Grace and Freedom represents Lonergan's entry into subject matter that would occupy him throughout his lifetime. At the same time it is a manifestation of the thinking that has made him one of the world's foremost Thomist scholars. The volume is in two parts. Part One is a new edition of "Grace and Freedom: Operative Grace in the Thought of St Thomas Aquinas", four articles written by Lonergan in 1941-42, first published in book form in 1971. This edition includes new notes and indices. Part Two is Lonergan's doctoral dissertation, "Gratia Operans", submitted to the Gregorian University, Rome, in 1940. Published here in full for the first time, the dissertation provides important context and background for the articles in the first part. Lonergan's thesis is that, from the sixteenth century onwards, commentators on Thomas Aquinas lacked historical consciousness, raised questions that Thomas had never considered, and obfuscated the issues. Lonergan's achievement consists in having retrieved the actual position of Thomas by adopting a historical approach that has reconstructed his intellectual development on grace. The majority of contemporary theologians now agree with the implementation of the historical method. What Lonergan also adds is a unique diagnosis of the mistakes made by the modern scholastic authors in their treatment of grace. Throughout this work, Lonergan discovers in Thomas a mind in constant development, displaying radical shifts on fundamental questions. Together the two parts not only reveal an essential step in Lonergan's own development, but also make an impressive contribution to Thomist studies.

The prophet Brigham Young taught the restored gospel of Jesus Christ in a basic, practical way that gave inspiration and hope to the Saints struggling to build a home in the wilderness. Though more than a century has now passed, his words are still fresh and appropriate for us today as we continue the work of building the kingdom of God. President Young declared that as members of The Church of Jesus Christ of Latter-day Saints we possess the "doctrine of life and salvation for all the honest-in-heart" (DBY, 7). He promised that those who receive the gospel in their hearts will have awakened "within them a desire to know and understand the things of God more than they ever did before in their lives" and will begin to "inquire, read and search and when they go to their Father in the name of Jesus he will not leave them without a witness" (DBY, 450). This book reflects the desire of the First Presidency and the Quorum of the Twelve Apostles to deepen the doctrinal understanding of Church members and to awaken within them a greater desire to know the things of God. It will inspire and motivate individuals, priesthood quorums, and Relief Society classes to inquire, read, search, and then go to their Father in Heaven for a witness of the truth of these teachings. Each chapter contains two sections—"Teachings of Brigham Young" and "Suggestions for Study." The first section consists of extracts from Brigham Young's sermons to the early Saints. Each statement has been referenced, and the original spelling and punctuation have been preserved; however, the sources cited will not be readily available to most members. These original sources are not necessary to have in order to effectively study or teach from this book. Members need not

purchase additional references and commentaries to study or teach these chapters. The text provided in this book, accompanied by the scriptures, is sufficient for instruction. Members should prayerfully read and study President Young's teachings in order to gain new insights into gospel principles and discover how those principles apply to their everyday lives. By faithfully and prayerfully studying these selections, Latter-day Saints will have a greater understanding of gospel principles and will more fully appreciate the profound and inspired teachings of this great prophet. The second section of each chapter offers a series of questions that will encourage thoughtful contemplation, personal application, and discussion of President Young's teachings. Members should refer to and carefully reread his words on the principle being discussed. Deep and prayerful study of these teachings will inspire members to greater personal commitment and will help them resolve to follow the teachings of the Savior, Jesus Christ. If individuals and families prayerfully follow the principles in this book, they will be blessed and inspired to greater dedication and spirituality, as were the early Saints who heard these words directly from the lips of the "Lion of the Lord" (HC, 7:434)—the prophet, seer, and revelator, President Brigham Young.

A National Plan and Strategy for Catholic Evangelization in the United States Sourcebooks, Inc. (© 2012) This textbook has been found in conformity with the Catechism of the Catholic Church. Our Catholic Faith: Living What We Believe offers a general overview of the Catholic faith as outlined by the four pillars of the Catechism of the Catholic Church and is designed for use in an introductory Catholic high school theology course. Because students enter Catholic high school with diverse catechetical instruction and formation experiences, a primary objective of this text is to get students up to speed early in their high school careers. Students are challenged to accept Jesus, commit themselves to him through the Church, and to live lives of loving service.

Jesus Our Redeemer examines what it means when Christians call Jesus their 'Redeemer' or 'Saviour'. It tackles such questions as: How can redemptive events in the past (Christ's life, death, and resurrection) bring about saving effects in the present? Why do human beings need redemption, both individually and collectively? What images of God are implied by the saving action of God and by human needs? Gerald O'Collins SJ draws on the scriptures, Christian hymns and texts for worship, literature, the visual arts, and other sources. He examines four major models of how redemption through Christ has been thought to work: theories of deliverance, penal substitution, sacrifice, and

transforming love. He concludes by considering the outworking of salvation in the life of the Church, the situation of non-Christians, and the final consummation of human life and the created world at the end of time.

What does it mean to "think Orthodox"? What are the unspoken and unexplored premises and presumptions underlying what Christians believe? Orthodox Christianity is based on preserving the mind of the early Church, its phronema. Dr. Jeannie Constantinou brings her more than forty years' experience as a professor, Bible teacher, and speaker to bear in explaining what the Orthodox phronema is, how it can be acquired, and how that phronema is expressed in true Orthodox theology-as practiced by those who are properly qualified by both training and a deep relationship with Christ.

From Geoff Herbach, the award-winning author of the hit young adult novels *Stupid Fast* and *Nothing Special*, comes the ultimate underdog story, which will resonate with anyone who has suffered from teasing and bullying at the hands of the high school social hierarchy—and decided to do something about it. (Previously titled *Fat Boy vs The Cheerleaders*.) Gabe is having a tough week. Normally the funny kid at the lunch table, he's on edge from trying to kick his soda addiction. So when news breaks that his beloved marching band camp has been cancelled due to lack of funding, he's furious. What makes him even madder? The school's vending machine money—which had previously been collected by the band—is now sponsoring the new cheer squad. The war is ON. And Gabe is leading the charge. No one will be safe from the Geekers' odd brand of wrath: not the principal, the band teacher, the local newspaper, and certainly not the cheerleaders and their jock boyfriends. Get ready: Life at Minnekota Lake Area High School is about to change. Gabe Johnson is taking over. "A funny, uplifting, and rousing book that'll make readers think. In other words, it's a real gem." —K. M. Walton, author of *Cracked and Empty*

Millennials in the U.S. have been characterized as uninterested in religion, as defectors from religious institutions, and as agnostic about the role of religious identity in their culture. Amid the rise of so-called "nones," though, there has also been a countervailing trend: an increase in religious piety among some millennial Catholics. The Fellowship of Catholic University Students (FOCUS), which began evangelizing college students on American university campuses in 1998, hires recent college graduates to evangelize college students and promote an attractive and culturally savvy Catholicism. These millennial Catholics have personal relationships with Jesus, attend Mass daily, and know and defend papal teachings, while also being immersed in U.S. popular culture. With their skinny jeans, devotional tattoos, and large-framed glasses, FOCUS missionaries embody a hip, attractive style of Catholicism. They promote a faith that interweaves distinctly Catholic identity with outreach methods of twentieth-century evangelical Protestants and the anxieties of middle-class emerging adulthood. Though this new generation of missionaries lives according to strict gender essentialism prescribed by papal teachings—including the notions that men lead while women follow and that biology dictates gender roles—they also support stay-at-home fatherhood and women earning MBAs. *Millennial Missionaries* examines how these young people navigate their Catholic and American identities in the twenty-first century. Illuminating the ways missionaries are reshaping American Catholic identity, Katherine Dugan explores the contemporary U.S. religious landscape from the perspective of millennials who proudly proclaim "I am Catholic"—and devote years of their lives to convincing others to do the same.

Jesus Our Redeemer William H Sadler

When a career-ending injury saw former Ireland and Millwall striker Richie Sadler retire from football at age 24, his life spiralled out of control. Without structure or a sense of purpose, and fuelled by a

dependency on alcohol, he spent years running from the dark memories and feelings that had haunted him since childhood. Until one day he hit rock bottom and decided to confront his demons. *Recovering* written with Dion Fanning is about a life shaped by efforts to escape, and how it is possible to rebuild that life, piece by piece, with the right help. Inspiring and ground-breaking, it is an important reflection on the need to move away from perceptions of shame in our discussions about mental health, sex, relationships and addiction.
