The W201 was a compact saloon designed to address both concerns about fuel economy generated by the first oil crisis in the 1970s and

competition for sales from the BMW 3 Series. Many doubted that Mercedes could deliver a compact car whilst retaining their traditional qualities. But the W201 soon won them over. For here was a car that was a real Mercedes in the tradition of the time - it was just smaller. With around 200 photographs,

the book features the reasons behind the need to build a new compact saloon in the 1980s. It covers the styling, engineering and specification changes introduced over the lifetime of the model; gives full technical specifications, including paint and interior trim

choices and production tables and vehicle number sequences. The story of Mercedes' long and exciting struggle to win the German Touring Car Championship with the 190 is covered. There is a chapter on the special US variants and, finally, a chapter on buying and owning a 201-series Mercedes.

The 21st century is a challenging era and the competition is unyielding. As parents, we feel an urgency to prepare our children to face this world. We are constantly seeking the best schools, activities, and programs in the hope that they will give our children that

extra leg-up in life. We believe that if we want our children to thrive in this world, we must prepare them with every resource available to us. In our eagerness to provide everything our children might need, we have lost sight of the basic fundamentals that they require to flourish. Like planning a house to weather the storm, we must ensure that our children's foundations are strong. However, in our haste to cover every avenue that promises an advantage, we have

unwittingly compromised that foundation. It's time to review what is working and what isn't. Supported by case studies and scientific research findings, Brainchild provides keen insights on how to nurture children to reach their full potential.

Mercedes-Benz W124  
The Complete Story

I'm an ordained deaconess, who accepted Christ as my Savior at a very young age. I have been writing for over 25 years. I remember at the age of seven writing scripts for my neighborhood family and friends. I had the passion to write even then. As long as I had a pencil to write with and paper to write on, I was content and my love for writing

grew stronger and stronger through the years. I have published other writings on numerous occasions however once God gave me the anointing to write for Him, I knew I found my true purpose in life. That's when Matthew 13:49 manifested itself in my spirit and God freely gave me creative expressions that only my spiritual ears could hear. This book is poetically inspired, with spiritual guidance by the help of the Holy Spirit to encourage one to walk in the light.
