"A finalist for the Pulitzer Prize, Duong Van Mai Elliott's *The Sacred Willow* illuminates recent Vietnamese history by weaving together the stories of the lives of four generations of her family. Beginning with her great-grandfather, who rose from rural poverty to become an influential landowner, and continuing to the present, Mai Elliott traces her family's journey through an era of tumultuous change. She tells us of childhood hours in her grandmother's silk shop, and of hiding while French troops torched her village, watching while blossoms torn by fire from the trees flutter "like hundreds of butterflies" overhead. She makes clear the agonizing choices that split Vietnamese families: her eldest sister left her staunchly anti-communist home to join the Viet Minh, and spent months sleeping in jungle camps with her infant son, fearing air raids by day and tigers by night. And she follows several family members through the last, desperate hours of the fall of Saigon--including one nephew who tried to escape by grabbing the skid of a departing American helicopter. Based on family papers, dozens of interviews, and a wealth of other research, this is not only a memorable family saga but a record of how the Vietnamese themselves have experienced their times"--

Studies of Sino-Viet relations have traditionally focused on Chinese aggression and Vietnamese resistance, or have assumed out-of-date ideas about Sinicization and the tributary system. They have limited themselves to national historical traditions, doing little to reach beyond the border. Ming China and Vietnam, by contrast, relies on sources and viewpoints from both sides of the border, for a truly transnational history of Sino-Viet relations. Kathlene Baldanza offers a detailed examination of geopolitical and cultural relations between Ming China (1368-1644) and Dai Viet, the state that would go on to become Vietnam. She highlights the internal debates and external alliances that characterized their diplomatic and military relations in the pre-modern period,

showing especially that Vietnamese patronage of East Asian classical culture posed an ideological threat to Chinese states. Baldanza presents an analysis of seven linked biographies of Chinese and Vietnamese border-crossers whose lives illustrate the entangled histories of those countries.

Marked changes in family structures and dynamics have been seen in most societies this century, often as part of wider social transformations. Family changes were especially radical in a few countries where new Marxist regimes sought to institute the "socialist family" as a cornerstone of their revolution. Here, arguably the transformation of the family was as important as the collectivization of property and labour.

Traditional Music of Vietnam ABC-CLIO

The focus of conflict from the colonial era to the cold war, Vietnam at long last is emerging as a global force in trade and culture. Likewise its ceramics tradition, a fusion of eclectic influences and unique forms and forces, is exciting the imagination and delighting the senses of a widening circle of collectors and connoisseurs. The Elephant and the Lotus explores this vital tradition by highlighting over two hundred objects in the Museum of Fine Arts, Boston. Ranging from earthy and practical stoneware produced two millennia ago under Chinese dominion, to the spectacularly decorated ewers, bowls, and limepots created at the pinnacle of Vietnamese civilization a thousand years later, the wares presented here reflect the natural wonders of Vietnam and the ingenuity of its ceramists. With an introduction by John Stevenson that places ceramics at the intersection of artistic expression and national identity, and extensive presentations by renowned authority Philippe Truong, this is both the first complete publication of a remarkable collection and an indispensable introduction to a rapidly growing field in the Asian decorative arts.

An Introduction to Buddhist Monastic Training World Trade Press

In the second half of the twentieth century war raged in Vietnam. It was hard to know if it would ever end, and harder still to understand fully the rights and wrongs of the various protagonists. At last, the North Vietnamese turned out to be tough, resilient, and ultimately victorious. Patience in adversity sums up the Vietnamese character. After reunification in 1975 the Vietnamese experienced many difficulties. The immediate postwar years were harsh. Some fled into exile; others underwent "rehabilitation" to make them fit to live in a Communist state. To this were added economic hardships and even starvation. Since then, however, life has been transformed. The decision to abandon the centrally planned economy in favor of a "socialist market economy" was a bold step, as was the decision to throw open the doors and invite the world to invest in the new Vietnam. Visitors today will find a confident, independent people, nursing few if any grudges about the war. They are open and friendly, with a sense of humor and irony, and frankly curious about the outside world. Kind and generally helpful toward strangers, they are industrious, shrewd, and determined to improve their lot. Culture Smart! Vietnam outlines the history, culture, traditions, sensibilities, and modern way of life of the Vietnamese. It explains certain deep-seated attitudes, describes some of the social and cultural changes now under way, and gives practical advice on what to expect and how to behave in unfamiliar situations. It aims to help you discover for yourself the warmth and vast potential of this fascinating country and its delightful people.
