we all have the ability to pay attention to what we've lost, or to pay attention to what we still have."—Oprah "Dr. Eger's life reveals our capacity to transcend even the greatest of horrors and to use that suffering for the benefit of others. She has found true freedom and forgiveness and shows us how we can as well." —Desmond Tutu, Nobel Peace Prize Laureate "Dr. Edith Eva Eger is my kind of hero. She

survived unspeakable horrors and brutality; but rather than let her painful past destroy her, she chose to transform it into a powerful gift—one she uses to help others heal." —Jeannette Walls, New York Times bestselling author of *The Glass Castle* Winner of the National Jewish Book Award and Christopher Award At the age of sixteen, Edith Eger was sent to Auschwitz. Hours after her parents

were killed, Nazi officer Dr. Josef Mengele, forced Edie to dance for his amusement and her survival. Edie was pulled from a pile of corpses when the American troops liberated the camps in 1945. Edie spent decades struggling with flashbacks and survivor's guilt, determined to stay silent and hide from the past. Thirty-five years after the war ended, she returned to Auschwitz and

was finally able to fully heal and forgive the one person she'd been unable to forgive—herself. Edie weaves her remarkable personal journey with the moving stories of those she has helped heal. She explores how we can be imprisoned in our own minds and shows us how to find the key to freedom. *The Choice* is a life-changing book that will provide hope and comfort to generations of readers.

She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United

Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. I AM MALALA is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave

parents who have a fierce love for their daughter in a society that prizes sons. I AM MALALA will make you believe in the power of one person's voice to inspire change in the world.

First published in 1976, Paul Johnson's exceptional study of Christianity has been loved and

widely hailed for its intensive research, writing, and magnitude—"a tour de force, one of the most ambitious surveys of the history of Christianity ever attempted and perhaps the most radical" (New York Review of Books). In a highly readable companion to books on faith and history, the scholar and author Johnson has illuminated the Christian world and its fascinating

history in a way that no other has. Johnson takes off in the year AD 49 with his namesake the apostle Paul. Thus beginning an ambitious quest to paint the centuries since the founding of a little-known 'Jesus Sect', A History of Christianity explores to a great degree the evolution of the Western world. With an unbiased and overall optimistic tone, Johnson traces the fantastic scope of the consequent

sects of Christianity and the people who followed them. Information drawn from extensive and varied sources from around the world makes this history as credible as it is reliable. Invaluable understanding of the framework of modern Christianity—and its trials and tribulations throughout history—has never before been contained in such a captivating

work.

The International status of education about the Holocaust

David Fickling Books
Now a global bestseller, the remarkable life of Rigoberta Menchú, a Guatemalan peasant woman, reflects on the

experiences common to many Indian communities in Latin America. Menchú suffered gross injustice and hardship in her early life: her brother, father and mother were murdered by the Guatemalan military. She learned Spanish and turned to catechistic work as an expression of political revolt as well as religious commitment. Menchú vividly conveys the traditional

beliefs of her community and her personal response to feminist and socialist ideas. Above all, these pages are illuminated by the enduring courage and passionate sense of justice of an extraordinary woman.

How do schools worldwide treat the Holocaust as a subject? Are representations of the Holocaust always accurate,

balanced and unprejudiced in curricula and textbooks? This study compares representation of the Holocaust in school textbooks and national curricula. It highlights evolving practices worldwide and formulates recommendations that will help policy-makers provide the educational means by which pupils may develop Holocaust literacy. *The Choice* HarperCollins

recycle" urge environmentalists; in other words, do more with less in order to minimize damage. But as this provocative, visionary book argues, this approach perpetuates a one-way, "cradle to grave" manufacturing model that dates to the Industrial Revolution and casts off as much as 90 percent of the materials it uses as waste, much of it toxic. Why not challenge the notion that human

industry must inevitably damage the natural world? In fact, why not take nature itself as our model? A tree produces thousands of blossoms in order to create another tree, yet we do not consider its abundance wasteful but safe, beautiful, and highly effective; hence, "waste equals food" is the first principle the book sets forth. Products might be designed so that, after

their useful life, they provide nourishment for something new—either as "biological nutrients" that safely re-enter the environment or as "technical nutrients" that circulate within closed-loop industrial cycles, without being "downcycled" into low-grade uses (as most "recyclables" now are). Elaborating their principles from experience (re)designing everything from carpeting

to corporate campuses, William McDonough and Michael Braungart make an exciting and viable case for change.

Science as a Candle in the Dark Simon

and Schuster
A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace "A glorious book . . . A spirited defense of science . . . From the first

page to the last, this book is a manifesto for clear thought."—Los Angeles Times How can we make intelligent decisions about our increasingly technology-driven lives if we don't understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific

thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien

abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for The Demon- Haunted World “Powerful . . . A stirring defense of informed	rationality. . . Rich in surprising information and beautiful writing.”—The Washington Post Book World “Compelling.” —USA Today “A clear vision of what good science means and why it makes a difference. . . . ---	--	---

Reviews For more than three decades, Svetlana Alexievich has been the memory and conscience of the twentieth century. When the Swedish Academy awarded her the Nobel Prize, it cited her invention of “a new kind of literary genre,” describing her work as “a history of emotions . . . a history of the soul.” In *The Unwomanly Face of War*, Alexievich chronicles the experiences of

the Soviet women who fought on the front lines, on the home front, and in the occupied territories. These women—more than a million in total—were nurses and doctors, pilots, tank drivers, machine-gunners, and snipers. They battled alongside men, and yet, after the victory, their efforts and sacrifices were forgotten. Alexievich traveled thousands of miles and visited more

than a hundred towns to record these women’s stories. Together, this symphony of voices reveals a different aspect of the war—the everyday details of life in combat left out of the official histories. Translated by the renowned Richard Pevear and Larissa Volokhonsky, *The Unwomanly Face of War* is a powerful and poignant account of the central conflict of the

twentieth century, a kaleidoscopic portrait of the human side of war. THE WINNER OF THE NOBEL PRIZE IN LITERATURE “for her polyphonic writings, a monument to suffering and courage in our time.” “A landmark.”—Timothy Snyder, author of *On Tyranny: Twenty Lessons from the Twentieth Century* “An astonishing book, harrowing and life-affirming . . . It deserves the widest

possible readership.”—Paula Hawkins, author of *The Girl on the Train* “Alexievich has gained probably the world’s deepest, most eloquent understanding of the post-Soviet condition. . . . [She] has consistently chronicled that which has been intentionally forgotten.”—Masha Gessen, National Book Award-winning author of *The Future Is History* Learning to Pray Like a

Powerful Prayer Warrior Farrar, Straus and Giroux A passionate tale of love, freedom, and conquest from the New York Times bestselling author of *The House of the Spirits*, Isabel Allende. Born into a poor family in Spain, Inés Suárez, finds herself condemned to a life of poverty without opportunity as a lowly seamstress. But it’s the sixteenth century, the beginning of the Spanish

conquest of the Americas. Struck by the same restless hope and opportunism, Inés uses her shiftless husband's disappearance to Peru as an excuse to embark on her own adventure. After learning of her husband's death in battle, she meets the fiery war hero, Pedro de Valdivia and begins a love that not only changes her life but the course of history. Based on the real historical

events that founded Chile, Allende takes us on a whirlwind adventure of love and loss seen through the eyes of a daring, complicated woman who fought for freedom. *Volunteers in the Desert* Simon and Schuster Guy Delisle expertly lays the groundwork for a cultural road map of contemporary Jerusalem, utilizing the classic stranger-in-a-strange-land point of view that made his

other books, Pyongyang, Shenzhen, and Burma Chronicles, required reading for understanding what daily life is like in cities few are able to travel to. In Jerusalem: Chronicles from the Holy City, Delisle explores the complexities of a city that represents so much to so many. He eloquently examines the impact of the conflict on the lives of people on both sides of the wall while drolly recounting the quotidian:

checkpoints, traffic jams, and holidays. When observing the Christian, Jewish, and Muslim populations that call Jerusalem home, Delisle's drawn line is both sensitive and fair, assuming nothing and drawing everything. Jerusalem showcases once more Delisle's mastery of the travelogue. *The Story of a Murderer* Verso Books A commemorative edition of

the classic work offers previously published and new comics, the Oscar-nominated screenplay, artist sketches, promotional memorabilia, cover art, and notes. **Phantom of the Opera** UNESCO Publishing The first translation of Julio Cortázar's genre-jumping meta-comic/novella, featuring Cortázar himself, Susan Sontag, and Octavio Paz in a race to prevent

international bibliocide. Octavio Paz: "If you love art, do something, Fantomas!" Fantomas: "I will, you can depend on it." First published in Spanish in 1975 and previously untranslated, Fantomas versus the Multinational Vampires is Julio Cortázar's genre-jumping mash-up of his participation in the Second Russell Tribunal on human rights abuses in Latin America and his cameo appearance in

issue number 201 of the Mexican comic book series *Fantomas: The Elegant Menace*. With his characteristic narrative inventiveness, Cortázar offers a quixotic meta-comic/novella that challenges not only the form of the novel but its political weight in contemporary cultural life. Needing something to read on the train from Brussels (where he had attended the ineffectual tribunal meeting), our hero (Julio Cortázar) picks up the latest issue of the *Fantomas* comic. He grows increasingly absorbed by the comic book's tale of bibliocide (a sinister bibliophobic plot to obliterate every book from the archives of humanity), especially when he sees the character *Fantomas* embark upon a series of telephone conversations with literary figures, starting with “The Great Argentine Writer” himself, Julio Cortázar (and also including Octavio Paz and a tough-talking Susan Sontag). Soon, Cortázar begins to erase the thin line between real-life atrocities and fictional mayhem in an attempt to bring attention to the human rights violations taking place with impunity in the country from which he was exiled. *Perfume* Jewish Publication

When Lidenbrock heard the news, he immediately started preparations to start the journey,

though Axel was skeptical. When Lidenbrock's will proves to be more powerful than his nephew's doubt, the two decide to make the journey, recruiting an Icelandic tour guide named Hans on the way. As the three men make their way to inactive volcanic tubes, they embark on a high-stake adventure, facing dangers of cave-ins, subpolar tornados, an underground ocean and
