'If you liked Bridget Jones's Diary, try this' BBC News 'So funny and sharp, yet tender and emotional too. I loved it!' Jill Mansell 'I adored The Last Romeo . . . funny, clever and warm' Adam Kay, author of This is Going to Hurt 'Funny, smart, tart' Russell T Davies, creator of BBC drama Torchwood 'A savagely funny and poignant journey' Red Magazine 'A frothy and insightful debut . . . an all-too-recognisable tale of the horrors and joys of attempting to find that special

Great fun' Sunday Mirror 'A book we can all relate to . . . Myers' original take on modern dating is refreshing and timely' GQ ***** James is 34 and fed up. His six-year relationship with Adam has imploded, he hates his job making up celebrity gossip, and his best friend Bella has just announced she's moving to Russia. Adrift and single in loved-up London, James needs to break out of his lonely, drunken comfort zone. Encouraged by Bella, he throws himself headlong into online dating, blogging each encounter anonymously as the

mysterious Romeo. After meeting a succession of hot/weird/gross men, James has fans and the validation he's always craved. But when his wild night with a closeted Olympian goes viral and sends his Twitter-fame through the roof, James realises maybe, in the search for happy-ever-after, some things are better left un-shared. Seriously, wherefore art thou Romeo . . . From Justin Myers, author of sensational blog The Guyliner, this razor-sharp and cringingly candid account of one man's quest for The One is as sad, fearless and funny as dating itself. ***** 'Sex and the City meets Bridget Jones's Diary in this sharp and pacey queer rom-com gone wrong for the digital age' Attitude 'We can't remember the last time there was this much buzz in the literary world over a

What an amazing debut' John Marrs, author of The One 'Justin's writing is razor-sharp and so funny . . . I inhaled it in one sitting' Francesca Hornak, author

The Madonna of St. Luke Quercus Muscular and macho, a mystery behind his signature shades, Mugler has always loved to shock. In his teen years, Mugler was a dancer at the Ballet du Rhin, which inspired his passion for movement and theatrical effect. At the same time, he was a student at the Ecole des Arts Decoratifs which developed his knowledge of design. At twenty he got a job at Gudule, the first of Strasbourg's "swinging" boutiques, and two years later was working as a freelancer for couturiers in Paris, Milan, and London. In

1973 he created his first independent collection that was the first intimation of the super-cool, ultra-feminine style that was to become his own. Whether she manifests herself as an astronaut, rodeo girl, Russian peasant, lady vampire, or blue angel, la muglerienne is versed in Freud, Les Liaisons Dangereuses and comic strips. So daring is his vision that such popular icons as Verushka, Dee-Lite, Diana Ross, Ivana Trump, Darryl Hannah, Jerry Hall, and Patty Hearst have willingly participated in his mega fashion shows. Then came the Muglerman, with impeccably cut clothes to echo the male figure, with pronounced shoulders and waist and tapered trousers. In addition, Mugler has designed for the stage and screen, has created a perfume called "Angel" which

is only outsold by Chanel No. 5, and is a highly respected photographer. He is truly a superstar in a leather jacket.

On a sunny beach on the Italian Riviera, two thirtysomething women, Yvonne and Huda, relax by the sparkling sea. But despite the setting, as their vacation unfolds, their complicated pasts seep through to the idyllic present. Both women spent their childhoods in Lebanon--Yvonne raised in a Christian family, Huda in a Muslim one--and they now find themselves torn between the traditional worlds they were born into and the successful professional identities they've created. Three months later, when Huda (a theater director from Toronto) visits Yvonne (an advertising executive) in London, a chance

encounter with a man at Speaker's Corner leads to profound repercussions for them both, as each woman undertakes her own quest for romance, revenge, and fulfillment. Witty and wry, *The Occasional Virgin* is a poignant and perceptive story of the tumultuous lives and sometimes shocking choices of two women successful in their careers but unlucky in love.

Couldn't get enough of *Love, Simon* or *The Gentleman's Guide to Vice and Virtue*? This is the (slightly NSFW) book for you! ----- 'My first time getting it in the butt was kind of weird. I think it's going to be weird for everyone's first time, though.' Meet Jack Rothman. He's seventeen and loves partying, makeup and boys - sometimes all at the same

time. His sex life makes him the hot topic for the high school gossip machine. But who cares? Like Jack always says, 'it could be worse'. He doesn't actually expect that to come true. But after Jack starts writing an online sex advice column, the mysterious love letters he's been getting take a turn for the creepy. Jack's secret admirer knows everything: where he's hanging out, who he's sleeping with, who his mum is dating. They claim they love Jack, but not his unashamedly queer lifestyle. They need him to curb his sexuality, or they'll force him. As the pressure mounts, Jack must unmask his stalker before their obsession becomes genuinely dangerous...

Sweethearts and soulmates for 60 years, June and Leon Bernicoff had a lifetime of love and laughter together. We fell in love with them on Gogglebox, where their warmth, cheeky gags and unending love for each other shone through our screens. When Leon sadly died at Christmas 2017, after spending every day since 1955 with his beloved June, the nation was left heartbroken. In this nostalgic, beautifully written book, June looks back at their time together, sharing treasured memories of a life truly well-lived. She tells of their courtship as students in the 1950s - how they fought to marry despite their

parents' disapproval, and just what living in 1960s Liverpool was like. Building a life together, creating a family in their loving home, Liverpool was a place Leon and June would never move from. They experienced their fair share of highs and lows, but always got through everything together. As Leon often reminded himself: 'As long as June's here, I'm all right.' *Previously published as Leon & June: Our Story*

They stay together, they plan together, and before long they're on the run together. But can either one of them really love the other? Or trust the other? The perfect gift for the Spice Girls fan in

your life! 'Lauren Bravo is one of my very favourite writers.' Dolly Alderton 'A joyous and energetic celebration of girlhood, friendship and pop culture. If you have ever sung into the lid of a can of Impulse body spray, you need to read this.' Daisy Buchanan The words 'girl power' conjure vivid memories of short skirts and platform boots. But it wasn't just about the look, it was about feminism. The Spice Girls gave a generation their first glimpse of the power of friendship, of staying true to yourself, of sheer bloody-mindedness. And the girl power generation went on to kick-start a new conversation around gender equality. We may have grown up asking What Would the Spice Girls Do?, but their particular brand of feminism is as relevant today as it was twenty years

ago - we still need that fun and fearlessness, we still need accessible and all-embracing equality... we still need a zig-a-zig-ah. 'The Spice Girls' arrival on the pop scene marked the gateway to a modern form of feminism, all dressed up as a riotously good time.' Stylist As featured in Elle magazine's Best Feminist Gift Books

 A blackly comic and heart-rending odyssey by the inimitable author of Down to the Dirt Scrapy tough guy and three-time loser Johnny Keough is going a little stir-crazy awaiting trial for an alleged assault charge involving his girlfriend, Madonna, and a teapot. Facing three to five years in a maximum-security prison, Johnny knows this might

just be the end of the road. But when Madonna doesn't show up for court due to a fatal accident, shell-shocked Johnny seizes his unexpected "clean slate" as a sign from above and embarks on an epic hitchhiking journey across Canada to deliver her ashes to a fabled beach on the outskirts of Vancouver. Johnny's wanderings see him propelled in and out of the driver's seat of stolen cars, knocking heads with cagey cops, nearly decapitated by a moose, coming face-to-face with his incarcerated biological father in a Kingston jail, and finding surprising connections with strangers on the lonely road west. But most of all, he revisits the choices and mistakes of his past—his relationships with his adoptive father and a cousin who meant the world to him, and his first real chance at love

with the woman who is now lost to him. *We'll All Be Burnt in Our Beds Some Night* is the story of one man's kicking-and-screaming attempt to recuperate from a life of petty crime and shattered relationships, and somehow accept and maybe even like the new man emerging from within, the one he so desperately needs to become.

“We speak of a mother’s love, but we forget her power.” Civilization has come to the alien, sunless planet its inhabitants call Eden. Just a few generations ago, the planet’s five hundred inhabitants huddled together in the light and warmth of the Forest’s lantern trees, afraid to venture out into the cold darkness around them. Now, humanity has spread across Eden, and two kingdoms have emerged. Both are sustained by violence and dominated by men – and both claim to be the favored children of Gela, the woman who came

to Eden long ago on a boat that could cross the stars, and became the mother of them all. When young Starlight Brooking meets a handsome and powerful man from across Worldpool, she believes he will offer an outlet for her ambition and energy. But she has no inkling that she will become a stand-in for Gela herself, and wear Gela’s fabled ring on her own finger—or that in this role, powerful and powerless all at once, she will try to change the course of Eden’s history.
