 Join Anna Hibiscus and her big, bustling family in the second of Atinuke's engaging illustrated chapter-book series set in modern Nigeria. Anna Hibiscus lives in Africa, amazing Africa. She's surrounded by so many family members she can't count them, in a

wonderful old house with a garden in a compound in a big city. Follow Anna as she worries about singing a solo for a visiting president, runs away to escape hair-braiding day (and gets in a terrible tangle), enjoys the candles and hide-and-seek games on nights when the electricity goes out (and hates the new noisy generator!), and has an eye-opening visit to the other side of the city,

where she learns about spontaneous generosity. Says School Library Journal, "Atinuke . . . manages to balance the contemporary and the traditional with ease"—a talent that, combined with Lauren Tobia's expressive illustrations, will leave readers rapt and have them looking forward to Anna's next adventures. Amoral, cunning, ruthless, and instructive,

this multi-million-copy New York Times bestseller is the definitive manual for anyone interested in gaining, observing, or defending against ultimate control – from the author of *The Laws of Human Nature*. In the book that *People* magazine proclaimed “beguiling” and “fascinating,” Robert Greene and Joost Elffers have distilled three thousand years of the

history of power into 48 essential laws by drawing from the philosophies of Machiavelli, Sun Tzu, and Carl Von Clausewitz and also from the lives of figures ranging from Henry Kissinger to P.T. Barnum. Some laws teach the need for prudence (“Law 1: Never Outshine the Master”), others teach the value of confidence (“Law 28: Enter Action with Boldness”),

and many recommend absolute self-preservation (“Law 15: Crush Your Enemy Totally”). Every law, though, has one thing in common: an interest in total domination. In a bold and arresting two-color package, *The 48 Laws of Power* is ideal whether your aim is conquest, self-defense, or simply to understand the rules of the game. In an Absent Dream
Chronicle
Books

Alive with all the flavor and ferment of contemporary Iran, The Book Of Absent People is an exquisitely crafted novel that at once creates an exotic feast for the mind and the senses. As it unravels the haunting tale of a young man's search for his missing brother, it takes the reader on an unpredictable voyage of discovery into the depths of one family's innermost passions. It is the last day of the month of

Khordad and Khan Papa Doctor, physician and great patriarch of the Heshmat Nezamis, has examined his final patient. For reasons which become startlingly apparent, the reticent Khan Papa Doctor has become staunchly devoted to reuniting his family - a family split apart by scandal, secrets, and ultimately, by destiny. When youngest son Rokni, a dreamer and an artist, is called to his

father's side, little does he know the strange journey that lies ahead. He is recruited to seek out his older brother Zia, the hotheaded revolutionary who long ago fled the house of the Heshmat Nezamis...and it will be a quest that brings Rokni face to face with the truths of his noble family. He will learn about Khan Papa Doctor's first wife who died mysteriously and in disgrace, and who is never

discussed. He will understand, at long last, why his beautiful sister lives in her own private world, unable to reach those sharing a common reality. He will discover, too, the startling complexities of his father's past as well as the momentous contributions the Heshmat Nezamis made to the turbulent history of their proud homeland. Gracefully told with the magic of a writer who is

part chronicler and part mystic, here is a story of people both physically and emotionally lost, of those in life whom we miss knowing through circumstances of fate and through their own design. But most of all, *The Book Of Absent People* is about knowing ourselves - a book that will linger in the heart for days to come.

Longing for an
Absent God
unveils the
powerful role
of faith and
doubt in the
American
literary
tradition. Nick
Ripatrzone
explores how
two major
strands of
Catholic
writers--
practicing and
cultural--
intertwine and
sustain each
other.
Ripatrzone
explores the

writings of devout American Catholic writers in the years before the Second Vatican Council through the work of Flannery O'Connor, J. F. Powers, and Walker Percy; those who were raised Catholic but drifted from the church, such as the Catholic-educated Don DeLillo and Cormac McCarthy, the convert Toni Morrison, the Mass-going Thomas Pynchon, and the ritual-

driven Louise Erdrich; and a new crop of faithful American Catholic writers, including Ron Hansen, Phil Klay, and Alice McDermott, who write Catholic stories for our contemporary world. These critically acclaimed and award-winning voices illustrate that Catholic storytelling is innately powerful and appealing to both secular and religious audiences. *Longing for an Absent God* demonstrates

the profound differences in the storytelling styles and results of these two groups of major writers--but ultimately shows how, taken together, they offer a rich and unique American literary tradition that spans the full spectrum of doubt and faith. *A to Z Mysteries: The Absent Author* Turtleback Books Help Dink, Josh, and Ruth Rose solve mysteries from A to Z!
