This original

and authoritative text reveals how chivalry was part of the problem of violence in medieval Europe, not merely its solution. The ideal was to internalize restraint in knights, but a close reading of chivalric literature shows chivalry also praised heroic violence by knights. This fascinating book lays bare the conflicts and paradoxes surrounding the concept of chivalry in medieval Europe.

A Firing Offense With Silent Screams As the advertising director of Nutty Nathan's, Nick Stefanos knows all the tricks of the electronics business. Blow-out sales and shady deals were his life. When one of the stockboys disappears, it's not news: just another metalhead who went off chasing some dream of big money and easy living. But the kid reminded Nick of himself

twelve years ago: an angry punk hooked on speed metal and the fast life. So when the boy's grandfather begs Nick to find the kid, Nick says he'll try. A Firing Offense, Nick Stefanos' debut, shows why, as Barry Gifford puts it, "To miss out on Pelecanos would be criminal." **Advanced Dungeons & Dragons, Players Handbook** Macmillan From Dragon Award-Nominated author R.R.

“wild” time at

This wild

itself under

of the Wild

places to tell a story that belongs to our common origins. The bear assumes attributes and functions alike in very different cultural contexts, such as the Sámi of Finland or North-American hunter-gatherers, and represents a boundary between the world of nature and the human world, between the domain of animals and the difficult construction of humanity: a process

continued for centuries, perhaps millennia, and which cannot still be said complete. [Lies Ripped](#) [Open Back](#) Bay Books He doesn't need a weapon. He is the weapon. After losing his powers in an epic battle between good and evil, former sorcerer Nate Garrett finds himself living as a humble human in Clockwork, Oregon. While the world thinks Nate is dead, his friends continue to

fight against Avalon and the evil it's intent on spreading. Avalon's forces turn up in Clockwork, and Nate's frustration grows with every passing day his magic doesn't return. He finds himself trying to stop Avalon's plans while hiding from enemies who would destroy everything in their path to see him dead. Avalon's darkness begins to threaten the people Nate cares about, and an old

nemesis returns; magic or no magic, he has no choice but to fight. But will Nate see his magical powers reborn before the entire town--and everyone he loves--is destroyed?

The Perfect Betrayal

Forge Books
Neil Cornwell's study, while endeavouring to present an historical survey of absurdist literature and its forbears, does not aspire to being an exhaustive history of absurdism.

Rather, it pauses on certain historical moments, artistic movements, literary figures and selected works, before moving on to discuss four key writers: Daniil Kharms, Franz Kafka, Samuel Beckett and Flann O'Brien. The absurd in literature will be of compelling interest to a considerable range of students of comparative, European (including Russian and Central European) and

English literatures (British Isles and American) – as well as those more concerned with theatre studies, the avant-garde and the history of ideas (including humour theory). It should also have a wide appeal to the enthusiastic general reader.

What is it about the cat that captivates the creative imagination?

No other creature has inspired so many authors to take pen to page. From legendary editor Ellen Datlow comes *Tails of Wonder and Imagination*, showcasing tales of science fiction, fantasy, mystery, and horror by some of today's most popular authors. With stories by Stephen King, Carol Emshwiller, Tanith Lee, Peter S. Beagle, Elizabeth Hand, Dennis Danvers, Theodora Goss, Susanna Clarke, Neil Gaiman, Kelly Link, George R. R. Martin, Lucius Shepard, Joyce Carol Oates, Graham Joyce, Catherynne M. Valente, Michael Marshall Smith, and many others. *Tails of Wonder and Imagination* features more than forty stories in which cats are heroes and stories in which they're villains; tales of domestic cats, tigers, lions, mythical part-cat beings, people transformed into cats, cats transformed into people. And yes, even a few cute cats. *Chivalry and Violence in Medieval Europe* Open Road Media "The evil that men do" has been chronicled for thousands of years on the European stage, and perhaps nowhere else is human fear of our own evil more detailed than in its personifications in theater. In *Stages of Evil*, Robert Lima

explores the sociohistorical implications of Christian and pagan representation of evil and the theatrical creativity that occultism has engendered. By examining examples of alchemy, astronomy, demonology, exorcism, fairies, vampires, witchcraft, hauntings, and voodoo in prominent plays, *Stages of Evil* explores American and European perceptions of occultism from medieval times to the

modern age. *Men and Bears* 47 North Doc Savage must pursue the X Man, an insane man found wandering the ruins of a crumbling Roman fort and who has escaped from Wyndmoor Asylum, bent on unleashing a cyclone of violence on modern-day New York. *Original Myths of the Norsemen from the Eddas and Sagas* Del Rey There's thunder on the horizon, and the lightning of

war is about to strike. After years of struggle, Layla Cassidy has finally mastered the dark powers that threatened to control her and turned them to good. She's ready to fight, but the next battle will be her greatest test yet. The forces of Avalon are growing ever stronger, reinforcing their dominance with almighty displays of brutality. When Abaddon comes close

to crushing Layla and her friends, it's clear that the thunder of war is about to give way to lightning--and that they have no chance of surviving it alone. The final battle against Abaddon is drawing closer. Now Layla and her friends must fight for themselves--and the future of the world. To win, they will need every power and ally they can muster. But even with all their strength, will it be enough

to stand against the impending doom? All the Rage McGill-Queen's Press - MQUP With Silent Screams47North Frozen Rage Library of Alexandria A hang-onto-your-hat-and-heart thriller of triumph and tragedy that barrels along at F. Paul Wilson's trademark breakneck pace, Harbingers It starts off so simply: Jack, still feeling down after the tragic events of Infernal, is

hanging in Julio's when a regular named Timmy asks him for help. His teenage niece has been missing since this morning; the police say it's too early to worry, but Timmy knows something bad has happened. Jack says he'll put the word out on the street. This innocent request triggers a chain of seemingly coincidental events that lead Jack into the darkest days of his life. As has

become evident in the series, Jack has been singled out, unwillingly, as the champion of one of the two supernatural forces contending for control of all human life on Earth. Neither of these forces are good or evil, just dangerous and amoral. They value and notice individual humans about as much as we do mosquitos. Jack is desperate . . . and the last thing you want to do is make Jack

desperate. That's when things begin to blow up and people begin to die. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied. University Press of Kentucky
Nebula Award Finalist: This "sexy, disturbing, touching, wildly comic . . . tour de

force" blends fantasy, folklore, and the history of women and slavery (Kirkus Reviews, starred review). In 1804, shortly before the Caribbean island of Saint Domingue is renamed Haiti, a group of women gather to bury a stillborn baby. Led by a lesbian healer and midwife named Mer, the women's lamentations inadvertently release the dead infant's "unused vitality" to draw Ezili—the Afro-

Caribbean goddess of sexual desire and love—into the physical world. As Ezili explores her newfound powers, she travels across time and space to inhabit the midwife’s body—as well as those of Jeanne, a mixed-race dancer and the mistress of Charles Baudelaire living in 1880s Paris, and Meritet, an enslaved Greek-Nubian prostitute in ancient Alexandria. Bound together by

Ezili and “the salt road” of their sweat, blood, and tears, the three women struggle against a hostile world, unaware of the goddess’s presence in their lives. Despite her magic, Mer suffers as a slave on a sugar plantation until Ezili plants the seeds of uprising in her mind. Jeanne slowly succumbs to the ravages of age and syphilis when her lover is unable to escape his

mother’s control. And Meritet, inspired by Ezili, flees her enslavement and makes a pilgrimage to Egypt, where she becomes known as Saint Mary. With unapologetically sensual prose, Nalo Hopkinson, the Nebula Award-winning author of *Midnight Robber*, explores slavery through the lives of three historical women touched by a goddess in this “electrifying

bravura performance by one of our most important writers" (Junot Díaz). Adoption of a French Tribe by Bereaved Native America: A Transdisciplinary Longitudinal Multilevel Integrated Analysis Ruth Ann Nordin Devastating losses caused by diseases such as smallpox led to an epidemic of bereavement among the Natives. This loss resonated with the French, who

had dealt with smaller epidemics in France and were also mourning their absent communities through a nostalgia for home. Blum traces how ghosts provided transgenerational and transcultural links that guided understanding rather than encouraging violence. Ghost Brothers insightfully examines the process of this colonial interdependent alliance between

Native and European worlds. A Repairman Jack Novel Quirk Books Presents an introduction to Dungeons and Dragons with information on the rules, characters, weapons and gear, and game etiquette. **The Antediluvian World** Manchester University Press Carl Richie's wife took delight in making him miserable, often reminding him she wished she'd married

someone much more deserving. So when she dies, it's no great loss. His problems, however, are far from over. His father left him twenty acres and a stream that most likely has gold in it, but in order for him to keep the property, he must have a child. The last thing Carl wants to do is marry again, but he has no choice. So, with reluctance, he posts a mail-order bride ad. Juliet Gilbert needs

to marry someone—and fast. On a whim, she answers the first mail-order bride ad that will take her to a place where her past won't catch up with her. From the beginning, Carl makes it clear he's not interested in love. He only wants a child, and then he'll give her a portion of any gold he finds on his land and leave her alone to do as she wishes. Since love is the least of her concerns, she agrees as long as he

never asks about her past. The two strike the bargain, and she comes out to marry him. What neither expects, however, is that bargains are far easier to make than they are to keep.
