Chile supera la encrucijada Springer
1960-1969: anni densi di novità, divertenti, elettrizzanti, proiettati verso il futuro. Non si aspira più a guidare un'utilitaria, si vuole filare su una spider; si è certi che il dialogo tra Kennedy e Kruscev garantirà pace e sicurezza al mondo intero; i ragazzi del baby boom sono ben nutriti, sani e istruiti. Quante risate al cinema con la commedia all'italiana! E c'è chi sogna di scatenarsi in un twist con Catherine Spaak o Stefania Sandrelli! Cambiano i tempi per tutti, persino per la Chiesa. Anche l'ottimismo dei giovani non conosce limiti, ma non ammette smentite. Eppure qualcosa non va. Perché nel luglio '60 la democrazia vacilla? Come mai nella

politica, sopito uno scandalo, ne scoppia un altro? Dove sono finite le riforme? Ci si accorge che il paese va in pezzi: nell'ottobre '63 crolla la diga del Vajont; nell'agosto '66 frana Agrigento e, tre mesi più tardi, Firenze è sommersa dall'alluvione; nel gennaio '68 ha inizio la «vergogna nazionale» del Belice. Dietro la facciata di modernità e disinvolture ci sono un paese fragile, una società divisa, una politica corrotta. E i giovani, inquieti e ribelli? L'altra faccia dei gioiosi anni Sessanta viene messa a nudo con l'esplosione del '68. Dapprima è un botto di vitalità, una protesta forte; poi è il boato della bomba di piazza Fontana a Milano, cui fa seguito, quattro giorni dopo, il «suicidio» di Giuseppe Pinelli. La grande illusione svanisce nel silenzio e nel lutto. Marta Boneschi

delinea in queste pagine lo spaccato di un altro decennio della nostra storia recente, attingendo ai grandi avvenimenti della scena mondiale e ai piccoli fatti di cronaca, facendo rivivere personaggi e sentimenti di quei memorabili e ingannevoli anni Sessanta.

The most European of South American cities, Buenos Aires evokes exile and nostalgia. A nineteenth-century replica of Paris or Madrid set adrift in an alien continent, its identity is neither of the Old World nor the New. The city's rootlessness has famously found expression in the melancholy of tango and, more recently, in a vogue for

psycho-analysis even more widespread than New Yorks.

Buenos Aires W. W. Norton & Company
Manly Manners: Lifestyle & Modern Etiquette for the Young Man of the 21st Century is the first volume of a three-volume treatise on modern mens manners by fashion designer, lawyer, former senator Wayne James. Elegant, sophisticated, and immensely informative yet edgy, sexy, witty, and even irreverent at times the trilogy is poised to become the definitive lifestyle

guide for the modern man. Is there a difference in the way one holds a glass of red wine versus a glass of white? How should a young man conduct himself in a gay sauna? What are the rules for Shopping While Ethnic? Ever heard of a tabarro? How does a gentleman correctly wear one? What should a young man do (and not do) if detained by law enforcement officers? And whats the best way to survive prison unraped? How should a gentleman comport himself when invited to coffee in Ethiopia or a funeral in Japan? Is there gloryhole etiquette? Who enters a revolving door first: The man or the woman? What about when entering and exiting restaurants? How should transgender people conduct themselves in gender-specific public restrooms? Ladies are

taught how to sit, stand, and walk correctly. But what's the comportment for their male counterparts? Is there a way to politely suggest an enema to a sex-partner before engaging in anal sex? And what are the new and emerging rules for planning a same-sex wedding? How should a corn-fed, red-blooded, young man apologize to his tellak for getting a raging erection while being massaged on the gbektasi? Roll over and play dead? When conducting business in China or in the Arab World, what are the faux pas that can kill a multi-million-dollar deal? Is there a difference between a blazer and a sport coat? And what's the history of penny loafers or mens underwear? Such topics, and many moresome as mundane as how to correctly use a bidet, others as arcane

as how to conduct oneself during an Audience with the pope are addressed in the more than 800 pages of *Manly Manners: Lifestyle & Modern Etiquette for the Young Man of the 21st Century*. *Manly Manners* is a mans job; and *Manly Manners* is the new manual.

This book addresses the practice of social innovation, which is currently very much in the public eye. New ideas and approaches are needed to tackle the severe and wicked problems with which contemporary societies are struggling. Especially in times of economic crisis, social innovation is regarded as one of the crucial elements needed to move forward. Our knowledge of its dynamics has significantly progressed, thanks to

an abundance of studies on social innovation both general and sector-specific. However, despite the valuable research conducted over the past years, the systematic analysis of social innovation is still contested and incomplete. The questions asked in the book will be the following: 1. What is the nature of social innovations? 2. What patterns can be identified in social innovations emerging at the local level? 3. How is the emergence and spread of social innovations related to urban governance? More precisely, which conditions and arrangements facilitate and hinders social innovation? We explore these questions using different types of data and methods, and studying different contexts. In particular, we focus on innovations that aim at solving

problems of the young unemployed, single parents and migrants. This analysis is based on original research carried out in the period 2010-2013 in the framework of a European project with a specific empirical research strategy. Research was carried out in 20 cities in 10 different European countries.
Le Grand Chic

A collection of essays by the art historian Aby Warburg, these essays look beyond iconography to more psychological aspects of artistic creation: the conditions under which art was practised; its social and cultural contexts; and its conceivable historical meaning.

Readers' Guide to Periodical Literature

What a shame to call this book just a guide! This book, actually, is something

more: it's a precious object of desire for all those ladies who are fancying for a getaway week to Italy or packing up ideas for the next Italian holiday. Beautifully and delicately illustrated, this feminine and extraordinary chic guide reveals to the readers the most authentic and exclusive Italy: shops, boutiques, restaurants, bars, museums, events and so many other places -- whether they be all-time favorites or well-kept secrets -- of the true Italians. And now all the ladies may discover these exquisitely rare and refined experiences for themselves too. *The Second Machine Age: Work, Progress, and Prosperity in a Time of Brilliant Technologies*

"This volume celebrates the construction of the largest expansion in the history of

the Art Institute of Chicago. Designed by Renzo Piano, principal of the Renzo Piano Building Workshop, with offices in Paris and Genoa, the Modern Wing adds a bold new Modernist structure to Chicago's downtown lakefront area, directly across the street from the successful Millennium Park and its major feature, the Jay Pritzker Pavilion designed by Frank Gehry." "The story of the Modern Wing - from its commissioning in 1999, to its groundbreaking in 2005, to its dedication in May 2009 - is told in this volume by the Art Institute's president and directory, James Cuno. In addition, well-known architecture critic Paul Goldberger places the Modern Wing in the context of the Art Institute's existing buildings and its many additions through

the years. Throughout this book, the many remarkable features of the Modern Wing - its galleries and grand spaces, its "flying carpet" and its enclosed garden - are celebrated in the photographs of Paul Warchol." --Book Jacket.
