Trying to Pass your Series 6 exam? Pass The 6 is written with the reader always in mind. This Series 6 exam study guide uses Plain English and concise explanations as it ticks off the items mentioned on the FINRA Series 6 exam outline point-by-point. Notice that there are four chapters in our study material, which correspond to the four sections of the FINRA Series 6 Exam outline. We try to keep things as easy as possible in our study guides because the Series 6 exam itself is anything but. To reduce your frustration in getting your Series 6 license, we try to make sure each sample question in our Pass the 6 Practice Exam Question Bank is explained within this Series 6 textbook. In fact, we encourage you to use this study guide while working through the Series 6 sample questions. When you encounter a tough practice question, you can quickly and easily look it up in this textbook in order to come away from the question with a deeper understanding of the topics involved on the Series 6. Remember that the Series 6 is not a memorization test but, rather, a "competency exam." Too many Series 6 candidates go to the testing center expecting to simply recognize a few vocabulary terms when, in fact, passing your Series 6 requires you to work with the information at a much deeper level than many assume. That's why we explain things in a way you'll both understand and remember at the testing center. It takes more work on our end, but we feel our job is to make things easier on your end. We also take what you learn in the pages of this Series 6 exam study guide to a higher level by presenting you with well over 700 challenging questions in our Pass the 6 Practice Exam Question Bank. However, our sample questions are not designed to merely trick you - rather, our Series 6 sample questions are designed to help you learn the information as you improve your ability to eliminate the incorrect answer choices you will see when taking the Series 6 exam. Be sure to keep a notebook filled with all that you learn from working the questions and reading the helpful explanations that follow. For an extra edge, try writing your own variations of our Series 6 practice questions in this same notebook, something our tutoring clients have found extremely helpful. Pass the 6 is your guide to a passing score on the Series 6 exam. This textbook is at the same time in-depth and easy to read. We don't skimp on the details found on the FINRA Series 6 exam outline. Rather, we skimp on the filler found in many of the more tedious license exam manuals on the market. To give yourself an edge on this difficult license exam buy this book and then go to www.examzone.com to buy the Pass the 6 Practice Exam Question Bank and other Series 6 study materials. The Series 6 Exam is not easy. The best time to get started is . . . now."
