In tracing the emergence of the Macedonian kingdom from its origins as a Balkan backwater to a major European and Asian power, Eugene Borza offers to specialists and lay readers alike a revealing account of a relatively unexplored segment of ancient history. He draws from recent archaeological discoveries and an enhanced understanding of historical geography to form a narrative that provides a material-culture setting for political events. Examining the dynamics of Macedonian relations with the Greek city-states, he suggests that the Macedonians, although they gradually incorporated aspects of Greek culture into their own society, maintained a distinct ethnicity as a Balkan people. "Borza has taken the trouble to know Macedonia: the land, its prehistory, its position in the Balkans, and its turbulent modern history. All contribute...to our understanding of the emergence of Macedon.... Borza has employed two of the historian's most valuable tools, autopsy and common sense, to produce a well-balanced introduction to the state that altered the course of Greek and Near Eastern history."--Waldemar Heckel, Bryn Mawr Classical Review

Panzer Commander Hermann Balck is an intriguing history of one of the world's greatest armoured warfare commanders. During World War II, Balck directed panzer troops from the front line and led by example, putting himself in extreme danger when rallying his soldiers to surge forward. He fought battles that were masterpieces of tactical operations, utilising speed, surprise and a remarkable ability to motivate his men to achieve what they considered to be impossible. We follow his exciting journey through the fields of France, the mountains of Greece and the steppes of Russia. In Greece, through flair and innovative leadership, his soldiers overcome every obstacle to defeat determined Australian and New Zealand soldiers defending the narrow mountain passes. This is also the story of a cultured and complex man with a great love of antiquity and classical literature, who nevertheless willingly fought for Hitler's Third Reich while remaining strangely detached from the horrors around him.
