Zainab Salbi was eleven years old when her father was chosen to be Saddam Hussein's personal pilot and her family's life was grafted onto his. Her mother, the beautiful Alia, taught her daughter the skills she needed to survive. A plastic smile. Saying yes. Burying in boxes in her mind the horrors she glimpsed around her. "Learn to erase your memories," she instructed. "He can read eyes." In this richly visual memoir, Salbi describes tyranny as she saw it - through the eyes of a privileged child, a rebellious teenager, a violated wife, and ultimately a public figure fighting to overcome the skill that once kept her alive: silence. *Between Two Worlds* is a riveting quest for truth that deepens our understanding of the universal themes of power, fear, sexual subjugation, and the question one generation asks the one before it: How could you have let this happen to us?

Sheet Music Magazine McFarland

During the American Civil War, songs united and inspired people on both sides. The North had a well-established music publishing industry when the war broke out, but the South had no such industry. The importance of music as an expression of the South's beliefs was obvious; as one music publisher said, "The South must not only fight her own battles but sing her own songs and dance to music composed by her own children." Southern entrepreneurs quickly rose to the challenge. This reference book is distinguished by three major differences from previously published works. First, it lists sheet music that is no longer extant (and listed nowhere else). Second, it gives complete lyrics for all extant songs, a rich source for researchers. And third, a brief historical background has been provided for many of the songs. Each entry provides as much of the following as possible (staying faithful to the typography of each title page): the title as published, names of all lyricists, composers and publishers; dates of publication; cities of publication; and if applicable, the names of catalogs or magazines in which the song appeared. Music published in Southern cities under Federal occupation is excluded.
