In the wild night hours, or during the heat of the day - whenever man's thoughts whirl feverishly - then truth and fantasy, the past and the future, life and death are indiscriminately mingled on Toorberg, home of the Moolman family. So the magistrate is to learn as he investigates the strange circumstances of the death of little Noah, child of grief, who was not entirely of this world. Every day the case becomes more complex, until it challenges the very foundations of the law. It seems as if the magistrate will have to judge an entire dynasty, both the living and the dead. Everyone's guilt has to be affirmed, or denied, and this means he will have to rip open the lives of all. The Moolmans are a tribe who have long since learned how to deal with their own. Parents cut children out of their lives, shunt them aside to live as stepchildren, scrag-ends of the clan, or as city-

dwellers whose names are never uttered. The Moolmans cannot forgive; not when their tribal blood is betrayed.

Exploring the historic figure of Cupido Cockroach, this story looks at themes of racism and racial tensions in the shadowlands that lie between myth and history.

A Story of Pride and Passion Penguin Books

From June 1963 to October 1964, ten antiapartheid activists were tried at South Africa's Pretoria Supreme Court. Standing among the accused with Nelson Mandela, Ahmed Kathrada, and Walter Sisulu was Denis Goldberg. Charged under the Sabotage and Suppression of Communism Acts for "campaigning to overthrow the government by violent revolution," Goldberg was found guilty and sentenced to life imprisonment. The only white man convicted during the infamous Rivonia trial, he played a historic role in the struggle for justice in South Africa. In this remarkable autobiography,

Goldberg discusses growing up acutely aware of the injustice permeating his homeland. He joined the South African Communist Party and helped found the Congress of Democrats. It was his role as an officer in the armed underground wing of the African National Congress (ANC), however, that led to his life sentence -- the outcome of which was a staggering twenty-two years behind bars. While he was incarcerated, the racist dogma of apartheid imposed complete separation from his black comrades and colleagues, a segregation that denied him both the companionship and the counsel of his fellow accused. Recounted with humor and humility, Goldberg's story not only provides a sweeping overview of life in South Africa both during and after apartheid, but also illuminates the experiences of the activists and oppressors whose fates were bound together.

As jong seun het Danie Smuts met ’n blikkie agter vee in die veld aangeloop om kuttels te versamel vir ’n konkoksie om maselspasiënte se simptome te verlig. Min het hy toe geweet dat hy eendag die legendariese aanbieder van ’n gewilde Springbok Radio-program sou word waarin die volk kure vir allerlei kwinte en kwale deel. Toe Boererate – ’n keur van die tradisionele advies wat luisteraars oor die jare vir Smuts se radioprogram ingestuur het – in 1989 verskyn, was dit

onmiddellik ’n treffer. Sedertdien het dié besondere boek uit sirkulasie verdwyn, maar die aanvraag daarvoor nie. ’n Byna vergete era in die Afrikaanse kultuurgeskiedenis word in herinnering geroep deur dié vreemdsoortige en dikwels skreeusnaakse wenke. Die volgende stappe word byvoorbeeld aanbeveel om griep te bekamp: 1.) Plaas ’n bottel whiskey en ’n glas saam met ’n brandende kers langs jou bed. 2.) Klim in die bed, maak seker jy lê onder baie komberse, en begin geleidelik aan die whiskey teug. 3.) Sodra jy twee kerse sien, sit die glas neer, plaas die prop terug op die whiskey-bottel, blaas al twee kerse dood en gaan slaap. Maar wees gewaarsku: Dat die griep binne 24 uur sal verdwyn, word gewaarborg, maar jy mag dalk ’n hoofpyn oorhou.

Draer van 'n droom Applewood Books

Angus Buchan gained international attention in the wake of the book and film Faith Like Potatoes. He has filled the largest stadiums in South Africa to capacity and spoken to large gatherings in Britain and Australia. But behind the scenes he remains a straight-talking, tough farmer, still working with his sons to run the family farm, still seeking to remain obedient to God's voice. Angus's bold faith has carried him through droughts, family tragedies, and financial crises. And God has used him mightily. Angus has developed a particular ministry to men, holding many rallies specifically for men and proving capable of communicating with ordinary guys who would never get closer to a church than the freeway. He loves to preach the good news of Jesus. "Doubt and fear may be contagious," he says. "But so is faith." Now in his sixties, Angus has also had to come to terms with his own mortality after collapsing in the middle of a rally and being airlifted to a hospital. Forced to reappraise his priorities, he now focuses his efforts upon mentoring younger men, encouraging them to develop their own spiritual maturity, to truly come of age.

Law of Intellectual Property in South Africa Facts on File

PREFACE. THE Author of this very practical treatise on Scotch Loch - Fishing desires clearly that it may be of use to all who had it. He does not pretend to have written anything new, but to have attempted to put what he has to say in as readable a form as possible. Everything in the way of the history and habits of fish has been studiously avoided, and technicalities have been used as sparingly as possible. The writing of this book has afforded him pleasure in his leisure moments, and that pleasure would be much increased if he knew that the perusal of it would create any bond of sympathy between himself and the angling community in general. This section is interleaved with blank shects for the readers notes. The Author need hardly say that any suggestions addressed to the case of the publishers, will meet with consideration in a future edition. We do not pretend to write or enlarge upon a new subject. Much has been said and written-and well said and written too on the art of fishing but loch-fishing has been rather looked upon as a second-rate

performance, and to dispel this idea is one of the objects for which this present treatise has been written. Far be it from us to say anything against fishing, lawfully practised in any form but many pent up in our large towns will bear us out when me say that, on the whole, a days loch-fishing is the most convenient. One great matter is, that the loch-fisher is depend- ent on nothing but enough wind to curl the water, -and on a large loch it is very seldom that a dead calm prevails all day, -and can make his arrangements for a day, weeks beforehand whereas the stream- fisher is dependent for a good take on the state of the water and however pleasant and easy it may be for one living near the banks of a good trout stream or river, it is quite another matter to arrange for a days river-fishing, if one is looking forward to a holiday at a date some weeks ahead. Providence may favour the expectant angler with a good day, and the water in order but experience has taught most of us that the good days are in the minority, and that, as is the case with our rapid running streams, -such as many of our northern streams are, -the water is either too large or too small, unless, as previously remarked, you live near at hand, and can catch it at its best. A common belief in regard to loch-fishing is, that the tyro and the experienced angler have nearly the same chance in fishing, -the one from the stern and the other from the bow of the same boat. Of all the absurd beliefs as to loch-fishing, this is one of the most absurd. Try it. Give the tyro either end of the boat he likes give him a cast of ally flies he may fancy, or even a cast similar to those which a crack may be using and if he catches one for every three the other has, he may consider himself very lucky. Of course there are lochs where the fish are not abundant, and a beginner may come across as many as an older fisher but we speak of lochs where there are fish to be caught, and where each has a fair chance. Again, it is said that the boatman has as much to do with catching trout in a loch as the angler. Well, we dont deny that. In an untried loch it is necessary to have the guidance of a good boatman but the same argument holds good as to stream-fishing...

The Uncrowned King of the Transvaal Open Letter Books

This classic is still making its mark over 80 years since its debut. Author Johanna Brandt shares a personal journey of living with cancer and her discovery of how the beneficial properties of grapes cured her disease by refreshing and purifying cell structures. The virtues of naturopathy are extolled, and readers are encouraged to detoxify their bodies and prevent disease (namely cancer) through a combination of fasting and a diet of grapes.

Requesten (memorials 1715-1806, v.2 Penguin Random House South Africa

After exploring more than twenty other African nations using only public transport, Sihle Khumalo this time roams within the borders of his own country. The familiarity of his own car is a luxury, but what he finds on his journey through South Africa ranges from the puzzling to the downright bizarre. Voyaging from the northernmost part of South Africa right to the south, the author noses his car down freeways and back roads into small towns, townships, and villages, some of which you'll have trouble finding on a map. But this is no clichéd description of beautiful landscapes and blue skies. Khumalo is out to investigate the state of the nation, from its highest successes to its most depressing failures. Whether or not he's baffled, surprised, or sometimes plain angry, Sihle Khumalo will always find warmth in his fellow South Africans: security guards, religious visionaries, drunks, political activists and the many other colourful personalities that come alive in his riveting account.

Tumi Morake modelled her public persona on her mother, a charming and contentious woman who used her big, bold voice to say what others were afraid to utter. It's the personality that Tumi took

on stage in the mostly male space of stand-up comedy, and the one that gave her the courage to join a white, Afrikaans radio station and comment about apartheid on air. But there's only so much you can find out about Tumi from the stage, the screen and the internet. And Then Mama Said ... is the voice of Tumi in private, as well as a behind-the-scenes perspective of a pioneering South African star who has been both deeply loved and viciously hated by her audiences. Tumi gets frank about the race row at Jacaranda FM; the Jaguar car accident that cyber bullies said she deserved; the body-shaming she endured on the set of Our Perfect Wedding; and her tumultuous relationship with her beloved husband. Throughout her story, she carries the voice of her mother, and with it the indispensable life lessons that made her who she is today.

Two scientists, Reitz Steyn and Ben Maritz, find themselves in a "transit camp for those temporarily and permanently unfit for battle" during the Boer War. Captured on suspicion of desertion and treasonùduring a trek across an unchanging desert of bushes, rocks, and ant hills to help transport a fellow-soldier, who has suffered debilitating shell-shock, to his motherùthey are forced to await the judgment of a General Bergh, unsure whether they are to be conscripted into Bergh's commando, allowed to continue their mission, or executed for treason. As the weeks pass, and the men's despair at ever returning to their families reaches its peak, they are sent on a bizarre mission ... A South African Heart of Darkness, Ingrid Winterbach's To Hell with CronjT is a poetic exploration of friendship and camaraderie, an eerie reflection on the futility of war, and a thought-provoking re-examination of the founding moments of the South African nation.
