 The Secret History of
 Marvel Comics digs back

to the 1930s when Marvel
 Comics wasn't just a
 comic-book producing
 company. Marvel Comics
 owner Martin Goodman

had tentacles into a publishing world that might have made that era's conservative American parents lynch him on his front porch. Marvel was but a small part of Goodman's publishing empire, which had begun years before he published his first comic book. Goodman mostly published lurid and sensationalistic story books (known as "pulp") and magazines, featuring sexually-charged detective and romance short fiction, and celebrity gossip scandal sheets. And artists like Jack Kirby, who was producing Captain America for eight-year-olds, were simultaneously dipping their toes in both ponds. The Secret History of Marvel Comics tells this parallel story of 1930s/40s Marvel Comics sharing offices with those Goodman publications not quite fit for children. The book also features a comprehensive display of the artwork produced for Goodman's other enterprises by Marvel Comics artists such as Jack Kirby and Joe Simon, Alex Schomburg, Bill Everett, Al Jaffee, and Dan DeCarlo, plus the very best pulp artists in the field, including Norman Saunders, John Walter

Scott, Hans Wesso, L.F. Bjorklund, and Marvel Comics #1 cover artist Frank R. Paul. Goodman's magazines also featured cover stories on celebrities such as Jackie Gleason, Elizabeth Taylor, Liberace, and Sophia Loren, as well as contributions from famous literary and social figures such as Isaac Asimov, Theodore Sturgeon, and L. Ron Hubbard. IDW Publishing Provides a concise history of the comic book business from its shaky beginnings in the early 1930s to its multimillion-dollar success during World War II, and includes cover illustrations from the middle 1930s to the late 1940s. *Comic Book History of Comics #4* Jewish Publication Society The content of comic books has been governed by an industry self-regulatory code adopted by publishers in 1954 in response to public and governmental pressure. This book, the first full-length study of this period of comic book history, examines the reasons that comic books were the subject of heated controversy. In tracing the evolution of the controversy and the resulting code, Seal of

Approval shows that the comic book has yet to achieve legitimation as a unique form of expression appreciated by readers of all ages.

Jews created the first comic book, the first graphic novel, the first comic book convention, the first comic book specialty store, and they helped create the underground comics (or "Comix") movement of the late '60s and early '70s. Many of the creators of the most famous comic books, such as Superman, Spiderman, X-Men, and Batman, as well as the founders of MAD Magazine, were Jewish. From Krakow to Krypton:

Jews and Comic Books tells their stories and demonstrates how they brought a uniquely Jewish perspective to their work and to the comics industry as a whole. Oversized and in full color, From Krakow to Krypton is filled with sidebars, cartoon bubbles, comic book graphics, original design sketches, and photographs. It is a visually stunning and exhilarating history. *Silver Age of Comic Books, Comics Code Authority, Golden Age of Comic Books, Modern Age of Comic Books, History of Manga, History O* McGraw-Hill/Contemporary The FULL-COLOR history of funny books moves into the 1980s!
