and have impressive leadership accomplishments. They were brought together through one unifying experience: they have all

completed the Harvard Business School Women on Boards program, a course that has turned into a movement. Today there are over 130 members of the WomenExecs on Boards network, from 17 countries. This is the network where organizations go to find educated, prepared, qualified and diverse women for corporate board seats. After reading this book you will be inspired to lead and make a difference for others whether it's running a company or leading a division, team, project, community event or your family and home. You will discover that you already have all you need to succeed when it gets hard, to never give up, and how to keep going through life's difficult and sometimes terrible challenges. These women want you to know that you are not alone, and that you can lean on the strength of those who have gone before you, keep leading and keep getting back up again and again.

Organizing for Power in the New Gilded Age Simon and Schuster

While part satire and part commentary on women's roles in the workplace, *White Women Who Work* is a full laugh-out-loud parody of upper echelon, ivory skinned women. Inside, you will find techniques on how to pose at the workplace, which song to pick for the swimsuit portion of your interview and even how to pick the perfect psychiatrist for your infant. Filled with quizzes, this guidebook is a roadmap for all women of no color on their journey to fulfilling their white dreams.

Mistakes I Made at Work Ten Speed Press

NEW YORK TIMES BESTSELLER! Ivanka is donating the unpaid portion of her advance and all future royalties received from *Women Who Work* to the Ivanka M. Trump Charitable Fund, a donor advised fund that will make grants to organizations that empower and educate women and girls. * "This is a chatty step-by-step guide to living a happy life and getting ahead in a career." —USA Today "The advice is spot-on for everyone, not just women." —Tony Hsieh, CEO of Zappos.com and author of *Delivering Happiness* I believe that when it comes to women and work, there isn't one right answer. The only person who can create a life you'll love is you. Our grandmothers fought for the right to work. Our mothers fought for the choice to be in an office or to stay at home. Our generation is the first to fully embrace and celebrate the fact that our lives are multidimensional. Thanks to the women who came before us and paved the way, we can create the lives we want to lead—which look different for each of us. I've been fortunate to be able to build my career around my passions, from real estate to fashion. But my professional titles only begin to describe who I am and what I value. I have been an executive and an entrepreneur, but also—and just as importantly—a wife, mother, daughter, and friend. To me, "work" encompasses my efforts to succeed in all of these areas. After appearing on *The Apprentice* years ago and receiving a flood of letters from young women asking for guidance, I realized the need for more female leaders to speak out publicly in order to change the way society thinks and talks about "women who work." So I created a forum to do just that. This book evolves the conversation that started on *IvankaTrump.com*, where so many incredible women (and men!) have shared their experiences, advice, ambitions, and passions. Women who work lead meetings and train for marathons. We learn how to cook and how to code. We inspire our employees and our children. We innovate at our current jobs and start new businesses. *Women Who Work* will equip you with the best skills I've learned from some of the amazing people I've met, on subjects such as identifying opportunities, shifting careers smoothly, negotiating, leading teams, starting companies, managing work and family, and helping change the system to make it better for women—now and in the future. I hope it will inspire you to redefine success and architect a life that honors your individual passions and priorities, in a way only you can. * The Ivanka M. Trump Charitable Fund (the "Fund") is a donor advised fund that supports the economic empowerment of women and girls. Ivanka Trump is the grant advisor to the Fund and sole member of *IT WWW Pub, LLC* (the "LLC"), which receives royalties from the publication of *Women Who Work*. The LLC will contribute a minimum \$425,000 to the Fund, which is the unpaid portion of the advance, net of expenses. In addition, the LLC will contribute all future royalties it receives that are in excess of the advance to the Fund during the period from May 1, 2017 to May 1, 2022.

No Shortcuts W. W. Norton & Company

LIFE IS COMPLICATED. CAN YOU HACK IT? We all lead busy lives with conflicting responsibilities. How can we succeed at work and at home? Alyssa Rapp knows better than anyone that sometimes we need shortcuts, work-arounds, and work-throughs to navigate the different spheres of everyday life. In other words: hacks. *Leadership & Life Hacks* is the perfect guidebook for anyone hungry to be more efficient and effective. Alyssa takes you into the boardroom and into her own home, providing invaluable strategies for everything from leading a meeting with key stakeholders and managing a household, to answering emails and taking colleagues to rock concerts. It's *The 4-Hour Workweek* meets *Emily Post*. Whether you're a CEO, entrepreneur, businessperson, athlete, teacher, spouse, stay-at-home parent, community leader—even if you're still figuring out who you want to be—you'll walk away from this book feeling confident and empowered, ready to hack your life.
