Tipi Native American Homes Hardcover

CHASE HAAS

Native Dwellings : Plains Indians Houghton Mifflin Harcourt
"An important and riveting story of a 19th-century feminist and change agent. Starita successfully balances the many facts with vivid narrative passages that put the reader inside the very thoughts and emotions of La Flesche." —Chicago Tribune On March 14, 1889, Susan La Flesche Picotte received her medical degree—becoming the first Native American doctor in U.S. history. She earned her degree thirty-one years before women could vote and thirty-five years before Indians could become citizens in their own country. By age twenty-six, this fragile but indomitable Native woman became the doctor to her tribe.

Overnight, she acquired 1,244 patients scattered across 1,350 square miles of rolling countryside with few roads. Her patients often were desperately poor and desperately sick—tuberculosis, small pox, measles, influenza—families scattered miles apart, whose last hope was a young woman who spoke their language and knew their customs. This is the story of an Indian woman who effectively became the chief of an entrenched patriarchal tribe, the story of a woman who crashed through thick walls of ethnic, racial and gender prejudice, then spent the rest of her life using a unique bicultural identity to improve the lot of her people—physically, emotionally, politically, and spiritually. Joe Starita's *A Warrior of the People* is the moving biography of Susan La Flesche Picotte's inspirational life and dedication to public health, and it will finally shine a light on her numerous accomplishments.

A Manual for Self-reliance, Sustainability, and Surviving the Long Emergency Pantheon

The valleys, mountains, and deserts of Utah have been home to native peoples for thousands of years. Like peoples around the world, Utah's native inhabitants organized themselves in family units, groups, bands, clans, and tribes. Today, six Indian tribes in Utah are recognized as official entities. They include the Northwestern Shoshone, the Goshutes, the Paiutes, the Utes, the White Mesa or Southern Utes, and the Navajos (Dineh). Each tribe has its own government. Tribe members are citizens of Utah and the United States; however, lines of distinction both within the tribes and with the greater society at large have not always been clear. Migration, interaction, war, trade, intermarriage, common threats, and challenges have made relationships and affiliations more fluid than might be expected. In this volume, the editor and authors endeavor to write the history of Utah's first residents from an Indian perspective. An introductory chapter provides an overview of Utah's American Indians and a concluding chapter summarizes the issues and concerns of contemporary Indians and their leaders. Chapters on each of the six tribes look at origin stories, religion, politics, education, folkways, family life, social activities, economic issues, and important events. They provide an introduction to the rich heritage of Utah's native peoples. This book includes chapters by David Begay, Dennis Defa, Clifford Duncan, Ronald Holt, Nancy Maryboy, Robert McPherson, Mae Parry, Gary Tom, and Mary Jane Yazzie. Forrest Cuch was born and raised on the Uintah and Ouray Ute Indian Reservation in northeastern Utah. He graduated from Westminster College in 1973 with a bachelor of arts degree in behavioral sciences. He

served as education director for the Ute Indian Tribe from 1973 to 1988. From 1988 to 1994 he was employed by the Wampanoag Tribe in Gay Head, Massachusetts, first as a planner and then as tribal administrator. Since October 1997 he has been director of the Utah Division of Indian Affairs. This book is a joint project of the Utah Division of Indian Affairs and the Utah State Historical Society. It is distributed to the book trade by Utah State University Press.

Surveys the architectural structures of various tribes of Native Americans, including longhouses, adobe houses, and cliff dwellings

Native American Homes and Sacred Structures U of Nebraska Press

"Meticulously researched and beautifully crafted.... This is glorious work." — Washington Post "A gripping, deeply relevant book." — New York Times Book Review From Paulette Jiles, author of the critically acclaimed New York Times bestsellers *Enemy Women* and *Stormy Weather*, comes a stirring work of fiction set on the untamed Texas frontier in the aftermath of the Civil War. One of only twelve books longlisted for the 2009 Scotiabank Giller Prize—one of Canada's most prestigious literary awards—*The Color of Lightning* is a beautifully rendered and unforgettable re-examination of one of the darkest periods in U.S. history.

Black Elk Tundra Books (NY)

Describes the materials, construction, and uses of the tipis and earthlodges used by the Plains Indians.

Short Nights of the Shadow Catcher New York ; Toronto :

Atheneum Books for Young Readers

Filled with valuable information for hobbyists, survival enthusiasts, family campers - and everyone who enjoys outdoor life, *Mountainman Crafts and Skills* is the essential illustrated guide to wilderness living and survival. How to make your own clothing, shelter, and equipment are all covered in step-by-step detail—through illustrations by the author himself. Learn how to make and use hunting tools and utensils, wild game traps, mountainman clothing, powder flasks and horns, tents, deer-horn jewelry, and much more. Wilderness survival skills are also covered, with instruction geared at both novice and expert. Learn how to trap wild game, tan hides, shoot with black powder, make a fire, and cook a hearty meal with only the barest of essentials.

Genocide of the Mind New York : Oxford University Press

The epic life story of the Native American holy man who has inspired millions around the world Black Elk, the Native American holy man, is known to millions of readers around the world from his 1932 testimonial, *Black Elk Speaks*. Adapted by the poet John Neihardt from a series of interviews, it is one of the most widely read and admired works of American Indian literature. Cryptic and deeply personal, it has been read as a spiritual guide, a philosophical manifesto, and a text to be deconstructed--while the historical Black Elk has faded from view. In this sweeping book, Joe Jackson provides the definitive biographical account of a figure whose dramatic life converged with some of the most momentous events in the history of the American West. Born in an era of rising violence, Black Elk killed his first man at Little Big Horn, witnessed the death of his second cousin Crazy Horse, and traveled to Europe with Buffalo Bill's Wild West show. Upon his

return, he was swept up in the traditionalist Ghost Dance movement and shaken by the massacre at Wounded Knee. But Black Elk was not a warrior and instead choose the path of a healer and holy man, motivated by a powerful prophetic vision that haunted and inspired him, even after he converted to Catholicism in his later years. In *Black Elk*, Jackson has crafted a true American epic, restoring to Black Elk the richness of his times and gorgeously portraying a life of heroism and tragedy, adaptation and endurance, in an era of permanent crisis on the Great Plains.

Its History, Construction, and Use : (Tatanka Wanjila Na Wiyaka Wastewin) : (6. Print.) Tundra Books

When Regina's Umpqua tribe is legally terminated and her family must relocate from Oregon to Los Angeles, she goes on a quest to understand her identity as an Indian despite being so far from home.

History of Utah's American Indians Chelsea Green Publishing

Factual information is combined with native American creation myths in an exploration of the sacred and secular structures built by diverse native Americans tribes. By the authors of *They Dance in the Sky: Native American Star Myths*.

Simple Shelters Infobase Publishing

How much do you really know about totem poles, tipis, and Tonto? There are hundreds of Native tribes in the Americas, and there may be thousands of misconceptions about Native customs, culture, and history. In this illustrated guide, experts from Smithsonian's National Museum of the American Indian debunk common myths and answer frequently asked questions about Native Americans past and present. Readers will discover

the truth about everything from kachina dolls to casinos, with answers to nearly 100 questions, including: Did Indians really sell Manhattan for twenty-four dollars worth of beads and trinkets? Are dream catchers an authentic tradition? Do All Indians Live in Tipis? Second Edition features short essays, mostly Native-authored, that cover a range of topics including identity; origins and histories; clothing, housing, and food; ceremony and ritual; sovereignty; animals and land; language and education; love and marriage; and arts, music, dance, and sports.

First Houses St. Martin's Press

For many people, Native American architecture calls to mind the wigwam, tipi, igloo, and pueblo. Yet the richly diverse building traditions of Native Americans encompass much more, including specific structures for sleeping, working, worshipping, meditating, playing, dancing, lounging, giving birth, decision-making, cleansing, storing and preparing food, caring for animals, and honoring the dead. In effect, the architecture covers all facets of Indian life. The collaboration between an architect and an anthropologist, *Native American Architecture* presents the first book-length, fully illustrated exploration of North American Indian architecture to appear in over a century. Peter Nabokov and Robert Easton together examine the building traditions of the major tribes in nine regional areas of the continent from the huge plank-house villages of the Northwest Coast to the moundbuilder towns and temples of the Southeast, to the Navajo hogans and adobe pueblos of the Southwest. Going beyond a traditional survey of buildings, the book offers a broad, clear view into the Native American world, revealing a new perspective on the interaction between their buildings and culture. Looking at Native

American architecture as more than buildings, villages, and camps, Nabokov and Easton also focus on their use of space, their environment, their social mores, and their religious beliefs. Each chapter concludes with an account of traditional Indian building practices undergoing a revival or in danger today. The volume also includes a wealth of historical photographs and drawings (including sixteen pages of color illustrations), architectural renderings, and specially prepared interpretive diagrams which decode the sacred cosmology of the principal house types.

Igloo Houghton Mifflin Harcourt

A young Native American woman creates a hauntingly beautiful tribute to an age-old way of life in this fascinating portrait of the women of the Blackfoot Indians. A captivating tapestry of personal and tribal history, legends and myths, and the wisdom passed down through generations of women, this extraordinary book is also a priceless record of the traditional skills and ways of an ancient culture that is vanishing all too fast. Including many rare photographs, *The Ways of My Grandmothers* is an authentic contribution to our knowledge and understanding of Native American lore -- and a classic that will speak to women everywhere.

The Indian in the Cupboard Rourke Publishing Group

Hands-on activities, games, and crafts introduce children to the diversity of Native American cultures and teach them about the people, experiences, and events that have helped shape America, past and present. Nine geographical areas cover a variety of communities like the Mohawk in the Northeast, Ojibway in the Midwest, Shoshone in the Great Basin, Apache in the

Southwest, Yupik in Alaska, and Native Hawaiians, among others. Lives of historical and contemporary notable individuals like Chief Joseph and Maria Tallchief are featured, and the book is packed with a variety of topics like first encounters with Europeans, Indian removal, Mohawk sky walkers, and Navajo code talkers. Readers travel Native America through activities that highlight the arts, games, food, clothing, and unique celebrations, language, and life ways of various nations. Kids can make Haudensaunee corn husk dolls, play Washoe stone jacks, design Inupiat sun goggles, or create a Hawaiian Ma'o-hauhele bag. A time line, glossary, and recommendations for Web sites, books, movies, and museums round out this multicultural guide.

Seeing Red—Hollywood's Pixeled Skins Macmillan

Describes the history, customs, religion, government, homes, and present-day status of the various native peoples that inhabited the eastern woodlands since before the coming of the Europeans. *Mountainman Crafts & Skills* Black Dog & Leventhal Publishers The teachings of the Native Americans provide a connection with the land, the environment, and the simple beauties of life. This collection of writings from revered Native Americans offers timeless, meaningful lessons on living and learning. Taken from writings, orations, and recorded observations of life, this book selects the best of Native American wisdom and distills it to its essence in short, digestible quotes — perhaps even more timely now than when they were first written. In addition to the short passages, this edition includes the complete *Soul of an Indian*, as well as other writings by Ohiyesa (Charles Alexander Eastman), one of the great interpreters of American Indian thought, and three great speeches by Chiefs Joseph, Seattle, and Red Jacket.

The Color of Lightning Rowman & Littlefield

My Search for the Soul of the Forest Rowman & Littlefield

The retelling of a Blackfoot legend relates the origin of the tipi and what it has come to symbolize.

The Ways of My Grandmothers Harper Collins

Finalist for the Pulitzer Prize and the National Book Critics Circle Award *A New York Times Notable Book* *Winner of the Texas Book Award and the Oklahoma Book Award* This New York Times bestseller and stunning historical account of the forty-year battle between Comanche Indians and white settlers for control of the American West “is nothing short of a revelation...will leave dust and blood on your jeans” (The New York Times Book Review).

Empire of the Summer Moon spans two astonishing stories. The first traces the rise and fall of the Comanches, the most powerful Indian tribe in American history. The second entails one of the most remarkable narratives ever to come out of the Old West: the epic saga of the pioneer woman Cynthia Ann Parker and her mixed-blood son Quanah, who became the last and greatest chief of the Comanches. Although readers may be more familiar with the tribal names Apache and Sioux, it was in fact the legendary fighting ability of the Comanches that determined when the American West opened up. Comanche boys became adept bareback riders by age six; full Comanche braves were considered the best horsemen who ever rode. They were so masterful at war and so skillful with their arrows and lances that they stopped the northern drive of colonial Spain from Mexico and halted the French expansion westward from Louisiana. White settlers arriving in Texas from the eastern United States were

surprised to find the frontier being rolled backward by Comanches incensed by the invasion of their tribal lands. The war with the Comanches lasted four decades, in effect holding up the development of the new American nation. Gwynne's exhilarating account delivers a sweeping narrative that encompasses Spanish colonialism, the Civil War, the destruction of the buffalo herds, and the arrival of the railroads, and the amazing story of Cynthia Ann Parker and her son Quanah—a historical feast for anyone interested in how the United States came into being. Hailed by critics, S. C. Gwynne's account of these events is meticulously researched, intellectually provocative, and, above all, thrillingly told. *Empire of the Summer Moon* announces him as a major new writer of American history.

The Epic Life and Immortal Photographs of Edward Curtis

Chicago Review Press

At once informative, comic, and plaintive, *Seeing Red—Hollywood's Pixeled Skins* is an anthology of critical reviews that reexamines the ways in which American Indians have traditionally been portrayed in film. From George B. Seitz's 1925 *The Vanishing American* to Rick Schroder's 2004 *Black Cloud*, these 36 reviews by prominent scholars of American Indian Studies are accessible, personal, intimate, and oftentimes autobiographic. *Seeing Red—Hollywood's Pixeled Skins* offers indispensable perspectives from American Indian cultures to foreground the dramatic, frequently ridiculous difference

between the experiences of Native peoples and their depiction in film. By pointing out and poking fun at the dominant ideologies and perpetuation of stereotypes of Native Americans in Hollywood, the book gives readers the ability to recognize both good filmmaking and the dangers of misrepresenting aboriginal peoples. The anthology offers a method to historicize and contextualize cinematic representations spanning the blatantly racist, to the well-intentioned, to more recent independent productions. *Seeing Red* is a unique collaboration by scholars in American Indian Studies that draws on the stereotypical representations of the past to suggest ways of seeing American Indians and indigenous peoples more clearly in the twenty-first century.

The Life of an American Visionary University of Hawaii Press

Adventure abounds when a toy comes to life in this classic novel! It's Omri's birthday, but all he gets from his best friend, Patrick, is a little plastic warrior figure. Trying to hide his disappointment, Omri puts his present in a metal cupboard and locks the door with a mysterious skeleton key that once belonged to his great-grandmother. Little does Omri know that by turning the key, he will transform his ordinary plastic toy into a real live man from an altogether different time and place! Omri and the tiny warrior called Little Bear could hardly be more different, yet soon the two forge a very special friendship. Will Omri be able to keep Little Bear without anyone finding out and taking his new friend away?
