The Eureka Math curriculum provides detailed daily lessons and assessments to support teachers in integrating the Common Core State Standards for Mathematics (CCSSM) into their instruction. The companion guides to Eureka Math gather the key components of the curriculum for each grade into a single location. Both users and non-users of Eureka Math can benefit equally from the content presented. The CCSSM require careful study. A thorough study of the Guidebooks is a professional development experience in itself as users come to better understand the standards and the associated content. Each book includes narratives that provide educators with an overview of what students learn throughout the year, information on alignment to the instructional shifts and the standards, design of curricular components, and descriptions of mathematical models. The Guidebooks can serve as either a self-study professional development resource or as the basis for a deep group study of the standards for a particular grade. For teachers who are either brand new to the classroom or to the Eureka Math curriculum, the Grade Level Guidebooks introduce them not only to Eureka Math but also to the content of the grade level in a way they will find manageable and useful. Teachers already familiar with the curriculum will also find this resource valuable as it allows for a meaningful study of the grade level content in a way that highlights the coherence between modules and topics. The Guidebooks allow teachers to obtain a firm grasp on what it is that students should master during the year.

This is the Mentor's Guide for TUMI's Capstone Module 14 English course, God the Holy Spirit, which is one of 16 modules in the Capstone Curriculum. This book is intended to be purchased by TUMI satellites, mentors, or site coordinators for use within a TUMI Satellite. The Quizzes, Final Exam, and Answer Keys for this module can be found on the TUMI Satellite Gateway (this is available to all approved TUMI satellites). The Urban Ministry Institute (TUMI) is a ministry of World Impact, Inc. TUMI Satellites are a part of the TUMI Network, where leaders are developed in the local church using TUMI's curriculum and training system. There are few theological truths in the history of the Church that have sparked as much controversy, disagreement, and schism as the doctrine of the Holy Spirit. From ancient disagreements about the Trinity and "procession" to modern disagreements about the baptism and gifts of the Holy Spirit, there is much that have caused sincere, godly believers to conflict about this important truth. Despite its history of conflict, however, the doctrine of the Holy Spirit lies at the very heart of the way that we understand who God is and how we experience his living presence in our midst. This module explores the person and work of the Holy Spirit, beginning with the biblical evidence of God the Spirit as the third person of the one Trinitarian God. We begin our study by exploring the biblical portrayal of the Spirit as a divine person who both is God and who consciously acts as God. We will also discuss the relationship of the Spirit to the Father and the Son as the one who is the "bond of love" between them and their "gift of life to the world." Next, we consider the nature of prophetic revelation and the Spirit as the one who both inspires and illuminates the Word of God, and convicts humankind, enabling us to overcome the deception caused by sin and leads us to true repentance. We close our study by investing the powerful presence of the Holy Spirit, i.e., his ministry of grace and power in the lives of those who repent and believe. We outline the critical role of the Spirit in regeneration, adoption, baptism, gifting, indwelling, sealing, and sanctification. Indeed, the Holy Spirit enables the Church to fulfill its mission in the world.
