Patterns Ratna Sagar  
ICSE Geography is a series based on the latest syllabus for ICSE schools. They cover all aspects of the subject, such as practical geography, continents and water bodies, their physical features, climate, natural vegetation, resources, utilization and life of the people. Large-sized maps make learning geography a hands-on experience. Exercises on the pattern of the board exams will help children to prepare for them.

Geography 10 Springer  
Science & Business  
Media

Includes sections  
"Decisions of National  
Labor Relations Board"  
and "Court decisions  
on the law of labor  
relations."

## **Interior**

Psychosurgery, or the surgical treatment of mental disorders, has enjoyed a spectacular revival over the past ten years as new brain stimulation techniques have become available.

Neuromodulation offers new possibilities for the treatment of psychiatric disorders such as depression, obsessive-compulsive disorder (OCD), addiction, eating disorders and autism. This work presents the history of this unique specialty and investigates current techniques and ethical challenges. With a wealth of illustrations and detailed anatomical diagrams, it provides essential information for medical practitioners, as well as anyone else interested

in the fascinating advances being made in neuroscience today. « I like the book as it provides a very nice overview of psychosurgery in general. It is easy to understand for any (para)medical practitioner, but even specialists in the field may learn new things. They may also enjoy looking the well-known and less-known figures which illustrate the book. » Professor Bart Nuttin « Reading this book is like reading an anthology, or rather an encyclopaedia of the field of psychiatric surgery, spanning more than a century. This is a work with an unprecedented degree of erudition and knowledge, and the subject is presented in a didactic, scholar, and scientific manner, and is extensively

referenced and illustrated. If only one book is to be read by anybody interested in this field, regardless of specialty, this is The Book to read. »

Professor Marwan Hariz  
*County Business Patterns, Louisiana*

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

### **Psychosurgery**

Special edition of the Federal Register, containing a codification of documents of general applicability and future effect ... with ancillaries.

Labor Relations Reporter

Business establishments,

employment, and taxable pay rolls, by industry groups, under Old-Age and Survivors Program.

Official Summary of Security Transactions and Holdings

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
