Ibis (journal) - Wikipedia IBIS – advancing ornithology. IBIS publishes original papers, reviews and short communications reflecting the forefront of research activity in ornithological science, but with special emphasis on the conservation, ecology, methodology, ethology and systematics of birds. Rapid publication after acceptance. No page charges. IBIS - advancing ornithology - British Ornithologists ... In 1959 the British Ornithological journal, The Ibis, published a centenary commemorative volume on the history of ornithology in Britain. Over the previous few decades, the contributors to this volume had helped focus the attention of ornithologists on the methods, priorities, and problems of modern biology, specifically the theory of evolution by natural selection and the study of ecology and behaviour. Graduate Thesis Or Dissertation | The Ibis, journal of the ... Ibis (formerly The Ibis), subtitled the International Journal of Avian Science, is the peer-reviewed scientific journal of the British Ornithologists' Union. It was established in 1859.
