[Expert Advanced 3rd Edition Teacher's Book](#) Longman

When the Sudanese civil war reaches his village in 1985, 11-year-old Salva becomes separated from his family and must walk with other Dinka tribe members through southern Sudan, Ethiopia and Kenya in search of safe haven. Based on the life of Salva Dut, who, after emigrating to America in 1996, began a project to dig water wells in Sudan. By a Newbery Medal-winning author. [Calculus](#) Cambridge University Press Cambridge English for Scientists is a short course (40-60 hours) for student and professional scientists.

[Cambridge English for Scientists Student's Book with Audio CDs \(2\)](#) Cambridge University Press

Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. The path to being a professional actor was so much more vast and competitive than she'd imagined. It would be eight long years before she landed her iconic role on The Office, nearly a decade of frustration, struggle, rejection and doubt. If only she'd had a handbook for the aspiring actor. Or, better yet, someone to show her the way—an established actor who could educate her about the business, manage her expectations, and reassure her in those moments of despair. Jenna wants to be that person for you. With amusing candor and wit, Fischer spells out the nuts and bolts of getting established in the profession, based on her own memorable and hilarious experiences. She tells you how to get the right headshot, what to look for in representation, and the importance of joining forces with other like-minded artists and creating your own work—invaluable advice personally acquired from her many years of struggle. She provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams (auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!). Her inspiring, helpful guidance feels like a trusted friend who's made the journey, and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path towards the life of a professional actor.

[Solutions - Advanced](#) OUP Oxford

A supportive course that helps students of all abilities build confidence through graded practice. The flexible package makes it ideal for mixed-ability classes, and varying teaching loads. English Plus develops students' communication skills through a structured and methodical approach, helping students to achieve their individual learning outcomes in every lesson. [English Plus: 1: Teacher's Book with photocopiable resources](#) Ernst Klett Sprachen

Past Simple: Learning English through History Past Simple is a fascinating introduction to British history and culture, designed to improve the language skills of adult learners of English but suitable also for use in sixth-forms and FE colleges in Britain. The authors, both practising teachers, succeed in delivering a wealth of historical facts and improving students' language and critical thinking skills all in an engaging, entertaining and often humorous way. Past Simple comprises 22 chapters, 12 on key episodes or periods of British history (such as the First World War), 10 on significant themes (imperialism, the growth of democracy, etc.) that run through the story of these islands. Each chapter is based around a central reading text, followed by comprehension and critical thinking exercises, additional primary source material and a focus on relevant language points. There is a clear emphasis on skills development and follow-up extension tasks to encourage Internet and library research. Click here for the Past Simple answer sheets.

[A Long Walk to Water](#) Addison-Wesley Longman

This brand new edition of English in Mind revises and updates a course which has proven to be a perfect fit for classes the world over. Engaging content and a strong focus on grammar and vocabulary combine to make this course a hit with both teachers and students. --Book Jacket.

[Fundamentals of English Grammar](#) Elsevier

Drawing on their decades of teaching experience, William Briggs and Lyle Cochran have created a calculus text that carries the teacher's voice beyond the classroom. That voice-evident in the narrative, the figures, and the questions interspersed in the narrative-is a master teacher leading readers to deeper levels of understanding. The authors appeal to readers' geometric intuition to introduce fundamental concepts and lay the foundation for the more rigorous development that follows. Comprehensive exercise sets have received praise for their creativity, quality, and scope. Note: This is the standalone book if you want the book/access card order the ISBN below:
