When I started translating Kalki's Ponniyin Selvan in 2010, blissfully unaware of the depth and the magnitude of the work, several people tried to dissuade me. One potential publisher even lured me with an offer to translate another work of Kalki. Reason: there were already many translations around. Yes, there were. But most of them, though done with utmost

sincerity, failed to create the emotional bond with the readers which the original author had effortlessly done in the Fifties when Ponniyin Selvan was serialised in a popular magazine. I did not rush up. I did not have a target or deadline. I let the translation work progress in its own pace. That explains the six long years I spent for this project. I read and re-read the first draft a dozen times before handing it over to my editors. There were many points of contention. There were issues where we could not reach a consensus easily. Finally the hard copy was ready for publication in

2016. The publisher had jitters and so did I. We got ready rough copies of two volumes. I gave it to two of my friends, who had read the original more than sixty times, with a mandate to read them in one go. They did and said "This is the best you can do in English." The work culminated not when the book was released by a former Central Minister in 2016, not even when it went for three editions but when an ardent fan of Kalki sent a mail to me in 2019. "It was as if Kalki himself rendered his great work in English."

The recently retired CEO of New Orleans City Park shares here all the major events that impacted the park in the last twenty years, from Hurricane Katrina to COVID-19. Located in the center of New Orleans, the park and its post-Katrina recovery were essential to the recovery of the entire city. This striking book with color images recounts the experiences,

both funny and heartbreaking, of the board, staff, and visitors to the park at a time of great upheaval. Bob Becker was a highly visible member of the community during his tenure as park CEO, and his behind-the-scenes stories will be of interest to fans of the park as well as professional city planners, park managers, disaster recovery experts, and universities worldwide.

Monthly Catalog of United States Government Publications

The fourth volume of The New Cambridge Medieval History covers the eleventh and twelfth centuries, which comprised perhaps the most dynamic period in the European middle ages. This is a history of Europe, but the continent is interpreted widely to include the Near East and North Africa. The volume is divided into two parts of which this, the second, deals with the course of events - ecclesiastical and secular - and major developments in an age marked by the transformation of the position of the papacy in a process fuelled by a radical reformation of the church, the decline of the western and eastern empires, the rise of western kingdoms and Italian elites, and the development of governmental structures, the beginnings

of the recovery of Spain from the Moors and the establishment of western settlements in the eastern Mediterranean region in the wake of the crusades.
