Draculastarts out with several entries in Jonathan Harker's journal, which comprise the first four chapters. These entries set the structure for the rest of the novel, which is also told mainly through journal entries and letters. This first section introduces Harker, who is a recently promoted English solicitor (a type of attorney). Harker travels eastward across Europe from London to Transylvania, where he is going to meet Count Dracula and explain to the count the particulars of his London real estate purchase. As he travels across the country to the castle, he notices the reaction of various area residents who are frightened by Dracula's name. At Harker's last checkpoint, a coach from Dracula's castle arrives for him. Harker notes the strength of the driver.

Beyond Dracula represents an important critical departure from the customary psychoanalytical approach to the writings of Bram Stoker. Reading Stoker as a participant in Victorian and Edwardian cultural life, the volume examines the breadth of Stoker's novel-length fiction, as well as his journalism, biographical writings and short fiction. In its considerations of questions of religion, censorship, gender and medicine, the volume will interest not merely readers of the Gothic but those involved in the study of Victorian and Edwardian culture.

Bram Stoker's initial notes and outlines for his landmark horror novel Dracula were auctioned at Sotheby's in London in 1913 and eventually made their way to the Rosenbach Museum and Library in Philadelphia, where they are housed today. Until now, few of the 124 pages have been transcribed or analyzed. This painstaking work reproduces the handwritten notes both in facsimile and in annotated transcription. It also includes Stoker's typewritten research notes and thoroughly analyzes all of the materials, which range from Stoker's thoughts on the novel's characters and settings to a nine-page calendar of events that includes most of the now-familiar story. Ample annotations guide readers through the construction of the novel and the changes that were made to its structure, plot, setting and characters. Nine appendices provide insight into Stoker's personal life, his other works and his early literary influences.

Despite the comfort of the accommodation, Huck found that Earl Dracula was a pale, thin, and thin person, very strange. When Harker accidentally cut the shaving, Harker stayed on Harker's throat due to "demonic anger." Harker felt ashamed. Harker soon found himself imprisoned in the castle and beaten by three charming female vampires. He could barely escape. Huck also discovered the earl's secret-that the earl survived by drinking human blood-and now he plans to kill Huck. The earl escaped Jonathan's attempt to murder him, and he quickly left the castle for England with fifty boxes of earth. The last Jonathan Harker we heard was weak and very sick. He lives alone, with no obvious way to escape the castle.One evening, when the two women were out for a walk, they witnessed a strange ship approaching. When the boat wrecked on the beach, the only surviving animal was a big dog.

3 May. Bistritz.-Left Munich at 8:35 P. M., on 1st May, arriving at Vienna early next morning;should have arrived at 6:46, but train was an hour late. Buda-Pesth seems a wonderful place, fromthe glimpse which I got of it from the train and the little I could walk through the streets. I feared togo very far from the station, as we had arrived late and would start as near the correct time aspossible. The impression I had was that we were leaving the West and entering the East; the mostwestern of splendid bridges over the Danube, which is here of noble width and depth, took usamong the traditions of Turkish rule.We left in pretty good time, and came after nightfall to Klausenburgh. Here I stopped for thenight at the Hotel Royale. I had for dinner, or rather supper, a chicken done up some way with redpepper, which was very good but thirsty. (Mem., get recipe for Mina.) I asked the waiter, and he saidit was called "paprika hendl," and that, as it was a national dish, I should be able to get it anywherealong the Carpathians. I found my smattering of German very useful here; indeed, I don't know howI should be able to get on without it.Having had some time at my disposal when in London, I had visited the British Museum, and
