General Knowledge Compendium for IAS Prelims General Studies

Paper 1 & State PSC Exams 2nd Edition

Penguin Books Limited
"Coming Up for Air" is the seventh book by English writer George Orwell, published in

June 1939 by Victor Gollancz. It was written between 1938 and 1939 while Orwell spent time recuperating from illness in French Morocco, mainly in

Marrakesh. He delivered the completed manuscript to Victor Gollancz upon his return to London in March 1939. The story follows George Bowling, a 45-year old husband, father, and insurance salesman, who foresees World War II and attempts to recapture idyllic childhood innocence and escape his dreary life by returning to Lower Binfield, his birthplace. The novel is comical and pessimistic, with its view that speculative builders, commercialism, and capitalism are killing the best of rural England and the existence of new, external threats.

Drawdown Novel Units

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Politics and the English Language, the second in the Orwell's Essays series,

Orwell takes aim at the language used in politics, which, he says, 'is designed to make lies sound truthful and murder respectable, and to give an appearance of solidity to pure wind'. In an age where the language used in politics is constantly under the microscope, Orwell's *Politics and the English Language* is just as relevant today, and gives the reader a vital understanding

of the tactics at play. 'A writer who can - and must - be rediscovered with every age.' — Irish Times
The Wild Robot
 BEYOND BOOKS HUB
 There were eccentric characters in the hotel. The Paris slums are a gathering-place for eccentric people—people who have fallen into solitary, half-mad grooves of life and given up trying to be normal or decent.

Poverty frees them from ordinary standards of behaviour, just as money frees people from work. Some of the lodgers in our hotel lived lives that were curious beyond words. There were the Rougiers, for instance, an old, ragged, dwarfish couple who plied an extraordinary trade. They used to sell postcards on the Boulevard St Michel. The curious thing was that the postcards were sold in

sealed packets as pornographic ones, but were actually photographs of chateaux on the Loire; the buyers did not discover this till too late, and of course never complained. The Rougiers earned about a hundred francs a week, and by strict economy managed to be always half starved and half drunk. The filth of their room was such that one could smell it on the floor below. According to Madame F.,

neither of the Rougiers had taken off their clothes for four years. *Laudato Si* epubli Experience the corruption of power and downfall of rebellion with this allegorical story of the Russian Revolution. This resource is great to use as a stand-alone resource, as well as a starting point for bigger activities. Predict whether old Major's words will inspire any action from the animals.

Explain how life for the animals changed immediately following the rebellion. Answer multiple choice questions that reference life on the farm under the leadership of the pigs. Get into the minds of the animals who continue to confess in the face of executions to determine their motivations. Research the concepts of propaganda and historical revisionism and how they connect to

Napoleon's actions in the novel. Discuss some of the instances of foreshadowing that can be found within the novel and how they influenced perceptions going forward. Aligned to your State Standards and written to Bloom's Taxonomy, our worksheets incorporate a variety of scaffolding strategies along with additional crossword, word search, comprehension quiz and answer key.

About the Novel: Animal Farm is an allegorical satire that recalls the Russian Revolution, in which the unhappy animals of Manor Farm rise up against humanity. In Willingdon, England, Mr Jones runs the neglected Manor Farm. His animals are not happy with their living conditions. One night, old Major calls on the other animals to overthrow the humans. He teaches them a

revolutionary song called 'Beasts of England'. When he dies, conditions on the farm continue to deteriorate, to the point where the animals decide to rise up. They chase the humans off the farm and rename it Animal Farm. Two pigs, named Snowball and Napoleon take control and immediately adopt a set of seven commandments they call Animalism. The farm runs smoothly until

bit by bit these commandments are broken by the pigs. Through propaganda, the pigs continue to keep control over the farm, even when the other animals start to question their actions. The story continues down a rabbit hole that inevitably shows the pigs are no different than the humans.

Coming Up for Air 8. Why I Write About the Author : Eric Arthur Blair (25 June 1903 – 21 January 1950), known by his pen name George Orwell, was an English novelist, essayist, journalist and critic. His work

is characterised by lucid prose, social criticism, opposition to totalitarianism, and support of democratic socialism.
♥♥Animal Farm by George Orwell♥♥
Orwell produced literary criticism and poetry, fiction and polemical journalism. He is known for the allegorical novella Animal Farm (1945) and the dystopian novel Nineteen Eighty-Four (1949). His non-fiction

works, including *The Road to Wigan Pier* (1937), documenting his experience of working-class life in the industrial north of England, and *Homage to Catalonia* (1938), an account of his experiences soldiering for the Republican faction of the Spanish Civil War (1936–1939), are as critically respected as his essays on politics and literature, language and culture.

♥♥Animal

Farm by George Orwell♥♥ Blair was born in India, and raised and educated in England. After school he became an Imperial policeman in Burma, before returning to Suffolk, England, where he began his writing career as George Orwell—a name inspired by a favourite location, the River Orwell. He lived from occasional pieces of journalism, and also worked as a teacher or

bookseller whilst living in London. From the late 1920s to the early 1930s, his success as a writer grew and his first books were published. He was wounded fighting in the Spanish Civil War, leading to his first period of ill health on return to England. During the Second World War he worked as a journalist and for the BBC. The publication of *Animal Farm* led to fame during his lifetime. During

the final years of his life he worked on 1984, and moved between Jura in Scotland and London. It was published in June 1949, less than a year before his death.

♥♥Animal Farm by George Orwell♥♥
 About the book : Animal Farm is a satirical allegorical novella by George Orwell, first published in England on 17 August 1945. The book tells the story of a group of farm animals who

rebel against their human farmer, hoping to create a society where the animals can be equal, free, and happy.

Ultimately, the rebellion is betrayed, and the farm ends up in a state as bad as it was before, under the dictatorship of a pig named Napoleon.

♥♥Animal Farm by George Orwell♥♥
 According to Orwell, the fable reflects events leading up to the Russian Revolution of 1917 and then

on into the Stalinist era of the Soviet Union. Orwell, a democratic socialist, was a critic of Joseph Stalin and hostile to Moscow-directed Stalinism, an attitude that was critically shaped by his experiences during the May Days conflicts between the POUM and Stalinist forces during the Spanish Civil War. The Soviet Union had become a totalitarian autocracy built upon a cult of personality

while engaging in the practice of mass incarcerations and secret summary trials and executions. In a letter to Yvonne Davet, Orwell described Animal Farm as a satirical tale against Stalin ("un conte satirique contre Staline"), and in his essay "Why I Write" (1946), wrote that Animal Farm was the first book in which he tried, with full consciousness of what he was doing, "to

fuse political purpose and artistic purpose into one whole". ♥♥Animal Farm by George Orwell♥♥ The original title was Animal Farm: A Fairy Story, but U.S. publishers dropped the subtitle when it was published in 1946, and only one of the translations during Orwell's lifetime kept it. Other titular variations include subtitles like "A Satire" and "A

Contemporary Satire". Orwell suggested the title Union des républiques socialistes animales for the French translation, which abbreviates to URSA, the Latin word for "bear", a symbol of Russia. It also played on the French name of the Soviet Union, Union des républiques socialistes soviétiques. ♥♥Animal Farm by George Orwell♥♥ **Fahrenheit 451** Enclave Publishing "The most

common words for teaching reading, writing, and spelling."--

Portrait Life of Lincoln

Haymarket Books
Burmese Days is George Orwell's first novel, originally published in 1934. Set in British Burma during the waning days of the British empire, when Burma was ruled from Delhi as part of British India, the novel serves as a portrait of the dark side

of the British Raj. At the center of the novel is John Flory, trapped within a bigger system that is undermining the better side of human nature. The novel deals with indigenous corruption and imperial bigotry in a society where natives peoples were viewed as interesting, but ultimately inferior. Includes a bibliography and brief bio of the author. The Complete Prophecies of Nostradamus

Penguin
The Arthur M. Sackler Colloquia of the National Academy of Sciences address scientific topics of broad and current interest, cutting across the boundaries of traditional disciplines. Each year, four or five such colloquia are scheduled, typically two days in length and international in scope. Colloquia are organized by a member of the Academy, often with the

assistance of an organizing committee, and feature presentations by leading scientists in the field and discussions with a hundred or more researchers with an interest in the topic. Colloquia presentations are recorded and posted on the National Academy of Sciences Sackler colloquia website and published on CD-ROM. These Colloquia are made possible by a generous

gift from Mrs. Jill Sackler, in memory of her husband, Arthur M. Sackler.

 The Art of War
 Sun Tzu
 Bestseller
 Book The Art of War
 The Art of War is traditionally attributed to an ancient Chinese military general known

as Sun Tzu meaning "Master Sun". Sun Tzu was traditionally said to have lived in the 6th century BC, but The Art of War's earliest parts probably date to at least 100 years later. Sun Tzu was a Chinese general, military strategist, and philosopher whose books have universal resonance even in the contemporary time. The Art of War has inspired Mao Zedong's writings about Guerrilla warfare. Ho

Chi Minh translated The Art of War for his generals to study. Sun Tzu's Art of War is a widely acclaimed book on military strategy that has influenced and shaped the idea of Western and Eastern nations' military philosophy. It presents complete instructions on how to win battles and manage conflicts. The theories proposed in Art of War are extremely beneficial on

the battleground and have been tried and tested by many successful military generals around the world. It is difficult to ascertain exactly when was this book written and many historians have ascribed it to different times. ----- The Lesser Key of Solomon "Samuel Liddell (8 or 11 January 1854 - 5 or 20 November 1918), born Samuel Liddell Mathers, was a British

occultist. He is primarily known as one of the founders of the Hermetic Order of the Golden Dawn, a ceremonial magic order of which offshoots still exist. He became so synonymous with the order that Golden Dawn scholar Israel Regardie observed in retrospect that "the Golden Dawn was MacGregor Mathers." Mathers added the "MacGregor" surname as a claim to

Highland Scottish heritage. He was a practicing vegetarian, or (according to some accounts) vegan, an outspoken anti-vivisectionist, and a non-smoker. It is known that his main interests were magic and the theory of war, his first book being a translation of a French military manual, *Practical Instruction in Infantry Campaigning Exercise* (1884).

Mathers became increasingly eccentric in his later years as was noted by W. B. Yeats. -----
Metamorphosis Often cited as one of the most influential works of short fiction of the 20th century, *Metamorphosis* is widely studied in colleges and universities across the western world. Nobel Peace Prize winner Elias Canetti described it as "one of the few great and perfect works of the poetic imagination

written..."

'One morning, when Gregor Samsa woke from troubled dreams, he found himself transformed in his bed into a horrible vermin.'

 unguardedly.
 Escaping the

ills of the British climate, the Durrell family - acne-ridden Margo, gun-toting Leslie, bookworm Lawrence and budding naturalist Gerry, along with their long-suffering mother and Roger the dog - take off for the island of Corfu. But the Durrells find that, reluctantly, they must share their various villas with a menagerie of local fauna - among them scorpions, geckos, toads, bats and butterflies.

Recounted with immense humour and charm *My Family and Other Animals* is a wonderful account of a rare, magical childhood. 'Durrell has an uncanny knack of discovering human as well as animal eccentricities' Sunday Telegraph

My Family and Other Animals Influence Publishers George Orwell provides a vivid and unflinching portrayal of working-class life in Northern England during the 1930s. Through his own experiences and meticulous investigative reporting, Orwell exposes the harsh living conditions, poverty, and social injustices faced by coal miners and other industrial workers in the region. He documents their struggles with unemployment, poor housing, and inadequate healthcare, as well as the

pervasive sense of hopelessness and despair that permeates their lives. In the second half of the *The Road to Wigan Pier* Orwell delves into the complexities of political ideology, as he grapples with the shortcomings of both socialism and capitalism in addressing the needs of the working class. GEORGE ORWELL was born in India in 1903 and passed away in London in 1950. As a

journalist, critic, and author, he was a sharp commentator on his era and its political conditions and consequences .
[Coming Up for Air](#) Lorenz Educational Press
 • New York Times bestseller • The 100 most substantive solutions to reverse global warming, based on meticulous research by leading scientists and policymakers around the world “At this point in time, the Drawdown

book is exactly what is needed; a credible, conservative solution-by-solution narrative that we can do it. Reading it is an effective inoculation against the widespread perception of doom that humanity cannot and will not solve the climate crisis. Reported by-effects include increased determination and a sense of grounded hope.” —Per Espen Stoknes, Author, *What We Think*

About When We Try Not To Think About Global Warming “There’s been no real way for ordinary people to get an understanding of what they can do and what impact it can have. There remains no single, comprehensive, reliable compendium of carbon-reduction solutions across sectors. At least until now. . . . The public is hungry for this kind of practical wisdom.”

—David Roberts, Vox “This is the ideal environmental sciences textbook—only it is too interesting and inspiring to be called a textbook.”
—Peter Kareiva, Director of the Institute of the Environment and Sustainability, UCLA In the face of widespread fear and apathy, an international coalition of researchers, professionals, and scientists have come together to offer a set of

realistic and bold solutions to climate change. One hundred techniques and practices are described here—some are well known; some you may have never heard of. They range from clean energy to educating girls in lower-income countries to land use practices that pull carbon out of the air. The solutions exist, are economically viable, and communities throughout the world are currently

enacting them with skill and determination. If deployed collectively on a global scale over the next thirty years, they represent a credible path forward, not just to slow the earth's warming but to reach drawdown, that point in time when greenhouse gases in the atmosphere peak and begin to decline. These measures promise cascading benefits to human health, security, prosperity,

and well-being—giving us every reason to see this planetary crisis as an opportunity to create a just and livable world.

Animal Farm
 Modernista
 Have at You!
 Cyrus Solburg is a young man who dreams of becoming a Hero in a fantasy world in which Heroes owe monthly dues and Villains are allowed only one eclipse per fiscal quarter. Cyrus becomes the apprentice to Sir Reginald

Ogleby, also known as the Crimson Slash, a towering swordsman with a titanic sword and a penchant for self-narrating his own battles. It's up to Reginald to train Cyrus in the essentials of Heroism so that one day, at the conclusion of his first Quest, Cyrus may become a Hero, Second Class. More is afoot than the routine of training in the arts of Heroic Derring-Do, however. A bona fide Arch-Villain is on the loose.

And this Villain is particularly interested in Cyrus, not least because of how Cyrus seems to have magic coming to him in spite of himself, resulting in tremendous disruption of the magical planes. Entering into the fray come a wise-cracking Dragon, a petulant gargoyle, the Heroes' Guild, the Army of Darkness™, and a horde of cursed invisible Centaurs. Cyrus will have to call on

his friends, a beautiful young cat girl, and all the power of the Capital Letters and Arbitrary Numbers if he is to live to become a full-fledged Hero. *** When Mitchell was 10 he and his friends created an adventure game called Quest. Mitchell played all the supporting characters, quest givers, and (his favorite) the villains, while his friends played the brave heroes who thwarted them. That

game became the basis for Hero, Second Class. Mitchell is a young man with theatrical inclinations, a wry sense of humor, and storytelling ability well beyond his years.
