HOWARD SHYANNE

Think Quercus

'It is possible for man to snatch the world from the darkness of absurdity' How should we think and act in the world? These writings on the human condition by one of the twentieth century's great philosophers explore the absurdity of our notions of good and evil, and show instead how we make our own destiny simply by being. One of twenty new books in the bestselling Penguin Great

Ideas series. This new selection showcases a diverse list of thinkers who have helped shape our world today, from anarchists to stoics, feminists to prophets, satirists to Zen Buddhists.

An In-Depth Overview of History's Great Thinkers Penguin

'Philosophy: The Basics deservedly remains the most recommended introduction to philosophy on the market. Warburton is patient, accurate and, above all, clear. There is no better short introduction to philosophy.' - Stephen Law, author of The Philosophy Gym Philosophy: The Basics gently eases

the reader into the world of philosophy. Each chapter considers a key area of philosophy, explaining and exploring the basic ideas and themes including: Can you prove God exists? How do we know right from wrong? What are the limits of free speech? Do you know how science works? Is your mind different from your body? Can you define art? How should we treat non-human animals? For the fifth edition of this best-selling book, Nigel Warburton has added an entirely new chapter on animals, revised others and brought the further reading sections up to date. If you've ever asked 'what is philosophy?', or wondered whether the world is really the way you think it is, this is the book for you.

A Ton of Crap Simon and Schuster

From perception tests and the Rorschach

blots to B. F. Skinner and the stages of development, this primer for human behavior is packed with hundreds of ... psychology basics and insights...

Philosophy For Dummies Routledge

After the execution of Socrates in 399

BC, a number of his followers wrote

dialogues featuring him as the

protagonist and, in so doing,

transformed the great philosopher into a

legendary figure. Xenophon's portrait is

the only one other than Plato's to

survive, and while it offers a very

personal interpretation of Socratic

thought, it also reveals much about the

man and his philosophical views. In

'Socrates' Defence' Xenophon defends

his mentor against charges of arrogance

made at his trial, while the 'Memoirs of

Socrates' also starts with an

impassioned plea for the rehabilitation of a wronged reputation. Along with 'The Estate-Manager', a practical economic treatise, and 'The Dinner-Party', a sparkling exploration of love, Xenophon's dialogues offer fascinating insights into the Socratic world and into the intellectual atmosphere and daily life of ancient Greece.

Everything You Need to Know to Master the Subject ... In One Book!

Rockridge Press

A perfect introduction for students and laypeople alike, *A Degree in a Book: Philosophy* provides you with all the concepts you need to understand the fundamental issues. Filled with helpful diagrams, suggestions for further reading, and easily digestible features on the history of philosophy, this book

makes learning the subject easier than ever. Including ideas from Aristotle and Zeno to Descartes and Wittgenstein, it covers the whole range of western thought. By the time you finish reading this book, you will be able to answer questions like: • What is truth? • What can I really know? • How can I live a moral life? • Do I have free will?

Ethics 101 Simon and Schuster

Explore the mysteries of morality and the concept of right and wrong with this accessible, engaging guide featuring basic facts along with an overview of modern-day issues ranging from business ethics and bioethics to political and social ethics. *Ethics 101* offers an exciting look into the history of moral principles that dictate human behavior. Unlike traditional textbooks that

overwhelm, this easy-to-read guide presents the key concepts of ethics in fun, straightforward lessons and exercises featuring only the most important facts, theories, and ideas. Ethics 101 includes unique, accessible elements such as: -Explanations of the major moral philosophies including utilitarianism, deontology, virtue ethics, and eastern philosophers including Avicenna, Buddha, and Confucius. - Classic thought exercises including the trolley problem, the sorites paradox, and agency theory -Unique profiles of the greatest characters in moral philosophy - An explanation of modern applied ethics in bioethics, business ethics, political ethics, professional ethics, organizational ethics, and social ethics From Plato to Jean-Paul Sartre and

utilitarianism to antirealism, Ethics 101 is jam-packed with enlightening information that you can't get anywhere else!

An Eyes-and-Ears-and-Mouth-and-Nose Guide to Self-Diagnosis OUP Oxford

What existed before the Universe was created? Where does self-worth come from? Do the ends always justify the means? The Philosophy Book answers the most profound questions we all have. It is your visual guide to the fundamental nature of existence, society, and how we think. Discover what it means to be free, whether science can predict the future, or how language shapes our thoughts. Learn about the world's greatest philosophers, from Plato and Confucius to modern thinkers such as Chomsky and Derrida

and follow charts and timelines that graphically show the progression of ideas and logic. Written in plain English, with concise explanations of branches of philosophy such as metaphysics and ethics, it untangles complicated theories and makes sense of abstract concepts. It is an ideal reference whether you're a student or a general reader, with simple explanations of big ideas, including the four noble truths, the soul, class struggle, moral purpose, and good and evil. If you're curious about the deeper questions in life, *The Philosophy Book* is both an invaluable reference and illuminating read.

The Philosophy Book for Beginners

Simon and Schuster

Philosophy is to question everything.
More than a lifestyle, larger than any

single idea, broader than a conviction, philosophy is the love of exploration, of knowledge, of uncertainty, and of that cornerstone of free thinking: doubt. Kevin Perry's "Philosophy" takes the reader on a grand tour of life's biggest questions, examining all that the world's greatest philosophers have said about life and death, love and loss, language, art and God, to name a few. Philosophy is a great companion and a roadmap to navigate life's major milestones, including:

- How to make sense of death
- What loving someone or something means
- The effect of art on our lives
- What role language plays in understanding the world
- How do our ideas affect our actions

Socrates' Way Simon and Schuster
Uncover the mysteries of the past with

this exciting, comprehensive guide on world history. History books are often filled with long descriptions, complex facts, and stories that can bore even the most enthusiastic history buffs. In *World History 101* you'll skip those tedious details and focus on engaging lessons that will impress any kind of historian. From Julius Caesar and Genghis Khan to the Cold War and globalization, each section takes you on an adventure through time to discover the most important moments in history and how they shaped civilization today. With hundreds of absorbing facts and trivia throughout, *World History 101* can help you learn more about the civilizations of the past and help bring history to life.

The Fundamentals University of Toronto Press

Have you ever lain awake at night worried about how we can be sure of the reality of the external world? Perhaps we are in fact disembodied brains, floating in vats at the whim of some deranged puppetmaster. If so, you are not alone--and what's more, you are in exalted company--for this question and other ones like it have been the stuff of philosophical rumination from Plato to Popper. In a series of accessible and engagingly written essays, *50 Philosophy Ideas You Really Need to Know* introduces and explains the problems of knowledge, consciousness, identity, ethics, belief, justice, and aesthetics that have engaged the attention of thinkers from the era of the ancient Greeks to the present day.

Philosophy: A Very Short

Introduction Penguin UK

It's not what you know. It's what they think you know. And they will think you know it all once you learn how to bullsh*t successfully. Because there's a difference between talking out of your ass and bullsh*tting like a pro--and if you want to sound in the know without getting called out, you better know how to do it right. What you want is to be able to control any conversation and keep cool under pressure with a combination of confidence and cunning. To help out, there's a section of useful facts to stick up your sleeve. Forget being a know-it-all. You'll tap into real appeal and have a lot more fun once you become a skilled bullsh*t artist. Guaranteed.

An Introduction to the Key Thinkers and

Theories You Need to Know Philosophy 101 From Plato and Socrates to Ethics and Metaphysics, an Essential Primer on the History of Thought
Learn the Fundamental Philosophies from Socrates, the Famous Ancient Greek Philosopher Update: 3rd Edition on Sept 19, 2016 - With Added Content! Get it Now Before the Price Increases!
~BONUS RIGHT AFTER THE CONCLUSION - ACT NOW BEFORE GONE! You've come to the right place to learn about Life & Philosophy Socrates is perhaps the most celebrated of all ancient philosophers. Credited as a founder father of Western philosophy, he is well known for his dialogues with his students and for thinking in terms of ethics and morals. He was also the mentor of other famous Greek philosophers, such as Plato and

Xenophon. Socrates was an honest thinker that wanted his students to think of the answers themselves, instead of having the teacher provide the solution. He was also a strong advocate of justice. He took his last stand by accepting Athenian law of being sentenced to death, instead of fleeing for his life. Socrates is truly a remarkable human being worth examining. In this book, we will discover who Socrates was, what he stood for, and the lessons he taught us throughout his life time. His concepts of virtues will be discussed in full detail, and his best theories will be explained once and for all. Here's a Preview of What You Will Learn * What made Socrates different from other philosophers of his time? * Why did other philosophers oppose him? * How Greek

law influenced Socrates' thinking * The Socratic Method explained * Why is an unexamined life not worth living? * and much much more! **DOWNLOAD NOW!** Scroll up to Buy with One-Click!
Psychology Facts, Basics, Statistics, Tests, and More! Zephyros Press
 It's time to start taking toilet time a little more seriously. (Well, as seriously as you can with your pants around your ankles.) What's inside is a digestible re-education in everything you probably learned, but most likely forgot because you have too much crap to remember. Don't worry though; the way the information's presented, the learning won't be too rough. During every visit, you'll be schooled on five academic subjects: History, Language Arts, Math, Science, and Foreign Language. Each subject is

broken down into topics, with each topic split into six mini-lessons, and finished off with a quick quiz. Think of each restroom trip as a day of middle school crammed into one bathroom break. Now rather than idle away as you do your business, you'll be treated to a first-class education that finishes when you flush—and picks up again when you sit back down.

Fragments : a Text and Translation with a Commentary Penguin

A new presentation of the evidence for the thought of Leucippus and Democritus, based on the original sources. Includes the Greek text of the fragments with facing English translation, notes, commentary, and complete indexes and concordances.

A Brief Introduction to Great

Thinkers and Big Ideas Penguin
How ought we to live? What really exists? How do we know? This book introduces important themes in ethics, knowledge, and the self, via readings from Plato, Hume, Descartes, Hegel, Darwin, and Buddhist writers. It emphasizes throughout the point of doing philosophy, explains how different areas of philosophy are related, and explores the contexts in which philosophy was and is done. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm

to make interesting and challenging topics highly readable.

What Is Existentialism? John Wiley & Sons

A comprehensive and complete primer to guide undergraduate philosophy students

An Introduction to the World's Great Thinkers and Their Big Ideas Simon and Schuster

Explore the curiosities of our galaxy! Too often, textbooks obscure the beauty and wonder of outer space with tedious discourse that even Galileo would oppose. The only see-it-and-believe-it guide to whole-body self-diagnosis! Worried about that not-so-distinct mole? Has an online search led you to believe that you're suffering from neurodermatitis, nasal polyps, or elephantitis? Do you

slather on a bottle of sanitizer daily or avoid others like they have the plague? Don't quarantine yourself just yet—trust your own eyes! Thanks to the help and humor of Paul Kleinman, you can learn and laugh about what you've got and what you're coming down with, all by looking at your body. Prognoses include: Dry, brittle hair is a symptom of hypothyroidism. Looks like you're running low on hormones or moisturizing shampoo. . . . White patches on your feet could mean you have pitted keratolysis. Great, so a colony of bacteria decided to move in or you forgot to use your antiperspirant again. . . . A rash from cheek to cheek could be a sign of lupus. Don't fret—your insides might be at war with an inflammatory disease or you may just need a higher SPF . . . Drawn

from real tenets of traditional medicine, modern research, and alternative practices, this tongue-in-cheek health guide will scratch your cyberchondriac's itch for information.

From Allah to Zen Buddhism, an Exploration of the Key People, Practices, and Beliefs that Have Shaped the Religions of the World Infobase Publishing

Why does philosophy give some people a headache, others a real buzz, and yet others a feeling that it is subversive and dangerous? Why do a lot of people think philosophy is totally irrelevant? What is philosophy anyway? The ABCs of philosophy - easy to understand but never simplistic. Beginning with basic questions posed by the ancient Greeks - What is the world made of? What is a

man? What is knowledge? What is good and evil? - Philosophy For Beginners traces the development of these questions as the key to understanding how Western philosophy developed over the last 2,500 years.

The Philosophy Book Simon and Schuster
If you want to know your Socrates from your Sartre and your Confucius from your Kant, strap in for this whirlwind tour of the highlights of philosophy. Including accessible primers on: The early Ancient Greek philosophers and the 'big three': Socrates, Plato and Aristotle Key schools

of philosophy and their impact on modern life Insights into the main questions philosophers have explored over the years: Who am I? What is the meaning of life? Do I have free will? Practical applications for the theories of Descartes, Kant, Wollstonecraft, Marx, Nietzsche and many more. This illuminating little book will introduce you to the key thinkers, themes and theories you need to know to understand how human ideas have sculpted the world we live in and the way we think today.
