MIDDLETON MANNING

Women and the Mafia Vintage

The insightful essays in this book shine a new light on the roles of women within criminal networks, roles that in reality are often less traditional than researchers used to think. The book seeks to answer questions from a wide range of academic disciplines and traces the portrait of women tied to organized crime in Italy and around the world. The book offers up accounts of mafia women, and also tales of severe abuse and violence against women.

The Spoiler Lacaita

“In an era of growing anti-intellectualism, [Judt's] essays remind us of what we gain when we stick fast to high ethical and intellectual standards, and what is lost when we let them slip.”
 —Mark Mazower, *Financial Times* “Scintillating journalism . . . This collection is a reminder of Judt’s clear mind and prose and, as Homans says in her lovely introduction, his fidelity to hard facts and to honest appraisal of the modern scene.” —Samuel Moyn, *The New York Times Book Review* In an age in which the lack of independent public intellectuals has often been sorely lamented,

the historian Tony Judt played a rare and valuable role, bringing together history and current events, Europe and America, what was and what is with what should be. In *When the Facts Change*, Tony Judt’s widow and fellow historian Jennifer Homans has assembled an essential collection of the most important and influential pieces written in the last fifteen years of Judt’s life, the years in which he found his voice in the public sphere. Included are seminal essays on the full range of Judt’s concerns, including Europe as an idea and in reality, before 1989 and thereafter; Israel, the Holocaust and the Jews; American hyperpower and the world after 9/11; and issues of social inclusion and social justice in an age of increasing inequality. Judt was at once most at home and in a state of what he called internal exile from his native England, from Europe, and from America, and he finally settled in New York—between them all. He was a historian of the twentieth century acutely aware of the dangers of ethnic exceptionalism, and if he was shaped by anything, it was the Jewish past and his own secularism. His essays on Israel ignited a firestorm debate for their forthright criticisms of Israeli government policies relating to the Palestinians and the occupied territories. Those crucial pieces are published here in book form for the first time, including an essay, never previously published, called “What Is to

Be Done?" These pieces are suffused with a deep compassion for the Israeli dilemma, a compassion that instilled in Judt a sense of responsibility to speak out and try to find a better path, away from what he saw as a road to ruin. When the Facts Change also contains Judt's homages to the culture heroes who were some of his greatest inspirations: Amos Elon, François Furet, Leszek Kolakowski, and perhaps above all Albert Camus, who never accepted the complacent view that the problem of evil couldn't lie within us as well as outside us. Included here too is a magnificent two-part essay on the social and political importance of railway travel to our modern conception of a good society; as well as the urgent text of "What Is Living and What Is Dead in Social Democracy," the final public speech of his life, delivered from a wheelchair after he had been stricken with a terrible illness; and a tender and wise dialogue with his then-teenage son, Daniel, about the different outlooks and burdens of their two generations. To read When the Facts Change is to miss Tony Judt's voice terribly, but to cherish it for what it was, and still is: a wise, human, deeply informed view on our most pressing concerns, delivered in good faith.

The Pope's Secret War Against Hitler EDIZIONI DEDALO

Vanda Wilcox's edited volume Italy in the Era of the Great War analyses the political, military, social, economic and cultural history of war in Italy between 1911 and 1922.

Edizioni Mondadori

In Europe, immigration is a politically potent issue—especially when it comes to the treatment of asylum seekers and illegal labor immigrants. This volume draws the reader into the complex and contradictory world of migration regulation and control, covering the wide range of different policy approaches that aim to control the entry and residence of non-EU citizens. Revealing the common framework, tendencies, and policy convergences brought about less by design than a common concern about migration's impact on the future of the EU, Modes of Migration Regulation and Control in Europe questions the effectiveness of additional efforts in terms of their fiscal and societal costs. "This important book emphasizes that European countries individually and collectively are converging in their efforts to manage migration."—Philip Martin, University of California, Davis

When the Facts Change Springer Science & Business Media

A dark hyper-comedy set in London in the late 1990s during the last gasp of the newspaper wars just before the dot-com tidal wave--about two female journalists at opposite ends of their life and work who become locked in a fierce tango of wills and whose lives are forever changed by their (not-so-) brief (head-on) encounter. At the novel's center--a legendary prize-winning war correspondent (called in her day "The Newsroom Dietrich" because of her luminescent beauty) now in her eighties, at the end of her career, who, over the decades, as the intrepid golden girl of the press, has been on the front lines or in the foxholes of every major theater of war of the twentieth century (Madrid; Normandy; Buchenwald; Berlin; Algiers; Korea; Vietnam). She is recognized everywhere (she finds fame mortifying these days); lionized for her fearless, politically informed, objective reporting; and now, though fragile and in an accelerating decline, her goddess-like beauty long gone, her style of writing--unbiased reportage--obsolete in the age of New Journalism, is rediscovered with the reissue of her frontline journalism, and the about-to-be-published collection of her Pulitzer Prize-winning dispatches. The other, a young up-and-not-so-coming reporter in her twenties; a degree in media studies, a freelance editor who compiles A-lists (Ten Best / Ten Worst; What's In / What's Out) for a down-market magazine of a newspaper specializing in celebrity gossip, unexpectedly sent to write a feature on the venerated "doyenne of British journalists"--to get the dirt on her glittering Hollywood

days, her many affairs and three marriages...What ensues is a high-stakes, high-risk battle of wit and wills as lives are shaken, secrets unearthed, and headlines blast (unconfirmed) "truths," with one newspaper--the spoiler--playing off against another in a ruthless, desperate grab for sensation and circulation.

Il ministero della paranoia. Storia della Stasi Amsterdam

University Press

The Entity relates to the special Vatican Secret Service agency that was founded in 1566. For five centuries, the Vatican has used a secret spy service, called the Holy Alliance, or later, the Entity, to carry out its will. Forty Popes have relied on it to carry out their policies. In her book Vilasi delves deep into the history of this agency and takes an in-depth look at its historical background, structure, and its main leaders. It also highlights some of the events related to the same history of the Church.

Carte secrete Penguin

Fino alla sua caduta (9 novembre 1989), il Muro ha rappresentato la divisione in due di Berlino ma anche il confine visibile fra due ideologie, due concezioni di società, due mondi. Berlino Ovest affacciata su un Occidente libero, Berlino Est intrappolata nel socialismo reale di stampo sovietico. Simbolo dell'escalation della Guerra Fredda, il Muro si prolungava attraverso recinzioni, fossati e sorveglianza armata, lungo tutto il confine fra le due Germanie nate dopo la seconda guerra mondiale. La "striscia della morte" per trent'anni ha separato i destini di intere famiglie; e lì si sono consumate storie avventurose e tragiche, tentativi di fuga riusciti e altri soffocati nel sangue. La fuga più spettacolare e incredibile dalla Germania Est avvenne in mongolfiera e vide protagoniste le famiglie Wetzel e Strelczyk. Questo libro ricostruisce quegli anni e racconta quella e decine di altre fughe, con un'intervista esclusiva a Günter Wetzel, protagonista di quella pazzesca evasione a bordo di un pallone aerostatico. "Il Muro, non ha solo diviso uno spazio ma anche il tempo". (Alexandra Hildebrandt) "La Germania Est è stato un Paese dalle possibilità limitate, che poneva limiti non richiesti: mentali, ideologici e fisici, contro lo sviluppo individuale di ogni singola persona". (Gordon Freiherr von Godin) "Muri, confini, frontiere non fanno parte di un territorio, non fanno parte di un paesaggio. È l'essere umano a costruirli". (Viviana Trentin)

A Karin Müller Thriller Princeton University Press

Against the backdrop of one of the great transformations of our century, the sudden and unexpected fall of communism as a ruling system, Charles Maier recounts the history and demise of East Germany. Dissolution is his poignant, analytically

provocative account of the decline and fall of the late German Democratic Republic. This book explains the powerful causes for the disintegration of German communism as it constructs the complex history of the GDR. Maier looks at the turning points in East Germany's forty-year history and at the mix of coercion and consent by which the regime functioned. He analyzes the GDR as it evolved from the purges of the 1950s to the peace movements and emerging youth culture of the 1980s, and then turns his attention to charges of Stasi collaboration that surfaced after 1989. In the context of describing the larger collapse of communism, Maier analyzes German elements that had counterparts throughout the Soviet bloc, including its systemic and eventually terminal economic crisis, corruption and privilege in the SED, the influence of the Stasi and the plight of intellectuals and writers, and the slow loss of confidence on the part of the ruling elite. He then discusses the mass protests and proliferation of dissident groups in 1989, the collapse of the ruling party, and the troubled aftermath of unification. Dissolution is the first book that spans the communist collapse and the ensuing process of unification, and that draws on newly available archival documents from the last phases of the GDR, including Stasi reports, transcripts of Politburo and Central Committee debates, and papers from the Economic Planning Commission, the Council of Ministers, and the office files of key party officials. This book is further bolstered by Maier's extensive knowledge of European history and the Cold War, his personal observations and conversations with East Germans during the country's dramatic transition, and memoirs and other eyewitness accounts published during the four-decade history of the GDR.

Repetition and the Transformation of Early Modern Italian Art Viella Libreria Editrice

Since 1947, the mysterious crash of an unidentified aircraft at Roswell, New Mexico, has fueled a firestorm of speculation and controversy with no conclusive evidence of its extraterrestrial origin -- until now. Colonel Philip J. Corso (Ret.), a member of President Eisenhower's National Security Council and former head of the Foreign Technology Desk at the U.S. Army's Research & Development department, has come forward to tell the whole explosive story. Backed by documents newly declassified through the Freedom of Information Act, Colonel Corso reveals for the first time his personal stewardship of alien artifacts from the crash, and discloses the U.S. government's astonishing role in the Roswell incident: what was found, the cover-up, and how these alien artifacts changed the course of 20th century history.

Stasi Child Basic Books

I dodici racconti di questo libro sono il risultato migliore della quarta edizione del concorso di scrittura a squadre Che Storia! Racconti avvincenti ed emozionanti in cui storia e invenzione si arricchiscono a vicenda, in un originale amalgama di curiosità e ricerca, di studio e fantasia. Racconti che affrontano temi centrali della riflessione storica con solidi intrecci tra vicende private e avvenimenti collettivi. Racconti in cui la storia è vista dalla parte degli innocenti, degli indifesi, dei giusti, in un dialogo con la memoria impegnato ad opporsi non soltanto al male ma anche all'indifferenza, a quel volgere lo sguardo altrove che rende complici e dunque colpevoli.

giornale di legislazione e giurisprudenza civile e penale Edizioni Terra Santa

Based on previously unexplored archival documentation, this book offers the first general overview of the history of Italian

eugenics, not limited to the decades of Fascist regime, but instead ranging from the beginning of the 1900s to the first half of the 1970s. The Author discusses several fundamental themes of the comparative history of eugenics: the importance of the Latin eugenic model; the relationship between eugenics and fascism; the influence of Catholicism on the eugenic discourse and the complex links between genetics and eugenics. It examines the Liberal pre-fascist period and the post-WW2 transition from fascist and racial eugenics to medical and human genetics. As far as fascist eugenics is concerned, the book provides a refreshing analysis, considering Italian eugenics as the most important case-study in order to define Latin eugenics as an alternative model to its Anglo-American, German and Scandinavian counterparts. Analyses in detail the nature-nurture debate during the State racist campaign in fascist Italy (1938-1943) as a boundary tool in the contraposition between the different institutional, political and ideological currents of fascist racism.

A Casebook on Conspiracy as Explanation BRILL

The heart-pounding history of how Pope Pius XII -- often labeled "Hitler's Pope" -- was in fact an anti-Nazi spymaster, plotting against the Third Reich during World War II. The Vatican's silence in the face of Nazi atrocities remains one of the great controversies of our time. History has accused wartime pontiff Pius the Twelfth of complicity in the Holocaust and dubbed him "Hitler's Pope." But a key part of the story has remained untold. Pope Pius in fact ran the world's largest church, smallest state, and oldest spy service. Sainly but secretive, he sent birthday cards to Hitler -- while secretly plotting to kill him. He skimmed from church charities to pay covert couriers, and surreptitiously tape-recorded his meetings with top Nazis. Under his leadership the Vatican spy ring actively plotted against the Third Reich. Told with heart-pounding suspense and drawing on secret transcripts and unsealed files by an acclaimed author, Church of Spies throws open the Vatican's doors to reveal some of the most astonishing events in the history of the papacy. Riebling reveals here how the world's greatest moral institution met the greatest moral crisis in history.

The Vatican Intelligence Service Antonio Giangrande

Despite strenuous efforts from local, national, and international law enforcement, organized crime continues to thrive and prosper—even centuries-old crime outfits are surviving the global forces of mass migration and multinational business and finance. From traditional gangland enterprises such as narcotics, gambling, and prostitution, the world's mafias have moved into new sources of illegal income, including high-tech arms smuggling, money laundering, and identity fraud. Traditional Crime in the Modern World tracks these organizations—the Italian and Mexican mafias, Columbian drug cartels, Chinese triads, and others—across five continents as they adapt to change, and assesses their prospects in the short and long term. World events such as the collapse of the Soviet Union and the 9/11 terror attacks are discussed in the context of contributing to emerging markets for illicit goods and services, and to evolving partnerships among criminal entities. This timely volume: • Provides a comprehensive overview of how mafia-like structures function today. • Analyzes in depth national crime situations with global implications. • Examines the migration of organized crime groups and their operations in their new countries. • Gauges the influence of digital and other technologies on organized crime. • Where applicable, notes the links between organized crime and national political institutions. • Describes the impact of the global financial crisis on crime organizations. Concise, compelling, and deeply documented, Traditional Crime in the Modern World is an eye-opening resource for researchers in Criminology and Criminal

Justice, particularly with an interest in organized crime and trafficking, as well as related topics of Demography, Political Science, and International Relations.

Dove sono in questa storia Central European University Press
La leva ha segnato la vita degli italiani. Tanto più lo ha fatto in età liberale, quando si è indissolubilmente intrecciata con fenomeni come il Risorgimento, la costruzione dello Stato e il suo rapportarsi con la Chiesa, il volontarismo, il colonialismo, le grandi migrazioni, lo sviluppo economico e urbanistico, la politicizzazione e la nazionalizzazione delle masse, la loro scolarizzazione e medicalizzazione, nonché la costruzione di nuovi modelli pedagogici e di mascolinità. Nel ricostruire norme, pratiche, discorsi e quotidianità del servizio militare fra Unità e Grande guerra questo libro indaga dunque per la prima volta la coscrizione a tutto tondo e nei suoi rapporti con analoghi istituti stranieri, facendone una chiave per ragionare sul mondo in divisa, sulle sue relazioni con la sfera civile e più in generale sulle vicende del primo cinquantennio postunitario. Perché dalla caserma alla trincea passa una parte importante della storia d'Italia.

Così volammo via dalla Germania Est Ledizioni

Soon to be a major Amazon film directed by George Clooney and starring Ben Affleck, Tye Sheridan, Lily Rabe, and Christopher Lloyd, a raucous, poignant, luminously written memoir about a boy striving to become a man, and his romance with a bar, in the tradition of *This Boy's Life* and *The Liar's Club*. J.R. Moehringer grew up captivated by a voice. It was the voice of his father, a New York City disc jockey who vanished before J.R. spoke his first word. Sitting on the stoop, pressing an ear to the radio, J.R. would

strain to hear in that plummy baritone the secrets of masculinity and identity. Though J.R.'s mother was his world, his rock, he craved something more, something faintly and hauntingly audible only in *The Voice*. At eight years old, suddenly unable to find *The Voice* on the radio, J.R. turned in desperation to the bar on the corner, where he found a rousing chorus of new voices. The alphas along the bar—including J.R.'s Uncle Charlie, a Humphrey Bogart look-alike; Colt, a Yogi Bear sound-alike; and Joey D, a softhearted brawler—took J.R. to the beach, to ballgames, and ultimately into their circle. They taught J.R., tended him, and provided a kind of fathering-by-committee. Torn between the stirring example of his mother and the lurid romance of the bar, J.R. tried to forge a self somewhere in the center. But when it was time for J.R. to leave home, the bar became an increasingly seductive sanctuary, a place to return and regroup during his picaresque journeys. Time and again the bar offered shelter from failure, rejection, heartbreak—and eventually from reality. In the grand tradition of landmark memoirs, *The Tender Bar* is suspenseful, wrenching, and achingly funny. A classic American story of self-invention and escape, of the fierce love between a single mother and an only son, it's also a moving portrait of one boy's struggle to become a man, and an unforgettable depiction of how men remain, at heart, lost boys. Named a best book of the year by *The New York Times*, *Esquire*, *The Los Angeles Times Book Review*, *Entertainment Weekly*, *USA Today*, NPR's "Fresh Air," and *New York Magazine* *A New York Times*, *Los Angeles Times*, *Wall Street Journal*, *San Francisco Chronicle*, *USA Today*, *Booksense*, and *Library Journal* **Bestseller** *Booksense Pick* **Borders New Voices Finalist** **Winner of the Books for a Better Life First Book Award**
