[Plunkett's Apparel & Textiles Industry Almanac 2006](#) Wolters Kluwer Merger Masters presents revealing profiles of monumentally successful merger investors based on exclusive interviews with some of the greatest minds to practice the art of arbitrage. Michael Price, John Paulson, Paul Singer, and others offer practical perspectives on how their backgrounds in the risk-conscious world of merger arbitrage helped them make their biggest deals. They share their insights on the discipline that underlies their fortunes, whether they practice the "plain vanilla" strategy of announced deals, the aggressive strategy of

activist investment, or any strategy in between on the risk spectrum. Merger Masters delves into the human side of risk arbitrage, exploring how top practitioners deal with the behavioral aspects of generating consistent profits from risk arbitrage. The book also includes perspectives from the other side of the mergers and acquisitions divide in the form of interviews with a trio of iconic CEOs: Bill Stiritz, Peter McCausland, and Paul Montrone. All three took advantage of M&A opportunities to help build long-term returns but often found themselves at odds with the short-term focus of Wall Street and merger investors. Told in lively, accessible prose, with bonus facts and figures for transaction junkies, Merger Masters is an incomparable set of stories with plenty of unfiltered lessons from the best managers of our time. [The Swedish, French, American Cook Book](#) Plunkett Research, Ltd. TOP o' the WORLD is a tale of ONCE UPON A TIME..... This is a child's fantasy / fairy tale of Maida who visited the Wishing Pole at the North Pole, despite some very wise men with bald heads

and long white beards who say there isn't a Wishing Post at all! This is one of those gems of the children's literary world that for some unfathomable reason never became a best seller. Not only does it have a cracking story-line it also has six exquisitely crafted full page colour plates but also 20 BnW vignettes to help young readers visualise the story as it progresses. In this book you will read about how Maida, who loves ice-cream, met the "Man with the Growly Voice", who was an arctic explorer who told her a whole lot of interesting things about his journeys and voyages AND about the wishing post. The last thing she remembered, he was telling her about the time he met Father Christmas at the North Pole - and then she woke up in bed with a desire to find the Wishing Post and Father Christmas. Then he room was flooded with a bright eerie light. So, she went to the window and saw the Man with the Growly Voice who came to her and said, "I've come to take you to the Wishing Post." What happened next you may ask? Well you'll just have to download this book and find out for yourself.
