Talking about money
sucks; but so does
being broke. Do your
eyes glaze over just
thinking about the
mumbo-jumbo of
finance? Do you break
out into hives at the
thought of money?
Well, sister, you are
not alone. In RICH
BITCH, money expert
and financial journalist
Nicole Lapin lays out a

12-Step Plan in which
she shares her
experiences, mistakes
and all, of getting her
own finances in order.
No lecturing, just help
from a friend. And even
though money is
typically an off-limits
conversation, nothing
is off-limits here. Lapin
rethinks every piece of
financial wisdom
you've ever heard and
puts her own fresh,
modern, sassy spin on
it. Sure, there are
some hard-and-fast
rules about finance,
but when it comes to
your money, the only
person who can spend
it is you. Should you
invest in a 401(k)?
Maybe not. Should you
splurge on that
morning latte? Likely
yes. Instead of nickel-
and-diming yourself,

Nicole's advice focuses on investing in yourself so you don't have to stress over the little things. But in order to do that, you have to be able to speak the language of money. After all, money is a language like anything else, and the sooner you can join the conversation, the sooner you can live the life you want, RICH BITCH rehabs whatever bad habits you might have and provides a plan you can not only sustain, but thrive with. It's time to go after the rich life you deserve, and confident enough to call yourself a RICH BITCH.

Investment
professional Larry E. Swedroe describes the crucial difference

between "active" and "passive" mutual funds, and tells you how you can win the investment game through long-term investments in such indexes as the S&P 500 instead of through the active buying and selling of stocks. A revised and updated edition of an investment classic, *The Only Guide to a Winning Investment Strategy You'll Ever Need* remains clear, understandable, and effective. This edition contains a new chapter comparing index funds, ETFs, and passive asset class funds, an expanded section on portfolio care and maintenance, the addition of Swedroe's 15 Rules of Prudent Investing, and much more. In clear language, Swedroe

shows how the newer index mutual funds out-earn, out-perform, and out-compound the older funds, and how to select a balance "passive" portfolio for the long haul that will repay you many times over. This indispensable book also provides you with valuable information about: - The efficiency of markets today - The five factors that determine expected returns of a balanced equity and fixed income portfolio - Important facts about volatility, return, and risk - Six steps to building a diversified portfolio using Modern Portfolio Theory - Implementing the winning strategy - and more.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader. Budgeting Basics and Beyond John Wiley & Sons

It is difficult to think of a business process that is as widely unpopular, dysfunctional and discredited as traditional budgeting - yet over a decade after the creation of the Beyond Budgeting movement, many business people are unaware of its existence. And many of those that have heard of it find the Beyond Budgeting ideas difficult to grasp because they have been conditioned by experience to think in a very narrow way about the process of management. This book fills in these gaps in awareness and

understanding by answering the question 'what is Beyond Budgeting?' in a clear and succinct way to help you make informed choices about the way that you run your business, as an alternative to blindly copying your predecessors. Amongst the things you will discover are: How the financial operating model used to organise and run the affairs of an enterprise impacts many aspects of corporate life, not just the level of business performance The universal law of complexity that explains why traditional budgeting will always fail to deliver what it promises: predictable performance. How the Beyond Budgeting process model is better

equipped to deal with the complexity of modern organisational life and the uncertainty of the world Why and how an organisation has to be designed to complement the processes used to plan and control its activities. How to bring about change The goal is to help build healthier, more adaptive organisations, better able to meet the challenges and exploit the opportunities thrown up by the modern world.

Experience a life free of financial stress and transform your relationship to money with this indispensable guide—the first book based on You Need A Budget's proven method that has

helped hundreds of thousands of people break the paycheck to paycheck cycle, get out of debt, and live the life they want to live. No one should tell you what to do with your money—only you know what’s most important to you. Always guiding you back to your true priorities, Jesse Mecham will fundamentally change the way you think about your money and what it can do for you. His proven method—four, simple rules—will transform money management from a paralyzing burden to a powerful tool, putting you in total control of your life: Give Every Dollar A Job. Be intentional about what you want your money to do before you spend it.

Embrace Your True Expenses. Break up larger, less frequent expenses into smaller, more manageable amounts. By saving monthly for insurance premiums, holidays, or car repairs, when the time comes, your money is ready and waiting to do its job. Roll With The Punches. When life changes, so must your budget. Make adjustments and move along. Flexible budgets succeed because they’re guilt-free, realistic, and sustainable. Age Your Money. As you repeat the first three rules, you’ll increase the time between the moment you earn a dollar and the moment you need to spend it. When your money is at least a month old, you’ll have finally broken the paycheck to paycheck

cycle for good. This tried-and-true system has changed the lives of hundreds of thousands of people by teaching them how to take charge, adjust money habits, eliminate stress, and build the life they want to live. Don't waste another month counting down the minutes until payday....

Rich Bitch John Wiley & Sons

Get your finances in order with smart budgeting and money mindfulness You Only

Live Once is the guide to achieving your best life through smart money moves. Before you even begin making a budget, you need to think about why.

Where do you see yourself financially in ten years? Five years? This time next year? What does money do for you? Once you know your destination, you can begin charting your course. Step-by-step guidance walks you through the budgeting process, and shows you how to plan your financial path to point toward your goals. You'll learn how to prioritize spending, how to save efficiently, and how to take advantage of simple tools you didn't know you had. Next comes the most important part: taking control. You need to really look

at how you perceive and use money day-to-day. Chances are, changing a few habits could give you some breathing room and help you reach your goals sooner. You work hard for your money, yet there never seems to be enough. You don't need to live like a pauper, but you need to be truly aware of just where your money is going, and why. Financial awareness is the key to a financially secure future, and this book unpacks it all to help you get where you want to go. Accept past decisions and articulate your financial goals. Align your lifestyle with your budget. Explore your relationship with money. Re-evaluate financial habits and behaviors. You know you need a budget, but

you never seem to get around to doing it. Or maybe you did, but you can never seem to stick to it. Smart planning is a major factor in financial security, and it involves just as much introspection as math. *You Only Live Once* is more than a budgeting guide—it's a guide to revamping your financial behaviors to achieve the life you want.

people today are stuck in, but this doesn't have to be you. So... Scroll up to the top and hit that BUY BUTTON to kick debt to the curb, save for the future, and pursue your financial *My Money My Way* Red Wheel/Weiser Does fear and insecurity keep you from looking at your bank account? Is your financial anxiety holding you captive? You don't have to stress about money anymore. YOU can take back control. As a newly divorced single mom making \$24,000 per year and facing down \$77,000 in debt, Kumiko Love worried constantly about money. She saw what other moms had—vacations, birthday parties, a house full of furniture—and felt

ashamed that she and her son lived in a small apartment and ate dinner on the floor. Worse, when her feelings began to exhaust her, she binge-shopped, reasoning that she'd feel better after a trip to the mall. On the day she needed to pay for a McDonald's ice cream cone without her credit card, she had an epiphany: Money is not the problem. Self-Doubt is the problem. Shame is the problem. Guilt is the problem. Society's expectations for her are the problem. She is the solution. Once she reversed the negative thinking patterns pushing her toward decisions that didn't serve her values or goals, her financial plan wrote itself. Now, she's not only living

debt-free in her dream home, which she paid for in cash, but she has spread her teachings around the world and helped countless women envision better lives for themselves and their families. Now, building on the lessons she's taught millions as the founder of The Budget Mom, she shares a step by step plan for taking control back over your financial life—regardless of your level of income or your credit card balance. Through stories from navigating divorce to helping clients thrive through recessions, depression, eviction, layoffs and so much more, you will learn foundational practices such as: How to use your emotions to your financial advantage, instead of letting them

control you How to create a budget based on your real life, not a life of self-denial How to create a motivating debt pay-off plan that makes you excited about your future, instead of fearing it My Money My Way will give you the tools to align your emotional health with your financial health—to let go of deprivation and embrace desire. Love’s paradigm-shifting system will teach you how to honor your unique personal values, driving emotions, and particular needs so that you can stop worrying about money and start living a financially fulfilled life. *The Total Money Makeover: Classic Edition* Thomas Nelson Create a foolproof budget that's right for
