DARIO PATEL

Finding Common Ground Haymarket Books
 I am 27 and have never killed a man but I know the face of death as if heirloom my country memorizes murder as lullaby —from “For Fahd” Textured with the sights and sounds of growing up in East New York in the nineties, to school on the South Side of Chicago, all the way to the olive groves of Palestine, My Mother Is a Freedom Fighter is Aja Monet’s ode to mothers, daughters, and sisters—the tiny gods who fight to change the world. Complemented by striking cover art from Carrie Mae Weems, these stunning poems tackle racism, sexism, genocide, displacement, heartbreak, and grief, but also love, motherhood, spirituality, and Black joy. Praise for Aja Monet: “[Monet] is the true definition of an artist.” —Harry Belafonte “In Paris, she walked out onto the stage, opened her mouth and spoke. At the first utterance I heard that rare something that said this is special and knew immediately that Aja Monet was one of the Ones who will mark the sound of the ages. She brings depth of voice to the

voiceless, and through her we sing a powerful song.” —Carrie Mae Weems Of Cuban-Jamaican descent, Aja Monet is an internationally established poet, performer, singer, songwriter, educator, and human rights advocate. Monet is also the youngest person to win the legendary Nuyorican Poet’s Café Grand Slam title.

And Other Difficult Dialogues University of Pennsylvania Press “Uncompromising and unconventional . . . Cornel West is an eloquent prophet with attitude.” —Newsweek “West reveals himself as a thinker of dazzling erudition, whose critiques are inevitably balanced by an infectious optimism and magnanimity of spirit.” —The Village Voice In his major bestseller, *Race Matters*, philosopher Cornel West burst onto the national scene with his searing analysis of the scars of racism in American democracy. *Race Matters* has become a contemporary classic, still in print after ten years, having sold more than four hundred thousand copies. A mesmerizing speaker with a host of fervidly devoted fans, West gives as many as one hundred public lectures a year and appears regularly on radio and television. Praised by *The New York Times* for his “ferocious moral vision” and hailed by *Newsweek* as “an elegant prophet with attitude,” he bridges the

gap between black and white opinion about the country's problems. In *Democracy Matters*, West returns to the analysis of the arrested development of democracy—both in America and in the crisis-ridden Middle East. In a strikingly original diagnosis, he argues that if America is to become a better steward of democratization around the world, we must first wake up to the long history of imperialist corruption that has plagued our own democracy. Both our failure to foster peace in the Israeli-Palestinian conflict and the crisis of Islamist anti-Americanism stem largely from hypocrisies in our dealings with the world. Racism and imperial expansionism have gone hand in hand in our country's inexorable drive toward hegemony, and our current militarism is only the latest expression of that drive. Even as we are shocked by Islamic fundamentalism, our own brand of fundamentalism, which West dubs Constantinian Christianity, has joined forces with imperialist corporate and political elites in an unholy alliance, and four decades after the murder of Dr. Martin Luther King, Jr., insidious racism still inflicts debilitating psychic pain on so many of our citizens. But there is a deep democratic tradition in America of impassioned commitment to the fight against imperialist corruptions—the last great expression of which was the civil rights movement led by Dr. King—and West brings forth the powerful voices of that great democratizing tradition in a brilliant and deeply moving call for the revival of our better democratic nature. His impassioned and provocative argument for the revitalization of America's democracy will reshape the terms of the raging national debate about America's role in today's troubled world.

Angela Davis Pluto Press

"The book is an excellent addition to the scholarly literature on subnational movements, both past and present, offering a range of insights to policymakers across the globe."—Ayesha Jalal, author of *The Struggle for Pakistan* "With judicious use of empirical evidence and rich case studies, Ahsan I. Butt makes a compelling case that states' responses to secessionist movements turn to a considerable degree on their external security environments."—S. Paul Kapur, author of *Jihad as Grand Strategy In Secession and Security*, Ahsan I. Butt argues that states, rather than separatists, determine whether a secessionist struggle will be peaceful, violent, or genocidal. He investigates the strategies, ranging from negotiated concessions to large-scale repression, adopted by states in response to separatist movements. Variations in the external security environment, Butt argues, influenced the leaders of the Ottoman Empire to use peaceful concessions against Armenians in 1908 but escalated to genocide against the same community in 1915; caused Israel to reject a Palestinian state in the 1990s; and shaped peaceful splits in Czechoslovakia in 1993 and the Norway-Sweden union in 1905. Using more than one hundred interviews and extensive archival data, Butt focuses on two main cases—Pakistani reactions to Bengali and Baloch demands for independence in the 1970s and India's responses to secessionist movements in Kashmir, Punjab, and Assam in the 1980s and 1990s. Butt's deep historical approach to his subject will appeal to policymakers and observers interested in the last five decades of geopolitics in South Asia, the contemporary Israeli-Palestinian conflict, and ethno-national conflict, separatism, and nationalism more generally.

Law and the Question of Palestine Pluto Press (UK)

This is a thoughtful and sensitive analysis of the history and significance of non-violent civil resistance in the Palestinian national movement. It shows how the thread of unarmed struggle has run through the history of Palestinian liberation, from the establishment of the Israeli state, through the Nakba and to the present day. Set in this historical context, the book draws upon personal conversations and living history in order to focus on the

contemporary movement in the Occupied Palestinian Territories. By analysing this under-emphasised dimension of the Palestinian struggle, the authors argue that today, the popular resistance movement, especially in the West Bank, is the most significant form of struggle against the ongoing occupation. They also address the international dimensions of the struggle, focusing in particular on the BDS campaign, the role of Israeli and international solidarity activists, and the changing forms of engagement developed by international agencies seeking to work on the roots of the conflict.

Justice for Some Haymarket Books

In this collection of essays, interviews, and speeches, the renowned activist examines today's issues—from Black Lives Matter to prison abolition and more. Activist and scholar Angela Y. Davis has been a tireless fighter against oppression for decades. Now, the iconic author of *Women, Race, and Class* offers her latest insights into the struggles against state violence and oppression throughout history and around the world. Reflecting on the importance of black feminism, intersectionality, and prison abolitionism, Davis discusses the legacies of previous liberation struggles, from the Black Freedom Movement to the South African anti-Apartheid movement. She highlights connections and analyzes today's struggles against state terror, from Ferguson to Palestine. Facing a world of outrageous injustice, Davis challenges us to imagine and build a movement for human liberation. And in doing so, she reminds us that "freedom is a constant struggle." This edition of *Freedom Is a Constant Struggle* includes a foreword by Dr. Cornel West and an introduction by Frank Barat.

The ABC of the OPT Haymarket Books

Angela Davis has been a political activist at the cutting edge of the Black Liberation, feminist, queer, and prison abolitionist movements for more than 50 years. First published and edited by Toni Morrison in 1974, *An Autobiography* is a powerful and commanding account of her early years in struggle. Davis describes her journey from a childhood on Dynamite Hill in Birmingham, Alabama, to one of the most significant political trials of the century: from her political activity in a New York high school to her work with the U.S. Communist Party, the Black Panther Party, and the Soledad Brothers; and from the faculty of the Philosophy Department at UCLA to the FBI's list of the Ten Most Wanted Fugitives. Told with warmth, brilliance, humor and conviction, Angela Davis's autobiography is a classic account of a life in struggle with echoes in our own time.

Democracy Matters Seven Stories Press

Ex Black Panther and now a leading academic dissident, Angela Davis has long been at the fore of the fight against the expansion of prisons. In this recent talk she reviews the background for the current prison building binge, the effects of mass incarceration on communities of colour, and particularly women of colour who are now one of the fastest growing segments of the US prison population. She also offers a personal view of her own time in prison and the imprisonment of others close to her. Double compact disc.

Genealogies, Justice, Politics, and Hope City Lights Publishers

From one of our most important scholars and civil rights activist icon, a powerful study of the women's liberation movement and the tangled knot of oppression facing Black women. "Angela Davis is herself a woman of undeniable courage. She should be heard."—The New York Times Angela Davis provides a powerful history of the social and political influence of whiteness and elitism in feminism, from abolitionist days to the present, and demonstrates how the racist and classist biases of its leaders inevitably hampered any collective ambitions. While Black women were aided by some activists like Sarah and Angelina

Grimke and the suffrage cause found unwavering support in Frederick Douglass, many women played on the fears of white supremacists for political gain rather than take an intersectional approach to liberation. Here, Davis not only contextualizes the legacy and pitfalls of civil and women's rights activists, but also discusses Communist women, the murder of Emmitt Till, and Margaret Sanger's racism. Davis shows readers how the inequalities between Black and white women influence the contemporary issues of rape, reproductive freedom, housework and child care in this bold and indispensable work.

Abolition. Feminism. Now. ReadHowYouWant.com

Israel's half-a-century long rule over the West Bank and Gaza Strip, and some of its surrounding legal issues, have been the subject of extensive academic literature. Yet, to date, there has been no comprehensive, theoretically-informed, and empirically-based academic study of the role of various legal mechanisms, norms, and concepts in shaping, legitimizing, and responding to the Israeli control regime. This book seeks to fill this gap, while shedding new light on the subject. Through the format of an A-Z legal lexicon, it critically reflects on, challenges, and redefines the language, knowledge, and practices surrounding the Israeli control regime. Taken together, the entries illuminate the relation between global and local forces - legal, political, and cultural - in Israel and Palestine. The study of the terms involved provides insights that are relevant to other situations elsewhere in the world, particularly with regard to belligerent occupation, the law's role in relation to state violence, and justice.

Secession and Security Verso Books

Sun, sea and inescapable exes... Peach is excited to hear that her sister, Di, is getting married. Of course, she would have preferred her little sister to be engaged to someone she's known longer than a week - and the fact that his name is Charles doesn't bode well - but who is she to judge?! After all, her own love life is non-existent, and who doesn't love a destination wedding...? Whisked away to the gorgeous Italian coast, Peach assumes her role as chief bridesmaid and, despite her reservations about the groom, she tries to ensure everything goes to plan. But weddings are never straightforward affairs... throw in some unexpected guests in the form of ex-boyfriends and one night stands, and soon enough there is more drama than a reality TV show. Can Peach keep the show on the road, or might she end up in a whirlwind romance of her own...? Escape to the stunning Italian coast with bestseller Portia MacIntosh. Perfect for fans of Sophie Randal and Mhairi MacFarlane. Praise for Portia MacIntosh: 'A hilarious, roaringly fun, feel good, sexy read. I LOVED it!' Holly Martin 'This is a heartwarming fun story, perfect for several hours of pure escapism.' Jessica Redland 'Super-romantic and full of festive spirit. I loved it!' Mandy Baggot

The Prison Industrial Complex Cornell University Press

With race and the police once more burning issues, this classic work from one of America's giants of black radicalism has lost none of its prescience or power. One of America's most historic political trials is undoubtedly that of Angela Davis. Opening with a letter from James Baldwin to Davis, and including contributions from numerous radicals such as Black Panthers George Jackson, Huey P. Newton, Bobby Seale and Erica Huggins, this book is not only an account of Davis's incarceration and the struggles surrounding it, but also perhaps the most comprehensive and thorough analysis of the prison system of the United States. Since the book was written, the carceral system in the US has seen unprecedented growth, with more of America's black population behind bars than ever before. The scathing analysis of the role of prison and the policing of black populations offered by Davis and her comrades in this astonishing volume remains as pertinent today as the day it was first published. Featuring contributions

from George Jackson, Bettina Aptheker, Bobby Seale, James Baldwin, Ruchell Magee, Julian Bond, Huey P. Newton, Erika Huggins, Fleeta Drumgo, John Clutchette, and others.

Futures of Black Radicalism Unbound Publishing

"As nations struggling to heal wounds of civil war and atrocity turn toward the model of reconciliation, *Reconciliation in Divided Societies* takes a systematic look at the political dimensions of this international phenomenon. . . . The book shows us how this transformation happens so that we can all gain a better understanding of how, and why, reconciliation really works. It is an almost indispensable tool for those who want to engage in reconciliation"—from the foreword by Archbishop Emeritus Desmond Tutu. As societies emerge from oppression, war, or genocide, their most important task is to create a civil society strong and stable enough to support democratic governance. More and more conflict-torn countries throughout the world are promoting reconciliation as central to their new social order as they move toward peace and stability. Scores of truth and reconciliation commissions are helping bring people together and heal the wounds of deeply divided societies. Since the South African transition, countries as diverse as Timor Leste, Sierra Leone, Fiji, Morocco, and Peru have placed reconciliation at the center of their reconstruction and development programs. Other efforts to promote reconciliation—including trials and governmental programs—are also becoming more prominent in transitional times. But until now there has been no real effort to understand exactly what reconciliation could mean in these different situations. What does true reconciliation entail? How can it be achieved? How can its achievement be assessed? This book digs beneath the surface to answer these questions and explain what the concepts of truth, justice, forgiveness, and reconciliation really involve in societies that are recovering from internecine strife. Looking to the future as much as to the past, Erin Daly and Jeremy Sarkin maintain that reconciliation requires fundamental political and economic reform along with personal healing if it is to be effective in establishing lasting peace and stability. Reconciliation, they argue, is best thought of as a means for transformation. It is the engine that enables victims to become survivors and divided societies to transform themselves into communities where people work together to raise children and live productive, hopeful lives. *Reconciliation in Divided Societies* shows us how this transformation happens so that we can all gain a better understanding of how and why reconciliation is actually accomplished.

Palestinians and Jews Confront Zionism Haymarket Books

For three decades, Angela Y. Davis has written on liberation theory and democratic praxis. Challenging the foundations of mainstream discourse, her analyses of culture, gender, capital, and race have profoundly influenced democratic theory, antiracist feminism, critical studies and political struggles. Even for readers who primarily know her as a revolutionary of the late 1960s and early 1970s (or as a political icon for militant activism) she has greatly expanded the scope and range of social philosophy and political theory. Expanding critical theory, contemporary progressive theorists - engaged in justice struggles - will find their thought influenced by the liberation praxis of Angela Y. Davis. The *Angela Y. Davis Reader* presents eighteen essays from her writings and interviews which have appeared in *If They Come in the Morning*, *Women, Race, and Class*, *Women, Culture, and Politics*, and *Black Women and the Blues* as well as articles published in women's, ethnic/black studies and communist journals, and cultural studies anthologies. In four parts - "Prisons, Repression, and Resistance", "Marxism, Anti-Racism, and Feminism", "Aesthetics and Culture", and recent interviews - Davis examines revolutionary politics and

intellectualism. Davis's discourse chronicles progressive political movements and social philosophy. It is essential reading for anyone interested in contemporary political philosophy, critical race theory, social theory, ethnic studies, American studies, African American studies, cultural theory, feminist philosophy, gender studies.

Pandemic, Policing, Protest, & Possibility NYU Press

"A Land With A People began as a storytelling project of Jewish Voice for Peace-New York City and subsequently transformed into a theater project performed throughout the New York City area. A Land With A People elevates rarely heard Palestinian and Jewish voices and visions. It brings us the narratives of secular, Muslim, Christian, and LGBTQ Palestinians who endure the particular brand of settler colonialism known as Zionism. It relays the transformational journeys of Ashkenazi, Mizrahi, Palestinian and LGBTQ Jews who have come to reject the received Zionist narrative. Unflinching in their confrontation of the power dynamics that underlie their transformation process, these writers find the courage to face what has happened to historic Palestine, and to their own families as a result. Stories touch hearts, open minds, and transform our understanding of the "other"-as well as comprehension of our own roles and responsibilities. A Land With a People emerges from this reckoning. Contextualized by a detailed historical introduction and timeline charting 150 years of Palestinian and Jewish resistance to Zionism, this collection will stir emotions, provoke fresh thinking, and point to a more hopeful, loving future-one in which Palestine/Israel is seen for what it is in its entirety, as well as for what it can be"--

Making All Black Lives Matter Feminist Press

The Arab-Israeli conflict constituted a serious problem for the American Left in the 1960s: pro-Palestinian activists hailed the Palestinian struggle against Israel as part of a fundamental restructuring of the global imperialist order, while pro-Israeli leftists held a less revolutionary worldview that understood Israel as a paragon of democratic socialist virtue. This intra-left debate was in part doctrinal, in part generational. But further woven into this split were sometimes agonizing questions of identity. Jews were disproportionately well-represented in the Movement, and their personal and communal lives could deeply affect their stances vis-à-vis the Middle East. The Movement and the Middle East offers the first assessment of the controversial and ultimately debilitating role of the Arab-Israeli conflict among left-wing activists during a turbulent period of American history. Michael R. Fischbach draws on a deep well of original sources--from personal interviews to declassified FBI and CIA documents--to present a story of the left-wing responses to the question of Palestine and Israel. He shows how, as the 1970s wore on, the cleavages emerging within the American Left widened, weakening the Movement and leaving a lasting impact that still affects progressive American politics today.

How the Arab-Israeli Conflict Divided the American Left Verso Books

"Offers critical insights into the whirlwind pandemic and racism have reaped . . . Politics, history, strategy, and tactics are all that our side has." —Keeanga-Yamahtta Taylor, author of *Race for Profit* "In the United States, being poor and Black makes you more likely to get sick. Being poor, Black, and sick makes you more likely to die. Your proximity to death makes you disposable." The uprising of 2020 marked a new phase in the unfolding Movement for Black Lives. The brutal killings of Ahmaud Arbery, George Floyd, and Breonna Taylor, and countless other injustices large and small, were the match that lit the spark of the largest protest movement in US history, a historic uprising against racism and the politics of disposability that the Covid-19

pandemic lays bare. In this urgent and incisive collection of new interviews bookended by two new essays, Marc Lamont Hill critically examines the "pre-existing conditions" that have led us to this moment of crisis and upheaval, guiding us through both the perils and possibilities, and helping us imagine an abolitionist future. "Marc Lamont Hill doesn't shy away from the difficult questions, and he is willing to tell the hard truth. In this powerful book, his insight and commitment to justice leap from every page. Read it, be informed, and feel fortified in these trying times. Hill models what Henry James called 'perception at the pitch of passion.'" —Eddie S. Glaude, Jr., New York Times bestselling author of *Begin Again* "A brilliant, timely, and inspirational book . . . paints a beautiful picture of possibilities for the future." —Tarana Burke, founder of the Me Too movement
Hamas vs. Fatah Cambridge University Press

Justice in the Question of Palestine is often framed as a question of law. Yet none of the Israel-Palestinian conflict's most vexing challenges have been resolved by judicial intervention. Occupation law has failed to stem Israel's settlement enterprise. Laws of war have permitted killing and destruction during Israel's military offensives in the Gaza Strip. The Oslo Accord's two-state solution is now dead letter. Justice for Some offers a new approach to understanding the Palestinian struggle for freedom, told through the power and control of international law. Focusing on key junctures—from the Balfour Declaration in 1917 to present-day wars in Gaza—Noura Erakat shows how the strategic deployment of law has shaped current conditions. Over the past century, the law has done more to advance Israel's interests than the Palestinians'. But, Erakat argues, this outcome was never inevitable. Law is politics, and its meaning and application depend on the political intervention of states and people alike. Within the law, change is possible. International law can serve the cause of freedom when it is mobilized in support of a political movement. Presenting the promise and risk of international law, Justice for Some calls for renewed action and attention to the Question of Palestine.

Reimagining Freedom in the Twenty-First Century Wiley-Blackwell

"Beginning in 1970 with her arrest in connection with a courtroom shootout, then moving through her trial and acquittal, the book traces Davis's life and work during the subsequent decades and her influential career as a public intellectual. Profusely illustrated with materials found in the archive, including press coverage, photographs, court sketches, videos, music, writings, correspondence, and Davis's political writings, the book also features interviews with Angela Davis and Lisbet Tellefsen, the archivist who collected those materials"--

A Legal Lexicon of the Israeli Control over the Occupied Palestinian Territory Bloomsbury Publishing USA

From one of this country's most important intellectuals comes a brilliant analysis of the blues tradition that examines the careers of three crucial black women blues singers through a feminist lens. Angela Davis provides the historical, social, and political contexts with which to reinterpret the performances and lyrics of Gertrude "Ma" Rainey, Bessie Smith, and Billie Holiday as powerful articulations of an alternative consciousness profoundly at odds with mainstream American culture. The works of Rainey, Smith, and Holiday have been largely misunderstood by critics. Overlooked, Davis shows, has been the way their candor and bravado laid the groundwork for an aesthetic that allowed for the celebration of social, moral, and sexual values outside the constraints imposed by middle-class respectability. Through meticulous transcriptions of all the extant lyrics of Rainey and Smith—published here in their entirety for the first time—Davis demonstrates how the roots of the blues extend beyond a

musical tradition to serve as a consciousness-raising vehicle for American social memory. A stunning, indispensable contribution to American history, as boldly insightful as the women Davis praises, *Blues Legacies and Black Feminism* is a triumph.

[The perfect laugh-out-loud romantic comedy to escape with](#)
Penguin UK

Revelations about U.S. policies and practices of torture and abuse have captured headlines ever since the breaking of the Abu Ghraib prison story in April 2004. Since then, a debate has raged regarding what is and what is not acceptable behavior for the world's leading democracy. It is within this context that Angela Davis, one of America's most remarkable political figures, gave a series of interviews to discuss resistance and law, institutional

sexual coercion, politics and prison. Davis talks about her own incarceration, as well as her experiences as "enemy of the state," and about having been put on the FBI's "most wanted" list. She talks about the crucial role that international activism played in her case and the case of many other political prisoners.

Throughout these interviews, Davis returns to her critique of a democracy that has been compromised by its racist origins and institutions. Discussing the most recent disclosures about the disavowed "chain of command," and the formal reports by the Red Cross and Human Rights Watch denouncing U.S. violation of human rights and the laws of war in Guantánamo, Afghanistan and Iraq, Davis focuses on the underpinnings of prison regimes in the United States.
