Bond is back with a license to thrill. Forty-three years ago, Ian Fleming wrote his last great 007 adventure. Now, in Devil May Care, the world's most iconic spy returns in a Cold War story spanning the world's exotic locations. By invitation of the Fleming estate to mark the centenary of his birth, acclaimed novelist Sebastian Faulks picks up where Fleming left off, writing a tour de force that will electrify every James Bond fan. A fitting tribute to the Bond tradition, Devil May Care stands on its own as a triumph of witty prose and plenty of double-0 action. "In his house in Jamaica, Ian Fleming used to write a thousand words in the morning, then go snorkeling, have a cocktail, lunch on the terrace, more diving, another thousand words in the late afternoon, then more martinis and glamorous women. In my house in London, I followed this routine exactly, apart from the cocktails, the lunch, and the snorkeling." —Sebastian Faulks

"Real World Survival!" What Has Worked For Me is a book about the hard choices we may have to make to survive in the world today. The author examines the importance of proper mindset and being aware of the world around us. He describes some of the characteristics of the bad guys and

the varied weapons they may use against us. He covers various types of self-defense tools, along with the importance of getting the proper training skills and offers some suggestions on where to get such training. Also included are sections on firearms that the author has used throughout his career in law enforcement, as well as the pros and cons of "customizing" a self-defense handgun. As noted author, self-defense trainer and expert on legal liability and the use of force Massad Ayoob says in the Foreword to "Real-World Survival!": "This is a damn good book....Walt Rauch is a tough old bird and a wise man. I've learned a lot from him over the years. And, now...you, too, are going to learn a lot from Walt Rauch".

Deadliest Waters Simon and Schuster

Sig Hansen has been a star of the Channel 4's *The Deadliest Catch* from the pilot to the present. Seen in over 150 countries, the show attracts more than 49 million viewers per season, making it one of the most successful series in the history of cable TV. With its daredevil camera work, unpredictably dangerous weather, and a setting as unforgivable and unforgettable as the frigid Bering Sea, *The Deadliest Catch* is unlike anything else on television. But the weatherworn fishermen of the fishing vessel *Northwestern* have stories that don't come through on TV. For Sig Hansen and his brothers, commercial fishing is as much a part of their Norwegian heritage as their names. Descendants of the Vikings who roamed and ruled the northern seas for centuries, the Hansens' connection to the sea stretches from Alaska to Seattle and all the way to Norway. And after twenty years as a skipper on the commercial fishing vessel the *Northwestern*-- which was his father's before him -- Sig has lived to tell the tales. To be a successful fisherman, you need to be a mechanic, navigator, welder, painter, carpenter, and sometimes, a firefighter. To be a successful fisherman year after year, you need to be a survivor. This is the story of a family of survivors; part memoir and part adventure tale, *North by Northwestern* brings readers on deck, into the dockside bars and into the history of a family with a common destiny. Built around a gripping tale of a deadly shipwreck like *The Perfect Storm*, *North by Northwestern* is the multi-generational tale of the Hansen family, a clan of tough Norwegian-American fishermen who, through the popularity of *The Deadliest Catch*, have

become modern folk-heroes.

Blue Book of Airguns Pan Macmillan Adult

"Over half a century has passed since I cut my teeth on an old .36 Navy Colt. For 40 years I have almost never been out of easy reach of a good sixgun. Thirty years I spent in the saddle, packing, punching cows and breaking saddle bones. The sixgun was worn just as regularly as my pants and many times was much more important to my existence. It pulled me out of several tight scrapes with wild horses, wilder cattle and some big game. Though I have witnessed several gun fights, have had guns pulled on me and have been shot at several times, I have never had to use my gun on a man. Several times it was touch-and-go and perhaps only the current knowledge that I was both fast and accurate with a sixgun saved me from being embroiled. Though I do not recommend a sixgun for big game, thirty head of big game have fallen to mine, including elk, bear, deer, cougar, mountain goat and javelina. I have also trailed up a great many big game animals of various species that were wounded by sportsmen and then I finished them off. No record was kept of these or the many coyotes, bobcats and lesser game, or the livestock I have had to kill." This classic includes the following chapters: Introduction I. History of the Sixgun II. Selecting the Handgun III. Learning To Shoot IV. Sixgun Sights V. Long Range Shooting VI. Game Shooting VII. Double Action Shooting VIII. Gun Rigs and Holsters IX. Quick Draw and Hip Shooting X. Gun Fighting XI. Revolver Versus Auto Pistol XII. Aerial and Trick Shooting XIII. Slip Shooting, Fanning, Cavalry Guns XIV. Loading and Management of Cap and Ball Sixguns XV. Repairs, Remodeling, Resighting XVI. A Bullet Chapter XVII. Cartridge Reloading XVIII. Selection of Cartridges XIX. Ornamentation, Barrel Lengths, Balance, Velocities XX. texts. For our modern day he is a person who aspires to be the GUNFIGHTER, WRITER, WILDMAN, MONK: Man of Action, Man of Intellect, Man of Emotion, Man of Spirit. Consider the Athenian ideal of a balanced education from the book *Greek Realities: Life and Thought in Ancient Greece*, By Finley Hooper "They could play some flute but should not neglect wrestling. They avoided the excesses of life. They might focus on music or philosophy but spent enough time so that their bodies did not become soft." Spotter Up is for anyone, whether they are military, law-enforcement, emergency response or not, that is searching for ways to become more well-rounded. *We Fight Monsters* is a collection of quotes, maxims, poems and more written and posted by the author originally on Instagram, over a four-year period of time, as a way to provoke thought, and simultaneously inspire men and women. The author of *We Fight Monsters* hopes it helps readers transcend the ordinary world by relishing the unexpected. The book was written because many of the followers of Spotter Up's social media sites stated, "the writing got me through some very hard times." The cover illustration is based off the Greek Hydra and the Hercules myth. Man has an internal struggle after he's battled a beast, and sometimes he must battle the beast within himself. He isn't a demigod.

He's just a regular Joe who is a hero to many, that lives to win against evil. Maybe he's a Marine who did several deployments and lost some friends, maybe she's a cop fighting crime on the streets. The illustration symbolizes the brotherhood of man, (men and women), that fight the good fight despite experiencing PTSD, physical injuries, loss of friends, lovers etc. "WE FIGHT MONSTERS. I'm not afraid of anything in this world that's been seen. I have scars on the inside. My badges of honor. There's a light inside my heart; it's for others to see. I live to show the way to those lost and in pain. And you? Walk with magnificence. Cock of the walk. Lead the way or follow those who use their pain to fight monsters and the injustices in this world" ~Michael Kurcina.
