Christian Family and Parenting Book of

The creator of the viral parenting
concept the “X-Plan” illuminates the
importance of awakening your child’s
unique strength—while also taking an
introspective look at your own life story
to become a better parent. Last year,

father and former teacher Bert Fulks’s
simple parenting idea went viral: if your
teenagers find themselves in a situation
where they feel uncomfortable or
trapped, they can text a family member
an “X.” That family member will then
call, giving the teen a way out, while still
maintaining their freedom—and no
questions will be asked. Now in X-Plan
Parenting, Fulks expands on the how and
the why behind his plan, emphasizing
the importance of developing trusting
relationships with our kids. Drawing on
biblical principles, Fulks’s approach

illuminates how even though we want the very best for our children, we sometimes parent from a place of brokenness and a desire for control rather than support and encouragement. We focus on our mistakes and painful growing up moments and the things we wish we'd had when we were kids instead of what's best for our own children right now. This dynamic can pit kids against their parents and create rifts in the relationship. Fulks advocates for an alliance between children and parents instead of an "us vs. them" mentality. Rather than spending so much time coaxing or battling our kids, Fulks inspires us to work with our kids instead of against them. And rather than trying to right our own past wrongs vicariously through our children, he

urges us to recognize where we need healing so we can provide authentic strength to support our kids' unique journeys. There is a tender art to disciplining our kids, and X-Plan Parenting serves up laughter and tears, hard questions, and plenty of grace to moms and dads who want their kids to love God and lead passionate, joyful lives in an unpredictable world.

Published for the fiftieth anniversary of her tragic death, this definitive account dispels the rumors and sets the record straight on her last two years Marilyn Monroe passed away at the age of thirty-six under circumstances that have remained mysterious to this day. Marilyn Monroe: The Final Years separates the

myths and rumors from the facts as Keith Badman takes readers through the concluding months of 1960 to that fateful day in August 1962. In this extraordinary book—the product of five years of exhaustive research—the author is both biographer and detective: Badman uncovers long-lost or previously unseen personal records, exclusive interviews, and eyewitness accounts that illuminate the final chapter of Marilyn's life as she navigates weight gain, drug use, an dpersonal turmoil, along with drama on the set of the ill-fated movie *Something's Got to Give*. Badman dispels popular beliefs, such as her supposed affairs with John and Bobby Kennedy. (Monroe only had a one-night stand with the president at Bing Crosby's house, and never with Bobby.) Readers

learn the long-concealed identity of her biological father, who refused Marilyn's attempt to contact him in 1951—and was then repaid with her apathy ten years later when he attempted to contact her. The author also reveals the details of her famous "last Sitting" with photographer Bert Stern (which was not her last photo shoot) and describes the horror she endured after being tricked into being institutionalized at the Payne-Whitney Psychiatric Clinic, from which ex-husband Joe DiMaggio had to pull strings to secure her release. Perhaps most shockingly, we learn of the regrettable incident in which a drunken Monroe was sexually exploited by mobsters at a Lake Tahoe hotel co-owned by Frank Sinatra. Finally contrary to the salacious rumors that Marilyn was

suicidal or the victim of a murder and cover-up, Badman discloses new information about her final days alive and reveals, in unequivocal detail, evidence that indicates Monroe's death was accidental. Above it all, Badman pays homage to Monroe by rescuing her final months from the realm of wild and sensationalized allegations popularized by those who sought to gain from them. Marilyn Monroe: The Final Years sheds new light on an immortal movie legend.

"You're no saint!" is a familiar phrase, and one that nearly all of us probably believe accurately reflects our own hearts and lives. We assume that sanctity is reserved for an elite group of people who follow spiritual disciplines so difficult and impractical that no ordinary person could ever perform them. But best-selling author Bert Ghezzi believes every one of us can be holy, and he shows us how in *Saints at Heart*. By pointing out that all the saints—even the apostles—were sinners, he helps us understand how holiness is not about

being perfect, but rather about making a heartfelt decision to fall in love with God and put God first. Each of the 10 saints featured in this book illustrates a specific spiritual practice that can help us draw closer to God. St. Francis models lifelong conversion; Dorothy Day, prayer and the study of Scripture; and Pope John Paul II, evangelization. Every chapter ends with a section titled "Think, Pray, and Act," which contains questions for reflection and application.

A collection of outrageous stories by the standup comic, TV host, and inspiration for the movie National Lampoon's Van Wilder Bert Kreischer doesn't know how to say "no." If he did, he wouldn't have gotten himself mixed up with a group of Russian mobsters on a class trip to Moscow, earning him his nickname: "The Machine." He wouldn't have wrestled with a bear or swum with sharks on national television. He wouldn't have (possibly) smoked PCP with a star of Saturday Night Live. And he wouldn't have been named the Number One Partier in the Nation by Rolling Stone,

inspired the movie National Lampoon's Van Wilder, or performed standup to sellout crowds across the country. The stories Kreisler shares in *Life of the Party* are a guidebook on how not to grow up. From his fraternity days at Florida State University, to his rise as a standup, to his marriage and first brushes with fatherhood, Kreisler shows you a path that may not lead you to maturity or personal growth. But it will lead you to a shitload of fun.

Domestic Landscapes Simon and Schuster

A stunning collection of hundreds of rare and unseen photographs, behind-the-scenes notes, and interviews chronicling the media's lifelong love affair with Marilyn, created by the acclaimed curator and author of *Marilyn Monroe*:

Metamorphosis. Though Hollywood goddess Marilyn Monroe was married three times, her longest lasting relationship was with the press—the photographers, reporters, and press agents who followed her every move for nearly two decades, and made her into the greatest icon in Hollywood history. One of the most publicized actresses of her time, Marilyn actively sought out the press, carefully crafting her public image and using events from her private life to further her career. Her romances with baseball legend Joe DiMaggio, playwright Arthur Miller, and others made her a daily feature for newspapers, magazines, and wire services; new images of the star were guaranteed to boost sales. Drawing on unseen troves from dozens of photographers, archives, and

collectors, acclaimed photography expert David Wills brings together an unprecedented array of press photos from throughout Marilyn's career—including hundreds of unpublished and rare photographs that have been beautifully restored; uncropped and unretouched outtakes; handwritten notations; period captions; clippings; and more. With a foreword by Robert J. Wagner and interviews from key press agents and others, this portfolio of images offers a fresh, indelible portrait of one of the most enduring icons in history and illuminates the special alliance she shared with the press as never before.

 “Exquisite... Commonwealth is

impossible to put down.” — New York Times #1 New York Times Bestseller | NBCC Award Finalist | New York Times Best Book of the Year | USA Today Best Book | TIME Magazine Top 10 Selection | Oprah Favorite Book | New York Magazine Best Book of The Year The acclaimed, bestselling author—winner of the PEN/Faulkner Award and the Orange Prize—tells the enthralling story of how an unexpected romantic encounter irrevocably changes two families' lives. One Sunday afternoon in Southern California, Bert Cousins shows up at Franny Keating's christening party uninvited. Before evening falls, he has kissed Franny's mother, Beverly—thus setting in motion the dissolution of their marriages and the joining of two families. Spanning five decades,

Commonwealth explores how this chance encounter reverberates through the lives of the four parents and six children involved. Spending summers together in Virginia, the Keating and Cousins children forge a lasting bond that is based on a shared disillusionment with their parents and the strange and genuine affection that grows up between them. When, in her twenties, Franny begins an affair with the legendary author Leon Posen and tells him about her family, the story of her siblings is no longer hers to control. Their childhood becomes the basis for his wildly successful book, ultimately forcing them to come to terms with their losses, their guilt, and the deeply loyal connection they feel for one another. Told with equal measures of humor and

heartbreak, Commonwealth is a meditation on inspiration, interpretation, and the ownership of stories. It is a brilliant and tender tale of the far-reaching ties of love and responsibility that bind us together.
