LEVY CURTIS

The Tales of Catt and Fisher Lady Sherlock
An overview of a week in the entrepreneur's life and opinions on everything from football to New York mayors accompany stories of Trump's best real estate deals and a discussion of the deal maker's art.

10 Things Nobody Told You About Being Creative The Art of the StealHow

to Protect Yourself and Your Business from Fraud--America's #1 Crime

“One of the most beguiling criminal memoirs ever written....A rare gem of a book.” — T. J. English, New York Times bestselling author of Havana Nocturne
How did the son of a decorated policeman grow up to be one of Boston's most notorious criminals? How did he survive a decades-long feud with the FBI? How did he escape one jail sentence with a fake gun carved out of soap? How did he trade the return of a famous Rembrandt for early release from another sentence? The

Art of the Heist is a roller-coaster ride of a life, the memoir of America's most infamous art thief Myles Connor. Once a promising young rock musician, the son of a respected policeman, Myles Connor became one of Boston's most infamous criminals—a legendary art thief with irresistible charm and a genius IQ whose approach to his chosen profession mixed brilliant tactical planning with stunning bravado, brazen disguises, audaciously elaborate con jobs, and even the broad-daylight grab-and-dash. New York's Metropolitan Museum of Art, the

Smithsonian Institution, Boston's Museum of Fine Art . . . no museum was off-limits. The fact that he was in jail at the time of the largest art theft in American history—the still-unsolved robbery of the Isabella Stewart Gardner Museum—has not stopped the FBI from considering him a prime suspect. The Art of the Heist is Connor's story—part confession, part thrill ride, and impossible to put down.

The Attempt to Overturn the 2020 Election and the People Who Stopped It Workman Publishing

A Glasgow bank heist turns into an unlikely meet-cute for a disgruntled female cop in this hilarious crime novel by the master of tartan noir. Their eyes met across a crowded room. It was a room crowded with hostages and armed bank-robbers, and Zal's eyes were the only part of him that Angelique could see behind his mask. Officer Angelique de Xavia already had enough to be upset about before she's taken hostage by the most bizarrely unorthodox crooks ever to set foot in Glasgow. Disillusioned, disaffected and chronically single, she's starting to take stock of the sacrifices she's made for a job that's given her back nothing but grief. So

when her erstwhile captor has the chutzpah to phone her at work and ask her out on a date, Angelique finds herself in no great hurry to turn him in. She's long since learned that the cops will never love her back. But maybe one of the robbers will.

The Art of Getting Started

Independently Published

They say diamonds are a girl's best friend—until they're stolen. Ania Throne is devoted to her jewelry company. The daughter of one of the world's most famous jewelers, she arrives in Cannes with a stunning new collection. But a shocking theft by the notorious thief known as the Leopard throws her into upheaval—and plunges her on an unexpected hunt that challenges everything she believes. Jerome Curtis thinks he's seen it all, especially when it comes to crime. Until he's hired to investigate the loss of Ania Thorne's collection, his every skill put to the test as he chases after a mysterious master-mind responsible for some of the costliest heists in history—and finds himself in a tangled web with a woman he really shouldn't fall in love with. From the fabled Carlton Hotel to the elegant boulevards of Paris, Ania

and Jerome must race against time to catch a thief before the thief catches them. With everything on the line, can they solve the steal or will the steal take more than diamonds from them? Set in the late 1950s, THE STEAL is a romantic caper by bestselling authors C.W. Gortner and M.J. Rose.

Book One of the Lunar Chronicles Crown

Describes how computer viruses are created and spread, and discusses computer harassment, online con artists, protecting data with encryption, and general computer security issues.

Letters from an Economist Currency
The uproarious, bestselling true story of the world's most sought-after con man, immortalized by Leonardo DiCaprio in DreamWorks' feature film of the same name, from the author of Scam Me If You Can. Frank W. Abagnale, alias Frank Williams, Robert Conrad, Frank Adams, and Robert Monjo, was one of the most daring con men, forgers, imposters, and escape artists in history. In his brief but notorious criminal career, Abagnale donned a pilot's uniform and copiloted a Pan Am jet, masqueraded as the

supervising resident of a hospital, practiced law without a license, passed himself off as a college sociology professor, and cashed over \$2.5 million in forged checks, all before he was twenty-one. Known by the police of twenty-six foreign countries and all fifty states as "The Skywayman," Abagnale lived a sumptuous life on the lam—until the law caught up with him. Now recognized as the nation's leading authority on financial foul play, Abagnale is a charming rogue whose hilarious, stranger-than-fiction international escapades, and ingenious escapes—including one from an airplane—make *Catch Me If You Can* an irresistible tale of deceit.

A Drama Penguin

You don't need to be a genius, you just need to be yourself. That's the message from Austin Kleon, a young writer and artist who knows that creativity is everywhere, creativity is for everyone. A manifesto for the digital age, *Steal Like an Artist* is a guide whose positive message, graphic look and illustrations, exercises, and examples will put readers directly in touch with their artistic side. When Mr. Kleon was asked to address college

students in upstate New York, he shaped his speech around the ten things he wished someone had told him when he was starting out. The talk went viral, and its author dug deeper into his own ideas to create *Steal Like an Artist*, the book. The result is inspiring, hip, original, practical, and entertaining. And filled with new truths about creativity: Nothing is original, so embrace influence, collect ideas, and remix and re-imagine to discover your own path. Follow your interests wherever they take you. Stay smart, stay out of debt, and risk being boring—the creative you will need to make room to be wild and daring in your imagination.

And Six Other World-Famous Treasures Rebellion Publishing Ltd

A captivating in-depth study of Napoleon's plundering of Europe's art and how it legitimized the Louvre. Vast and sublime, more than twenty-two feet tall and thirty-two feet wide, and featuring a brilliantly staged, lavishly colored banquet with some hundred and thirty figures, Paolo Veronese's painting *Wedding Feast at Cana* was hailed as a masterpiece of High Renaissance art upon its completion in 1563. It hung in the monastery of the

Venetian island of San Giorgio Maggiore until French troops, on the order of their twenty-eight-year-old leader, Napoleon Bonaparte, tore it off the wall of the monastery in 1797. Veronese's masterwork was one of twenty paintings that Napoleon took after his troops marched on Venice. Folded like a rug, the canvas ended up at the Louvre, establishing it as the greatest art museum in the world. In *Plunder: Napoleon's Theft of Veronese's Feast*, the celebrated art historian Cynthia Saltzman tells the story of Napoleon's art looting and its relationship to the foundation of the Louvre. As Saltzman shows, Napoleon looted art for the French nation he represented; he displayed it in a public museum, which, owing to the plundered masterworks, soon became the toast of Europe. Napoleon's penchant for looting reflected the best and worst of his character: his desire for greatness—to carry forward the finest parts of civilization—and his ruthlessness in mythologizing himself and seizing power. Expertly researched, and with rare insight into one of history's most famous and polarizing individuals, *Plunder* is a

propulsive chronicle of the Napoleonic Wars, art theft, and the controversial origins of the world's greatest museum. *A Cultural History of Shoplifting* Penguin Four new tales of Doctors Catt and Fisher... Scholars, shopkeepers, collectors... aficionados. Obtainers of rare antiquities; relic hunters who can't resist a lead, even when it takes them into terrible danger. There's always an opportunity to be found amid the confusion, in the wake of the terrible Kinslayer War. There's always a deal to be done, a tomb to open, a precious thing to... obtain. From encounters with the monstrous Vathesk to exploring new worlds; from wielding great power to do great good, to unearthing dark things best left lost. If you need the experts, if you can find your way to their Cherivell shop, maybe you can hire Doctors Catt and Fisher.

The Art of the Steal Penguin

Are you at risk of being scammed? Former con artist and bestselling author of *Catch Me If You Can* Frank Abagnale shows you how to stop scammers in their tracks. Maybe you're wondering how to make the scam phone calls stop. Perhaps someone has stolen your credit card number. Or

you've been a victim of identity theft. Even if you haven't yet been the target of a crime, con artists are always out there, waiting for the right moment to steal your information, your money, and your life. As one of the world's most respected authorities on the subjects of fraud, forgery, and cyber security, Frank Abagnale knows how scammers work. In *Scam Me If You Can*, he reveals the latest tricks that today's scammers, hackers, and con artists use to steal your money and personal information--often online and over the phone. Using plain language and vivid examples, Abagnale reveals hundreds of tips, including:

- The best way to protect your phone from being hacked
- The only time you should ever use a debit card
- The one type of photo you should never post on social media
- The only conditions under which you should use WiFi networks at the airport
- The safest way to use an ATM

With his simple but counterintuitive rules, Abagnale also makes use of his insider intel to paint a picture of cybercrimes that haven't become widespread yet.

[The Ultimate Identity Theft Prevention Plan](#)
Yale University Press

Responsible, disciplined William Fox channeled his love for art and his faith in the rules into being an FBI Art Crimes agent. Right and wrong, justice and injustice--the differences are clear, and Will has spent his career drawing a line between them. Maybe his convictions have cost him relationships, but he's not willing to compromise what he knows is right. Until the night he meets Amory Vaughn. As the head of his family's philanthropic foundation, Vaughn knows very well that being rich and powerful can get him almost anything he wants. And when he meets endearingly grumpy and slightly awkward William Fox, he wants him more than he's wanted anything. Vaughn is used to being desired for his name and his money, but Will doesn't care about either. When Vaughn falls back on old habits and attempts to impress Will by stealing a painting Will admires, their nascent bond blows up in his face. But Vaughn isn't willing to give up on the glimpse of passion he saw the night he took Will apart. Before Will knows it, he's falling for the man he should have arrested, and Vaughn has to realize that some things can't be bought or stolen.

Love has to be given freely. But can a man who lives by the rules, and a man who thinks the rules don't apply to him, ever see eye to eye?

A Novel Grove Press

A 10th anniversary deluxe edition of the bestselling book to inspire creativity for artists and creatives of all types: an oversized hardcover with ribbon marker, hand-drawn endpapers, and a new afterword by the author.

Book Trade Catalogues in Early

Modern Europe Farrar, Straus and Giroux

This book delivers the fascinating account of one Western family's time living and working in China. Told through a series of letters, *China from the Inside: Letters from an Economist* presents insights into the society and economy of a country that is often opaque to outsiders and poorly understood. The author's expertise as an economist, and the family's efforts to integrate into Chinese society, furnish a vivid and unique account. It provides a valuable new perspective on the Chinese worldview, social relations and economy, as well as informed opinion on its projected economic development. Addressing issues ranging from the

education system to the sustainability of economic growth, this is an accessible and engaging book that will be essential reading for all those interested in China and its future.

The Last Book in the Universe

Encounter Books

The issue of election fraud remains as contentious as it is relevant. Perhaps you have heard that it isn't happening, or maybe you believe that its existence is undeniable. As a writer who isn't afraid to tackle tough issues, Adrian Norman decided to take on the task of investigating election fraud. While many are aware of reporting that shows limited instances of it, the question of how pervasive it is still needed to be answered. This book provides those answers in no uncertain terms. *The Art of the Steal* takes a robust look at this subject, giving readers a clear picture of the true nature of America's election architecture. This book addresses the most controversial issues surrounding elections and voter fraud, including ballot harvesting, foreigners voting in U.S. elections, voter identification, voter suppression and much more. Whether you're a policymaker, an

elections worker or an ordinary citizen who simply wants their vote to count, this book is an absolute must-read. "Adrian Norman exposes how the crusade to grow government and stifle freedom is often achieved without popular support. *The Art of the Steal* explains in great detail how the left relies on a win-at-all-costs election strategy rooted in fallacies and fraud to force its agenda on America--seizing power in a mockery of election laws. From vote harvesting to raising dead voters to outright graft and more, this book exposes a terrifying and two-faced assault on democracy."-David Almasi, Vice President of the National Center for Public Policy Research

Trump BRILL

The Chaser's Art of the Steal is the only book about management theory that comes with a free MBA (from The Chaser Institute). Divided into seven sections, readers will be fully appraised of everything it takes to become a successful manager, from middling time-server all the way up to mediocre executive. Includes- A guide to corporate slang The history and philosophy of management theory Narcissism checklist- do you have

enough of it to be CEO Buzzwords- How to eliminate clear communication from your management style Interspersed throughout the book are case studies to illustrate common management issues. For example, "Donald" was a mediocre student, bullied and harassed, but he turned the tables "The day that switch flipped inside me I was on the path to success", he says. Nowadays "Donald" has a senior job managing geopolitical conflicts by watching TV and sending tweets. Also includes an up-to-date section on dealing with "women" in the workplace. Surprisingly, under the law women are officially categorised as "people" and entitled to equal treatment. In reality, that is rarely followed and you can safely get away with unequal treatment just by appearing to follow the rules. Includes a case study on "Harvey" didn't realise women were real people, who would eventually talk to each other. We also look at lessons that can be learnt from some of the Top 500 companies, including case studies on all the major criminal cartels, including- Commonwealth Bank Westpac ANZ NAB and AMP

The Art of the Steal: Exposing Fraud &

Vulnerabilities in America's Elections
Atlantic Monthly Press

Popular illustrator Lee Crutchley is no stranger to creative blocks. Whether he's working for a corporate client or creating his own art, Crutchley has faced that blank page (and tablet screen) more times than he can count -- and through trial and error and sheer force of will, he's come up with a range of lively prompts, activities, and challenges that help to shift the perspective and get those creative juices flowing again in new and surprising ways. This upbeat, interactive, and very cool book will be any creative person's best friend -- filled with inspiration, humor, wisdom, commiseration, and help whenever the reader needs it most.

Steal This Book Scholastic Inc.

As plague ravages the overcrowded Earth, observed by a ruthless lunar people, Cinder, a gifted mechanic and cyborg, becomes involved with handsome Prince Kai and must uncover secrets about her past in order to protect the world in this futuristic take on the Cinderella story.

10 Things Nobody Told You About Being Creative HarperCollins

Describes the tricks of the scam trade,

offering advice on how to identify and outsmart perpetrators of fraud and how to safeguard oneself against identity theft and the misuse of Social Security numbers.

Heart of the Steal Seven Stories Press

The charismatic forger immortalized in *Catch Me If You Can* exposes the astonishing tactics of today's identity theft criminals and offers powerful strategies to thwart them based on his second career as an acclaimed fraud-fighting consultant. When Frank Abagnale trains law enforcement officers around the country about identity theft, he asks officers for their names and addresses and nothing more. In a matter of hours he can obtain everything he would need to steal their lives: Social Security numbers, dates of birth, current salaries, checking account numbers, the names of everyone in their families, and more. This illustrates how easy it is for anyone from anywhere in the world to assume our identities and in a matter of hours devastate our lives in ways that can take years to recover from. Considering that a fresh victim is hit every four seconds, *Stealing Your Life* is the reference everyone needs by an

unsurpassed authority on the latest identity theft schemes. Consider these sobering facts: • Six out of ten American companies and government agencies have already been hacked. • An estimated 80 percent of birth certificate requests are fulfilled through the mail for people using only a name and a return address. • Americans write 39 billion checks a year, and half of them never reconcile their bank statements. • A Social Security number costs \$49 on the black market. A driver's license goes for \$90. A birth certificate will set you back \$79. Abagnale offers dozens of concrete steps to transform anyone from an easy mark into a hard case that criminals are likely to bypass: • Don't allow your kids to use the

computer on which you do online banking and store financial records (children are apt to download games and attachments that host damaging viruses or attract spyware). • Beware of offers that appeal to greed or fear in exchange for personal data. • Monitor your credit report regularly and know if anyone's been "knocking on your door." • Read privacy statements carefully and choose to opt out of sharing information whenever possible. Brimming with anecdotes of creative criminality that are as entertaining as they are enlightening, *Stealing Your Life* is the practical way to shield yourself from one of today's most nefarious and common crimes.

[The Isabella Stewart Gardner Museum](#)
Crown

The Art of the Steal tells the story of several larger-than-life figures - the billionaire tycoon Alfred Taubman; the most powerful woman in the art world, Dede Brooks; and the wily British executive Christopher Davidge - who conspired to cheat their clients out of millions of dollars. It offers an unprecedented look inside this secretive, glamorous, gold-plated industry, describing just how Sotheby's and Christie's grew from clubby, aristocratic businesses into slick international corporations. And it shows how the groundwork for the most recent illegal activities was laid decades before the perpetrators were caught by federal prosecutors.
