2020 Edition Our  
DANTES study guides  
are different! The  
Business Ethics and  
Society DANTES/DSST  
study guide TEACHES  
you what you need to

know to pass the DSST test. This study guide is more than just pages of sample test questions. Our easy to understand study guide will TEACH you the information. We've condensed what you need to know into a manageable book - one that will leave you completely prepared to tackle the test. This study guide includes sample test questions that will test your knowledge AND teach you new material. Your Business Ethics and Society study guide also includes flashcards that are bound into the back of the book. Use these to memorize key concepts and terms. Anyone can take and pass a DANTEs test. What are you waiting for?

\*\*\*Testimonials\*\*\*

would like to thank you for your study guides. I will be graduating in December with two bachelor degrees and CLEP helped me get there quickly. I gained 36 credits through CLEP and your study guides helped me through almost all of them. I can honestly say that I would not have passed many of the tests without your guides. Great products. Thanks!! -Erin W.\*\*\*  
I want to thank you for your study guides! I've taken and passed six CLEP/DANTEs tests with the help of your study guides for 18 hours. Thanks so much! -Lynda T.\*\*\*  
I have bought seven (DANTEs) study guides from you guys and I have passed all the seven tests. I really appreciate it. Now, I will start my journey

with the CLEPs. You have saved me approximately \$7,000. Thanks again. -Cesibel H.\*\*\*\*I have been a dedicated customer and have bought numerous study guides. In all, I have bought about 12 of your study guides and have passed every test. Kudos! -Oveta F. \*\*\*\*

### **Business Ethics for Better Behavior**

South Western Educational Publishing  
The field of business ethics continues to expand intellectually and geographically. During the past five decades, scholars have developed and deepened their inquiries into the ethics of commercial and corporate conduct. This Companion provides a novel overview of the discipline of business

ethics, covering the major areas of the field as well as new and emerging topics. The eight thematic units range over an extraordinary set of subjects and include chapters on the history and pedagogy of business ethics, moral philosophy, the nature of business, responsibilities within the firm, economic institutions, the 2008 financial crisis, globalization, and business ethics in different regions of the world. Led by a well-respected editorial team, this unique volume gathers an international array of experts whose various critical approaches yield insights from areas such as public policy, economics, law, and history, in addition to business and

philosophy. With its fresh analyses, wide scope, and clarity of approach, this volume will be an essential addition to library collections in business, management, and applied ethics.

*Wake-up Calls*

Routledge

Current Issues in Business Ethics analyzes the questions which underlie business activities, arguing that the prime object for a legitimate business must be sustainability. It also looks at the issues between individuals and business and asks whether businesses can support their employees as an alternative to family and church. Finally it assesses the impact of most recent trends in business looking at: \* the activities of

multinational companies \* the changing gender balance \* privatization \* the loss of power of the trade unions.

Offering more theory than other texts,

ETHICS IN THE

WORKPLACE offers

readings and more

depth of coverage on

topics central to

studies. Students learn

why ethics and

philosophy are relative

to business through

discussion of the

theories as well as

readings. Cases are

drawn from recent

journal articles to pique

students' interest in

whether what happens

legally should have

happened morally.

Study questions at the

end of each section

and reading test a student's knowledge of the issue and probe deeper into the ethical issues that will face them in the business world.

### Business Ethics

Springer

There are two ways in which a Business Ethics Study Guide can help. The first is in preparing for an exam. The second is in answering questions and resolving dilemmas when you are out working. A Business Ethics Study is not an all-inclusive guide to business ethics, but it encapsulates the highlights of ethical practice that are commonly studied. It can serve as a resource for exam preparation, allowing you to focus on the context and framework

of ethics covered during your study. It can also act as a resource to guide later decisions in your career by being a quick reference to ethical practices.

*People in Corporations*  
Routledge

In his ground-breaking new textbook, Mick Fryer offers students of Business Ethics clear explanations of a range of theoretical perspectives, along with examples of how these perspectives might be used to illuminate the ethical challenges presented by business practice. The book includes: Realistic scenarios which gently introduce a theory and demonstrate how it can be applied to a real-life ethical dilemma that everyone can relate to, such as

borrowing money from a friend Real organisational case studies in each chapter which illustrate how each theory can be applied to real business situations. Cases include Nike, Coca Cola, BMW, Shell, Starbucks and GSK 'Pause for Reflection' boxes and 'Discussion Questions' which encourage you to challenge the established notions of right and wrong, and empower you to develop your own moral code Video Activities in each chapter with accompanying QR codes which link to documentaries, films, debates and news items to get you thinking about real-life ethical dilemmas Visit the book's companion website for self-test

questions, additional web links and more at: [study.sagepub.com/fryer](http://study.sagepub.com/fryer)

### **Business Ethics in Progress? SAGE**

A clear and concise roadmap for ethical business behavior using commonsense moral principles Business Ethics for Better Behavior concisely answers the three most pressing ethical questions business professionals face: What makes business practices right or wrong?; Why do normal, decent businesspeople of good will sometimes do the wrong thing?; and How can we use the answer to these questions to get ourselves, our coworkers, our bosses, and our employees to behave better? Bad behavior in business rarely results from bad

will. Most people mean well much of the time. But most of us are vulnerable. We all fall into moral traps, usually without even noticing. Business Ethics for Better Behavior teaches business professionals, students, and other readers how to become aware of those traps, how to avoid them, and how to dig their way out if they fall in. It integrates the best work in psychology, economics, management theory, and normative philosophy into a simple action plan for ensuring the best ethical performance at all levels of business practice. This is a book anyone in business, from an entry-level employee to CEO, can use.

Fundamentals of  
Ethics, Corporate  
Governance &  
Business Law** Speedy  
Publishing LLC  
"Designed for undergraduate, graduate, and executive business ethics courses, Honest Work: A Business Ethics Reader demonstrates that business ethics is primarily about the ethics of individuals. With a unique focus on the personal dimension of ethics, it challenges students to consider the relationship between the ways in which people do business and the kind of lives they want to live. It features 105 brief articles and 70 real-life case studies and poses study questions at the end of each reading and

chapter. In addition, a chapter on leadership explores the relationship between leadership and ethical behavior in business"--

Robert C. Solomon takes a hard look at the treacherous terrain of ethical decision-making in a highly competitive environment.

Business Ethics (Speedy Study Guide)

CIMA Publishing

A foundational text for the modern business student and an essential instructor resource, this book presents a thorough and comprehensive introduction to business ethics. Taking a strategic stakeholder

approach—one that emphasizes how important it is to balance multiple stakeholders' needs—students will develop the critical skills they need to analyze and solve complex ethical issues, while ensuring overall business success. The second edition retains Business Ethics' strong balance of theory and practice, but incorporates several new features, including: Fresh cases ensuring students are exposed to the most topical real-world examples A global view, with examples from international and emerging markets, and coverage of ethical standards from around the world An expanded chapter on individual ethical decision-making, as well as a

new chapter devoted to ethical theory A renewed emphasis on the popular boxed features with more integration of newer case studies, and the addition of "Emerging Market Business Ethics Insights" The latest data on business ethics and ethics related issues from a variety of reputable sources A comprehensive set of lecture slides, test questions, and instructor notes provide additional material for the classroom.

### Business Ethics

Routledge

The tools you need to deal with ethical dilemmas in business In today's world, it's increasingly important for all businesses and government agencies to implement ethical conduct in the

workplace. Therefore, business ethics has become required coursework for most students in undergraduate and postgraduate business programs. Mapping to a business ethics course, Business Ethics For Dummies examines ethical theory and discusses the moral issues facing corporate America. It covers topics such as conflicts of interest, trade secrets and insider trading, product safety and product liability, hiring, drug testing, sexual harassment, diversity, and much more. The basics of ethics and making ethical decisions How-tos on incorporating business ethics in the workplace A discussion of moral issues facing corporate America Packed with easy-to-

understand explanations and examples, *Business Ethics For Dummies* is a helpful resource for students, professors, business owners, managers, and CEOs who seek a clear understanding of the importance of ethics. *Current Issues in Business Ethics* Cambridge University Press

There are two ways in which a Business Ethics Study Guide can help. The first is in preparing for an exam. The second is in answering questions and resolving dilemmas when you are out working. A Business Ethics Study is not an all-inclusive guide to business ethics, but it encapsulates the highlights of ethical practice that are

It's Good Business

Springer Science & Business Media

This "Business Law and Ethics Exam Review" is an exam review book as it provides a succinct review of fundamental principles of business law, business ethics, and tax law subject matters in the form of a comprehensive and extensive test bank of over 2000 questions. The book is designed for college level

business law, ethics and tax law courses. The book encompasses not only the traditional business law subjects, such as contracts, torts, and business organizations, but also government regulation of business subject matters, such as securities law and anti-trust. The book covers important accounting subject matters, such as the liability of accountants and basic tax law. The field of business ethics is treated first as a branch of philosophy and then in the sense of applied business ethics. The questions used for testing purposes are in the form of True and False and Multiple Choice (MC) types of questions. After each question, the correct answer is furnished

along with relevant explanations. This book is designed for college students; however, students taking law school exams and Bar exams as well as accounting students taking business law and tax law classes at the undergraduate and graduate levels and ultimately the CPA exam will find the book especially useful.

**Business Ethics in Practice** Oxford

University Press, USA

The eighth edition of *Managing Business Ethics* shows students how the study of ethics is relevant to real-life business decisions. This highly-regarded text empowers students with the knowledge required to identify, understand, and solve ethical dilemmas while promoting ethical

behavior in themselves, in their friends and colleagues, and in their organizations. Authors Linda Trevino and Katherine Nelson offer a pragmatic approach to prepare students for professional roles as managers, compliance officers, human resources managers, senior executives, and others. Focusing on the types of problems that students will most likely encounter in their careers, this new edition includes carefully revised content that incorporates the latest research on ethics and organizational behavior. The authors integrate theory and practice to provide a balanced presentation of both classic and recent business ethics cases, examples, and

approaches. Accessible and engaging chapters discuss ethics and the individual, managing ethics in an organization, the relation between organizational ethics and social responsibility, and more. Throughout the text, a diverse range of examples and case studies bring key concepts to life, while practical activities enable students to apply the concepts in their own lives and careers.

Business Ethics

Prentice Hall

Business Ethics

provides a thorough review and analysis of business ethics issues using several learning tools: Strategic Stakeholder Management as the Theme: All chapters use a strategic

stakeholder approach as a unifying theme. The text is thus the first text that adopts this approach. Most business ethics scholars and practitioners agree that successful ethical companies are the ones that can strategically balance the needs of their various stakeholders. By adopting this approach, students will be able to see how the various aspects of business ethics are connected. Theory-based and Application-based: All chapters have important applicable theories integrated with discussion of how such theories apply in practice. Unlike other texts that are either too theoretical or too practical, this text provides the

appropriate blend of theory and practice to provide deeper insights into the concepts covered in the chapter. Global Perspective: Unless most other texts, this text provides a global perspective on business ethics. Most chapters include material pertaining to ethics in global contexts. Included are cases about companies in a wide range of countries including Japan, U.K., China and India among many others. Cases: The text contains over 30 real world global cases. Each chapter ends with a short two page case as well as a longer case that varies in length. Each has discussions questions at the end. Finally each of the four parts ends with a Comprehensive

Case; proven teaching cases from The Ivey School and other sources.  
*Business Law and Ethics Exam Review*  
Routledge  
Georges Enderle  
Before presenting some introductory remarks on the topic of this volume I should like to outline briefly the context from which this selection of articles originates. (It seems to me necessary to emphasise these circumstances in order to make clearer the contours of what is said and what is not said and to understand it better. ) This context involves, firstly, a general evaluation of the state of the business ethics debate today and, secondly, considerations of the question of what attitude and strategy

should be chosen in order to promote business ethics most effectively. On the present state of affairs of the business ethics debate Today, it is extremely difficult, if not impossible, to gain even a rough overview of the business ethics debate in the different countries of Europe and North America. Many activities take place in informal circles and on a local and regional level; linguistic and other barriers impede the spread of information about them and, often, they are not even labelled "business ethics". At the same time, so many other things sail under the flag of "business ethics" that one sometimes wonders if it should not be replaced by another

flag, for instance new methods of public-relations or better motivation of company's employees. Yet, in spite of these difficulties in defining business ethics activities, one statement at least can be made with certainty.

Ethics and the Conduct of Business Excelsior / Regents College Ex Business Ethics in Practice is essential reading for all undergraduate, postgraduate and MBA students looking to ensure they act responsibly and make the right decisions when faced with ethical dilemmas. Covering the impact of character and culture on managing ethics, leadership, governance and social responsibility, this

book goes beyond ethical theory to show ethical considerations and challenges in practice. With examples from both small businesses and large multinational corporates such as Google, BP and Nestle, Business Ethics in Practice shows how ethics must be considered by everyone in every sector, in a business of any size. With coverage of ethics in relation to staff, consumers, the supply chain, competitors and the environment, this book will ensure that students can think ethically and make effective ethical decisions. Supported by online resources including powerpoint slides and a guide for lecturers as well as practical tips for

students, this book will help anyone studying business ethics in both their professional and personal development. Advanced Introduction to Business Ethics Springer Science & Business Media  
This concise and engaging Advanced Introduction provides the conceptual tools necessary to make ethical decisions in today's business world. John Hooker provides an objective and closely-reasoned analysis of ethical issues based on a unified conceptual framework that distils the best of ethical thought into three clearly articulated principles: the generalization, utilitarian, and autonomy principles. *Business Ethics* Routledge
