MODERN ROME: 4 GREAT WALKS FOR THE CURIOUS TRAVELER, an alternative guidebook, is the latest in the Curious Traveler Series by acclaimed travel writers Dianne Bennett and William Graebner. Designed for the tens of thousands of visitors who have seen Rome's major attractions or seek an off-the-beaten path experience, it features over 60 color photos, 4 detailed maps, and entertaining and informative commentary. Following the success of ROME THE SECOND TIME: 15 ITINERARIES THAT DON'T GO TO THE COLISEUM, Bennett and Graebner offer 4 new Rome walks, all outside the city's tourist core, all easily accessible by Metro or tram, and all in neighborhoods where Romans live and work. GARBATELLA: GARDEN CITY SUBURB is a guided tour through one of the city's most engaging and mysterious planned communities, a 1920s creation featuring curving streets, enchanting stairways, interior courtyards, and some of the most unusual public housing ever built. EUR: MID-CENTURY SPECTACLE features a dramatic locale, now a center of Rome's business community, but planned and constructed in monumental style to celebrate the 20th anniversary of the 1922 Fascist March on Rome. On the opposite side of the city, a walk through Flaminio introduces Rome's sensational 21st-century, starchitect-designed cultural centers, and, across the Tiber, the suggestive site of the 1960 Olympic Games, the Foro Italico, a virtual Mussolini theme park built by the Duce in the 1930s. A fourth, stairways walk begins in Trastevere's back yard, winding up, down, and around Rome's 8th hill, the Gianicolo, traversing a 17th-century villa, a compelling 1941 monument to the Italian unification movement, and one of the smallest and most charming temples in all of Italy. Bennett and Graebner provide more tantalizing tours, information, and Book Updates on their blog at [www.romethesecondtime.com](http://www.romethesecondtime.com). Pack your bags. Bring your curiosity.

Now a venerable icon of Italian style, the internationally known quintessential scooter - the Vespa - was once a two-wheeled revolution, offering mobility to everyone. Today it has come to symbolize scootering status, style, and freedom. As Vespa reaches its 60s without showing a wrinkle, this book

celebrates its decades of incomparable spirit. In glowing images and words, the book shows Vespa in its many guises—as the two-wheeled vehicle of the post-war economic boom; as the symbol of the forward-charging ideas of the 1960s; appearing in romantic films such as Roman Holiday; and promoted in delirious ads that claimed, “Whoever Vespas, eats apples.” Decades of period ads and famous calendars are included, as well as technical and production information on every model ever built, including rare prototypes and variants. Each model is detailed in over 30 categories, from engine specs to production facts. Filled with stunning color photos and illustrations, the book is itself a stylish tribute to the iconic vehicle it celebrates. Author Giorgio Sarti knows Vespa, and this book is a thorough and thoroughly enchanting tribute to the scooter as it has sped through history, meaning something new to each generation, and in the process making its unique mode of personal transport synonymous with freedom. Officially licensed and includes a foreword from Piaggio Group President Roberto Colaninno.

Designed for the tourist seeking a fresh, authentic, Roman experience, this intimate, stimulating guide explores Rome's splendid modern architecture, its bustling close-in neighborhoods, and its rivers, magnificent fountains, and aqueducts. Itineraries take the reader to Fascist and occupied Rome of World War II, the nearby Alban Hills, and the Eternal City's lesser-known green spaces. Innovative chapters feature cultural and artistic Rome, including art galleries, jazz clubs, film locations, and rooftop bars--even places that offer a sumptuous (and free) "vernissage" of wine and hors d'oeuvres. With Bill and Dianne as guides--their voices part of the experience--the curious traveler will discover a housing project built under Mussolini; ascend a little-known holy Roman road on the city's outskirts; spend an evening in the out-of-the-way, artsy neighborhood of Pigneto; enjoy a trattoria where only Italians eat; and, among the book's many informative, creative "sidebars," find in one the troubling story of Rome's Jewish community, and in another locate sites in "Angels & Demons." 16 maps, 70 photos, an index, and detailed directions and instructions (including websites) make this "new" Rome easily accessible. For the frugally-minded, at times adventurous (at times armchair) traveler. Foreword by Rome Mayor Walter Veltroni.

From its origins the Italian battlefields of the Second World War, to movie roles as Audrey Hepburn's transport in Roman Holiday and Sting's stylish companion in Quadrophenia and on through the current vintage revival, the classic Italian motor scooter is an enduring design classic from the 20th century. Scootermania celebrates the superbly simple vehicles that are so symbolic of freedom, style and the modern world. Originating in the 1940s in Milan and Pontedera, Tuscany, the scooter became an enduring transport choice for young people and urban environments. Early chapters look at scooter racing and long-distance attempts, and their role as an anti-tank weapon in the French army. There is engaging coverage of place of scooters in popular culture from films, music and fashion including the way that a host of disparate groups has made the bikes their own - from the British Mods of the 1960s and 1980s to their role in American and Japanese fashion and in their Italian homeland. The evolution and design of classic models as the Vespa 150 GS and the Lambretta Li 150 Series 3 are covered while scooter stars such as Enrico Piaggio and Georges Monneret are celebrated in their own words. The book also includes a number of specially photographed features on modern scooter designers, collectors and artists.

Sempre caro mi fu quest'ermo colle ...L'approdo alle falde del Kilimangiaro, in quella terraprimigenia posta ben oltre i confini di Vega, non potevache rivelarsi a dir poco traumatico per chi, abbandonatedefinitivamente la frenetica Milano e l'opulenta Brianza,si vedeva catapultato adesso ai margini dello stargate.Benvenuti nell'Alto Jonio cosentino, benvenuti in ununiverso posto fuori da ogni realtà, da ogni spazio e daogni tempo, dove solo uno smidollato nella bisaccia comelui sarebbe

potuto atterrare con la valigia in mano e la flebile speranza di poter tornare un domani, chissà quale, nella terra promessa. Ma come in qualunque altro hubbub della vita, ciò chiedi primo acchito ti appare truce, inaccettabile, orripilanteriesce prima o poi a coinvolgerti al punto tale da divenire parte inscindibile del tuo io permanente. Oriolo Calabro, minuscola defecazione di zanzara posta sulla cartina geografica dell'alta Calabria citeriore e che, adetta del padre, si trovava là ove il Signore s'era scordato non solo le scarpe bensì tutto il proprio necessaire, diviene di botto il suo unico mondo.

Snapshots ist eine Autobiografie, die aus einer Laune heraus entstanden ist. Snapshots habe ich eine Tabelle genannt, in die ich 'Objekte' meines Lebens eingepflegt habe. Begonnen hat es mit den Autos, die ich im Laufe der Zeit gefahren habe, über Wohnungen, Schiffe, Motorräder und Jobs bis hin zu meinen jeweiligen Partnern. Langweilig waren die vergangenen 68 Jahre nicht, aber ich hoffe, das mein Leben in Zukunft mehr Stabilität erfährt.
