The contemporary phenomenon of people's attraction to Judaism around the world is remarkable. Additionally, millions of people who are not of Jewish descent are increasingly identifying themselves as Jews or are converting. In this volume, scholars and practitioners from a wide variety of disciplines explore

multiple sources and meanings of this new shaping of modern Jewish identities in Africa, the United States, and India.

Scene after scene, we are surrounded by the theatrics of the passion. The panorama begins as Israel performs seven solemn, ritualistic feasts pointing to the dismemberment of his physical and spiritual captivity. The messianic application to Israel's memorial feasts is central to his preparation to enjoy his long-awaited eternal freedom. In *The Seven Feasts of Israel and the Messiah*, 3rd Edition, Dr. Jean explores the purpose of the different sabbaths given to Israel and how each point to a unique aspect of either creation or redemption. The gospel to the chosen people is explained in a unique and fresh perspective. Tracing the path of their dispersion, punishment, and re-acceptance is clearly mapped. God's latter-day program for the chosen people can now be seen from clear messages from the Bible. Considering the topic of the feasts through the lens of scripture, Jean describes commonalities and differences of feasts religions recognize, providing an important historical and spiritual viewpoint.

Bongo sheds important new light on the most fascinating epoch in human history: Ancient Egypt. In this heavily researched work, he traces the evolution of civilization not to the Middle East, as most scholars do, but rather the South American tribes whose

cultures had greatly influenced what would become the Land of the Pharaohs.

Ouidah, an African town in Dahomey, now Benin, was the principal pre-colonial commercial centre of its region and this is the first detailed study of the town's history and its role in the Atlantic slave trade.

This is a 208 page book that describes the journey of the Ibo Tribe of Nigeria from Israel to Nigeria and to the USA as Slaves during the Slave Trade. That the Ibos were over 25% of the Slave population is well documented in the book.

"This book presents, one by one, the different groups of Black Jews in Western central, eastern, and southern Africa and the ways in which they have used and imagined their oral history and traditional customs to construct a distinct Jewish identity. It explores the ways in which Africans have interacted with the ancient mythological sub-strata of both western and African ideas of Judaism."--Résumé de l'éditeur.

These are the only writings of KING OG the Rephaim. The Rephaim being a Biblical race of Giants that Moses eventually had to eradicate in Numbers 21 of the Bible. Originally transcribed during a several hundred year swath in and around 1400 BCE, THE LOST BOOK OF KING OG is a controversial, heretical tome that reads like the Bible. In fact, it has been heavily speculated that the original architects of the Bible were on intimate terms with THE LOST BOOK OF KING OG, which

explains instances of similarity in metaphor and verbiage. Previously, the only way to look into this particular pre-Biblical flood, Rephaim/Nephilim world of Giants was through THE BOOK OF ENOCH and other DEAD SEA SCROLLS. Author DEMMON has brought forward a previously lost, heretical book that features the only Aramaic to English translation of the remaining mostly-complete copy of THE BOOK OF KING OG the Rephaim. While not entirely complete, THE LOST BOOK OF KING OG offers the greatest comprehension yet of the antediluvian (PRE-FLOOD) and postdiluvian world, from the eyes and ears of the Rephaim. The Catholic suppression of this text has always been due to the fact that THE BOOK OF KING OG is a pagan book. The pagan/blasphemous aspects of the tome (a championing of the uncircumcised for example) make its "burial" by the Catholic Church completely logical. Soaked in Baal worship and child-sacrifice, it is no wonder that the book had been silenced. The Catholic argument that the decision to rid the earth of the text was "God-inspired," is in fact, spiritually sound. With Constantine's systematic destruction of non-Christian texts in and around 326 CE, and the following Gelasian Decree of the 5th century CE, knowledge and/or reproduction of Og's verses was rendered impossible. In fact, the Catholic Church originally posted the following words of anathema in regards to THE BOOK OF KING OG and other forbidden texts: "... and whatever disciples of heresy and of the heretics or schismatics, whose names we have scarcely preserved, have taught or compiled, we declare to be not merely rejected but excluded from the whole Roman catholic and apostolic church, and its authors and their adherents to be damned in the inextricable shackles of anathema for ever [sic]."

THE BOOK OF KING OG is referenced by association throughout (relatively) recent history, perhaps most notably in the NEW HISTORY OF ECCLESIASTICAL WRITERS published in 1693. In this reference book, the BOOK OF KING OG is described as, "Forged by Jews and Hereticks both Fabulous and Erroneous." Written closely with Vatican translator FATHER MARTIN, THE LOST BOOK OF KING OG serves as a warning, a prophecy and an explanation as to why the Rephaim and Nephilim Giants no longer walk the face of the earth. The recent uncovering of the CASSIODORUS DONATION of 550 CE to the Catholic Church has revealed the most intact, albeit horribly preserved, copy of The BOOK OF KING OG yet. The CASSIODORUS text was used as the primary source material FATHER MARTIN used for his translation THE LOST BOOK OF KING OG. Providing information on a modern, unspeakable evil, THE LOST BOOK OF KING OG will make all who read it consider their religious beliefs and their conclusions about the giants of antiquity.

This masterwork of interpretative history begins with a bold declaration: "The Modern Age is the Jewish Age, and the twentieth century, in particular, is the Jewish Century." The assertion is, of course, metaphorical. But it drives home Yuri Slezkine's provocative thesis: Jews have adapted to the modern world so well that they have become models of what it means to be modern. While focusing on the drama of the Russian Jews, including émigrés and their offspring, The Jewish Century is also an incredibly original account of the many faces of modernity—nationalism, socialism, capitalism, and liberalism.

Rich in its insight, sweeping in its chronology, and fearless in its analysis, this is a landmark contribution to Jewish, Russian, European, and American history.

In this book the author, relying on the research he carried out in Igboland, Nigeria, leads us to see the action of God's grace already active in the Igbo religious culture called Omenala Ndigbo before the coming of Christian missionaries and how these cultural values have prepared the people to receive the Gospel. But, as he points out, these cultural values on which the Christian message ought to have been built from the beginning were grossly misunderstood and neglected. The Igbo people are now mainly Christians. But because the Gospel has not yet become their culture, some of them have double allegiance to the doctrines of the Church and to the practices of Omenala Ndigbo. The author opines that to build the Catholic Church in Igboland on a solid foundation, the Eucharist must take the central place - since the Eucharist makes the Church and is the source and summit of the life of the Church. Thus the work, which uses the analytical and hermeneutical method known as inculturation, is on Eucharistic Ecclesiology from an Igbo perspective and will be

useful for the Church, both at the local and universal levels for self-understanding and renewal, ecumenism, dialogue and mission.

Secessionism perseveres as a complex political phenomenon in Africa, yet often a more in-depth analysis is overshadowed by the aspirational simplicity of pursuing a new state. Using historical and contemporary approaches, this edited volume offers the most exhaustive collection of empirical studies of African secessionism to date. The respected expert contributors put salient and lesser known cases into comparative perspective, covering Biafra, Katanga, Eritrea and South Sudan alongside Barotseland, Cabinda, and the Comoros, among others. Suggesting that African secessionism can be understood through the categories of aspiration, grievance, performance, and disenchantment, the book's analytical framework promises to be

a building block for future studies of the topic.

Dr. Ola Udah (literal meaning: Judah's offering or Judah's ornament) Equiano (possibly ekwe alu a) was right when he identified his Eboe people as presenting same manners and customs as the Israelites of the old times as illustrated in the book of Leviticus. This study attempts to be an evidence to this assertion. It is a product of a research that began since 1983 and is barely concluded in 2018. The reader would readily realize that the research on this topic has only begun. Changes, modifications, and even eliminations of manners and customs of people through the generations make continuation of this study inevitable. This would be especially expected when examining ancient cultural issues today. Although the study did not strictly begin as another attempt to prove the identity of the Ibos as the Jews enunciated in the Old Testament designation of the children of Jacob, it has however added a relevant credence to that fact. Some of the manners and customs examined include similarities in the use of words and meanings, ritual practices, beliefs, personal attributes, and aspirations that are common to the Eboe (Heeboe, Ibu, Ibo, Igbo) peoples and the ancient Israelites. The book is basically a call for individual and collective reinvention of Eboes (and indeed worldwide Jews) for collective survival in a hostile world. The book interprets a true present-day Hebrew as the true worshipper of the I am that I am the G-d of our fathers who singled out Abraham and Jacob, our common ancestral fathers, and chose them for a mission to the world. The book finally suggests a version of Christianity centered on Yeshua/Jesus

the Christ and his message in the New Testament, a version of Christianity that would include relevant aspects of our omenala (law) among other recommendations. This is a book no one should ignore as it should be an eye-opener to the facts relevant to finding the solution to a long-standing identity crisis of the Eboe people.

The legend of The Lost Tribes of Israel remained for scholars, historians, archeologists, anthropologists and Hebraists a fascinating topic for millennia. When Israel faced an imperial conquest in the hands of the Assyrian empire in 722 B.C. as earlier warned by prophets Isaiah and Hosea, the nation also went on exile and into what seemed oblivion. A people who for penalty of apostasy became a dispersed people across the globe for nearly three thousand years creating a puzzle of identity and location for so long has suddenly began to emerge from the shadows of time. The account of their journey and experiences over this period had largely remained conjectures as they assimilated amongst foreign cultures. The Igbo, sojourning in the two sides of lower Niger, one of Africa's great rivers second only to the Nile and like other exiled tribes of Israel was relatively unknown to those who never had any contacts with them. The era of trans-Atlantic forced migrations and European colonization opened this connection. The exposition of a people's beliefs, behavior, attitudes and values within religious, cultural and political context had only affirmed their origin and identity.

This book is about Nigeria's oil and gas-rich Niger Delta region: --how its peoples: the Igbo, Ijaw, Ibibio, Efik, Ogoni, Annang, etc evolved over the years; with the Igbo, as the main ingredient in the evolution process --how ethnic and regional rivalry, occasioned by petty jealousies and envy threatened their very existence in 1966-1969, and led to Biafra --how greed and the gross abuse of state power by Northern Nigeria-controlled military dictatorship in 1966-1999 turned the once prosperous region into a living nightmare. The peoples are emasculated, communities/villages sacked, perceived freedom fighters persecuted and killed, including the writer/environmentalist, Ken Saro-Wiwa, who was hanged in 1995. This book reminds Nigeria and the world of Biafra, and calls for fundamental changes in respect of the Niger Delta, to avoid the mistakes that led to Biafran secession in 1967. It is also a Unity call to the East.

Landsmanshaftn, associations of immigrants from the same hometown, became the most popular form of organization among Eastern European Jewish immigrants to the United States in the late 19th and early 20th centuries. Jewish Immigrant Associations, by Daniel Soyer, holds an in-depth discussion on the importance of these hometown societies that provided members with valuable material benefits and served as arenas for formal and informal social interaction. In addition to discussing both continuity and transformation as features of the immigrant experience, this approach recognizes that ethnic identity is a socially constructed and malleable phenomenon. Soyer explores this process of construction by raising more specific questions about what immigrants themselves have meant by Americanization and how their hometown associations played an important part in the process.
