### RIVERA SANCHEZ

Without a Hitch Ad Astra

There was a place once where man, the perfect creation, lived and thrived as a near perfect creature. Blessed by the 'gods' with advanced knowledge of science, engineering, astronomy, mathematics and medicine, this early culture lived an idyllic life on a remote volcanic island in the eastern Atlantic . There they enjoyed centuries long lives and were protected by their isolation from pestilence and were nourished by food raised on rich volcanic soil. These Atlanteans became great seafaring explorers who shared their gifts of knowledge with more primitive cultures, advancing societies that would evolve into the great centers of knowledge, philosophy and science that would become Egypt, Rome, Persia, Greece and China. Legend has it that the island they called Atlantis was destroyed in a sudden cataclysmic volcanic explosion that totally exterminated all traces of that great culture. The truth be known, the eruption and explosion that wiped the

island from history came slowly with seismic warnings and the people evacuated their leaders and knowledge on a great armada of ships which dispersed around the world to settle and mix with other cultures, creating advanced healthier societies. One group traveled West to a previously unexplored continent that one day would be called North America. There for hundreds of years they inbred with native tribes of hunter gatherers which then evolved into the great American Indian tribes . Modern researchers, aware of Biblical stories about patriarchal longevity that spanned multiple centuries to millennia, began researching modern pockets of extreme centurion longevity, seek a possible genetic reason, a longevity gene to create a super human . One group of Chinese scientists begin to pursue that knowledge with malevolent, evil intent. The accidental discovery of a ten thousand year old grave with fossilized human remains, a partial stone tablet with indecipherable writing, and a heavy gold and emerald inscribed ring with an ancient message on the Fort Peck Indian Reservation in Montana, sets in motion events that will uncover the powerful secrets of The Atlantis Gene.  
From Blood and Ash Ad Astra

Scientific and mythological evidence that Antarctica was once Atlantis • Reveals how the earth's crust shifted in 9600 BCE, dragging Atlantis into the polar zone beneath miles of Antarctic ice • Examines ancient yet highly accurate maps, including the Piri Reis map of 1513, which reveals a pre-glacial Antarctica • Shows how myths of floods and disaster from around the world all point to a common source In this completely revised and expanded edition of When the Sky Fell, Rand and Rose Flem-Ath show that 12,000 years ago vast areas of Antarctica were free from ice and home to the kingdom of Atlantis, a proposition that also elegantly solves the mysteries of ice ages and mass extinctions, the simultaneous worldwide rise of agriculture, and the source of devastating prehistoric climate change. Expanding upon Charles Hapgood's theory of earth crust displacement, which was championed by Albert Einstein, they examine ancient yet highly accurate world maps, including the Piri Reis map of 1513, and show how the earth's crust shifted in 9600 BCE, dragging Atlantis into the polar zone where it now lies beneath miles of Antarctic ice. From the Cherokee, Haida, and Okanagan of North America to the earliest records of Egypt, Iran, Mexico, and Japan, they reveal that ancient myths of floods, lost island paradises, and visits from advanced godlike

peoples from all corners of the globe all point to the same worldwide catastrophe that resulted in Atlantis's demise. The authors explain how the remaining Atlanteans, amid massive earthquakes and epic floods, evacuated and spread throughout the world, resulting in the birth of the first known civilizations. Including rare material from the archives of Charles Hapgood, Albert Einstein, and Dwight D. Eisenhower, the Flem-Aths explain how an earth crust displacement could happen again in the future, perhaps in correspondence with high solar activity. With new scientific, genetic, and linguistic evidence in support of Antarctica as the location of long-lost Atlantis, this updated edition convincingly shows that Atlantis was not swallowed by the sea but was entombed beneath miles of polar ice.

**The Atlantis Trilogy** Galaxy Press LLC

Sweet Home Alabama meets Emily in Paris in this hilarious romp through the world of extravagant southern weddings. When floundering and unlucky-in-love twentysomething Lottie Jones lands a new career as a wedding planner at a top-tier boutique event firm, she begins navigating a cutthroat workplace specializing in over-the-top details, unlimited budgets, and a broad spectrum of taste. Whether planning for parachute landings or wrangling intoxicated groomsmen, she has her hands full at every million-dollar wedding she helps organize. After her boss announces he's opening a new office, Lottie sees her chance to finally carve out her place—and earn an income that justifies her dating app subscription fees. The weddings get bigger, the clients get wilder, the mishaps get funnier, and the stakes get higher. And Lottie's forced to discover what she'll risk for love and how far she'll go to find herself. Set against the glamorous, ruthless world of high-end Southern weddings and inspired by real events in the authors' lives, *Without a Hitch* is a hilarious romp about taking ownership, facing fears, planning your ex-boyfriend's wedding, and choosing a happy ending that wasn't what you once expected. Praise for *Without a Hitch*: “Without a Hitch is a delightfully quirky novel that proves the age-old adage ‘We plan, God laughs.’ Filled with fascinating insights into the world of high-end wedding planning, you can't help but cheer for Lottie Jones as she learns that you can't script your life and that, sometimes, the best laid plans are the ones you never make.” —Emily Giffin, #1 New York Times bestselling author of *All We Ever Wanted* and *The Lies that Bind* “Put a ring on *Without a Hitch*—a sweet, Southern confection of a book about what it takes to orchestrate everyone else's happily ever after when your own heart has been broken. This sneak peek into the world of high-end wedding planning will keep you laughing as Lottie deconstructs the fairy tale and finds her authentic self.” —Jodi Picoult, #1 New York Times bestselling author of *Wish You Were Here* and *The Book of Two Ways* “Without a Hitch is a must read. It is absolutely fabulous. As someone who works in the wedding industry, I found this book's brevity, humor, and the glamorous over-the-top world of Southern Weddings a true joy to read. This is the book you will be gifting to all your friends!” —Mindy Weiss, bestselling author of *The Wedding Book* Stand-alone novel Book length: 106,000 words Includes discussion questions for book clubs

**Pandemic** Simon and Schuster

The Oscar-winning actor teams up with a shipwreck diving expert to spin a cinematic tale of nineteenth century pirates, shipwrecks, and sea adventure. In 1805, seventeen-year-old Jack O'Reilly sets sail with his parents from America to Cuba aboard the *Perdido Star*. But when tragedy strikes shortly after their arrival, Jack makes a desperate escape, rejoining the departing *Star* as a member of the crew. On his yearslong journey around the globe, he only grows more obsessed with avenging the murder of his parents. By the time he returns to Cuba, Jack has faced storms, shipwreck, and deadly battles. He leads a renegade band who call themselves the Right Honourable Brotherhood of the Shipwrecked Men of the *Star*. But having seen and suffered so much, what is Jack now willing to sacrifice for revenge? Hackman and Lenihan infuse this swashbuckling tale with authentic details of 19th century seafaring and deep sea diving. The hero Jack is joined by a colorful cast of characters, including Paul Le Maire, the aristocratic intellectual who earns Jack's friendship; Quince, the first mate, Jack's mentor and defender; Quen-Li, the mysterious Chinese cook whose skills extend beyond the galley; Hansumbob, the ship's poet, whose simplicity belies a wisdom born of the heart; and the greedy Count de Silva, whose charm masks a murderous soul.

**The Extinction Trials** North Atlantic Books

Ancient monuments all over the world - from the Pyramids of Giza, to Mexico, to the ancient sites of China - are also awakening, reacting to a brewing crisis not of this earth, connecting to each other in some kind of ancient global network. A small group of scientists is assembled to attempt to unravel the mystery. What they discover will change the world. Imagine that 12,000 years ago it

really did rain for 40 days and 40 nights. That storms reigned supreme. Imagine that survivors of human civilization really were forced to take to boats or hide out in caves on mountaintops. Then consider that these same myths from around the world predict this kind of devastation will occur time and again. What could cause such a catastrophe? What occurs in nature with such frightening and predictable regularity? A pulsar. But this is not just any pulsar - the ordinary type that pulses once a second, a minute, or even a week. This pulses once every 12,000 years and sends out a gravity wave of such ferocity it beggars belief. Not only that, it's closer than anybody has ever imagined. For it lives in our own backyard. It is the Sun.

**The Atlantis Allegiance** Atlantis Trilogy

Weaving exotic locale and hairpin twists, author Nick Pirog's *Jungle Up* plunges readers into a world where the only thing more dangerous than the gun-toting drug traffickers and the ruthless tribesmen is the jungle itself. A riveting thriller in the bestselling Thomas Prescott series. “Please find me, Thomas! Please!” Two years ago, Dr. Gina Brady broke Thomas Prescott's heart, but now her panic-stricken satellite phone call starts it beating again with a fury. Thugs kidnapped the good doctor from the remote jungle village where she was working, and now the retired homicide detective's expert skills are desperately needed to save her. Led by a colorful, but perhaps untrustworthy local guide, Prescott journeys deep into the Bolivian Amazon, plunging into a world where the only thing more dangerous than the gun-toting drug traffickers and the ruthless tribesmen, is the jungle itself. When Gina's trail leads to a chance encounter with an archaeological expedition, the search for the missing doctor takes on even deadlier consequences. But Prescott will not relent in this punishing quest until, once again, he holds Gina in his arms. The books in the Thomas Prescott Series can be enjoyed in any order, so grab *Jungle Up* and get started today.

**The Lost Colony** Pen and Sword History

70,000 years ago, the human race almost went extinct. We survived, but no one knows how. Now the countdown to the next stage of human evolution is about to begin. Will we survive this time? An exhilarating thriller that reveals the secrets of modern science and ancient conspiracies.

**The Atlantis Plague** Macmillan

Geneticist Kate Warner and counter-terrorism agent David Vale have prevented a fierce plague from wiping out humanity - but the struggle to survive is far from over.

**The Solar War** Harper Muse

Geneticist Kate Warner and counter-terrorism agent David Vale are working desperately against the clock to prevent a pandemic 70,000 years in the making. If this plague takes hold, it could change humanity forever...

**Raising Atlantis** Beck Books

"In 2003, the first human genome was sequenced. It was a breakthrough of historic proportions, but only one scientist knows the full truth of what lies buried in our DNA. That secret will change everything we thought we knew about our past. And our future. Dr. Paul Kraus has spent his career searching for what he calls humanity's lost tribes--human ancestors who have gone extinct. When Kraus compares the DNA samples of the lost tribes with our own, he discovers a pattern of changes. A code. He believes he knows what the code is, but the technology doesn't exist to fully decode it. To protect the secret, Kraus hides his work and disappears. For years, the secret remains buried. When Kraus dies mysteriously, his work is lost forever. Now the technology exists to finally unravel the code buried in the human genome. The race to find Kraus's research has begun, and one group will do anything to find it. Dr. Peyton Shaw and her mother have obtained part of Kraus's research--and a cryptic message that could lead to the remaining pieces. They soon learn that finding those pieces may be more dangerous than anyone imagined. But there's no choice. His work is the key to stopping a global conspiracy--and an event that will change humanity forever. The ultimate secret, buried in the human genome, will change our very understanding of what it means to be human. For Peyton, finding it may come at an incredible price. She must weigh the lives of strangers against those she loves: Desmond Hughes and her mother. With time running out, Peyton makes a fateful choice--one that can never be undone"--

**The Atlantis Gene** Extinction Files

Experience the first “outrageous adventure with a wild dose of the supernatural” (Clive Cussler, New York Times bestselling author) in the New York Times bestselling Atlantis trilogy, following archeologist Conrad Yeats, his father, and linguist Serena Serghetti as they search for the lost city of Atlantis. During a top secret dig in Antarctica, the United States government discovers a stunning and ancient secret: the legendary lost city of Atlantis. Dr. Conrad Yeats, the foremost

authority on megalithic architecture, is brought in along with his estranged father, General Griffin Yeats, and his former lover, the linguist Serena Serghetti, to explore this astonishing civilization hidden beneath the ice. But their investigation uncovers something shocking that threatens the very existence of humanity and together, they are thrust into a deadly race against the apocalypse. “Raising Atlantis grabs hold of you from the first page and pulls you into an astonishing world of scientific fact and fiction, suspense, and good old-fashioned adventure” (Nelson DeMille, New York Times bestselling author). Visit the official Raising Atlantis website at [RaisingAtlantis.com](http://RaisingAtlantis.com) to unlock lost chapters and download free ebooks featuring Conrad Yeats and Serena Serghetti.

**The God Gene Chronicles** A.G. Riddle

'Apocalyptic sci-fi at its best... The action is anything but frozen' DAILY MAIL. WITHIN THREE MONTHS, ICE WILL COVER THE EARTH, AND LIFE AS WE KNOW IT WILL END. It was the last thing we expected, but the world is freezing. A new ice age has dawned and humanity has been forced to confront its own extinction. Billions have fled the glaciers, crowding out the world's last habitable zones. They can run from the ice, but they can't escape human nature: a cataclysmic war is coming. In orbit, a group of scientists is running the Winter Experiments, a last-ditch attempt to understand why the planet is cooling. None of the climate models they build makes sense. But then they discover an anomaly, an unexplained variation in solar radiation... and something else. Close to the burning edge of the sun, they catch a fleeting glimpse of something that shouldn't be there... Suddenly humanity must face the possibility it is not alone in the universe. And the terrifying possibility that whatever is out there may be trying to exterminate us. 'A complex, multi-stranded narrative spanning 700 pages that reads like a superior collaboration between Dan Brown and Michael Crichton' THE GUARDIAN.

**Jungle Up** Ad Astra

A new ice age on Earth. A mysterious object in space. And a desperate mission to save humanity from extinction. Each month, Earth grows colder. Snow falls in summer. Glaciers trample cities across North America, Europe, and Asia. Chaos erupts. Around the world, people abandon their homes, fleeing the cold, flocking to regions where they can survive the new ice age. Nations prepare to go to war for the world's last habitable zones.

**Leap to Wholeness** Blackstone Publishing

From the author of the #1 bestselling *The Atlantis Gene* comes a new novel in which the world's past and future rests in the hands of five unwitting strangers in this definitive edition of A. G. Riddle's time-traveling, mind-bending speculative thriller. En route to London from New York, Flight 305 suddenly loses power and crash-lands in the English countryside, plunging a group of strangers into a mysterious adventure that will have repercussions for all of humankind. Struggling to stay alive, the survivors soon realize that the world they've crashed in is very different from the one they left. But where are they? Why are they here? And how will they get back home? Five passengers seem to hold clues about what's really going on: writer Harper Lane, venture capitalist Nick Stone, German genetic researcher Sabrina Schröder, computer scientist Yul Tan, and Grayson Shaw, the son of a billionaire philanthropist. As more facts about the crash emerge, it becomes clear that some in this group know more than they're letting on—answers that will lead Harper and Nick to uncover a far-reaching conspiracy involving their own lives. As they begin to piece together the truth, they discover they have the power to change the future and the past—to save our world . . . or end it. A wildly inventive and propulsive adventure full of hairpin twists, *Departure* is a thrilling tale that weaves together power, ambition, fate, memory, and love, from a bold and visionary talent.

**The Bone Labyrinth** Beck Books

A thrill-seeking Harvard linguistics professor and an ultrasecret branch of the Catholic Church go head-to-head in a race to uncover the secrets of the lost city of Atlantis. The ruins of the technologically-advanced, eerily-enigmatic ancient civilization promise their discoverer fame, fortune, and power... but hold earth-shattering secrets about the origin of man. While world-famous linguist and archaeologist, Thomas Lourds, is shooting a film that dramatizes his flamboyant life and scientific achievements, satellites spot impossibly ancient ruins along the Spanish coast. Lourds knows exactly what it means: the Lost Continent of Atlantis has been found. The race is on, and Lourds' challengers will do anything to get there first. Whoever controls the

Lost Continent will control the world. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*The Atlantis World* CreateSpace

An NPR Best Book of the Year A Vanity Fair Best Summer Read "A haunting, mind-bending memoir. . . riveting." —New York Times "A mixture of biography and true crime, this narrative . . . offers more plot twists, shocking revelations and shady characters than most contemporary thrillers." —NPR The Book of Atlantis Black will have you questioning facts, rooting for secrets, and asking what it means to know the truth. A young woman is found dead on the floor of a Tijuana hotel room. An ID in a nearby purse reads "Atlantis Black." The police report states that the body does not seem to match the identification, yet the body is quickly cremated and the case is considered

closed. So begins Betsy Bonner's search for her sister, Atlantis, and the unraveling of the mysterious final months before Atlantis's disappearance, alleged overdose, and death. With access to her sister's email and social media accounts, Bonner attempts to decipher and construct a narrative: frantic and unintelligible Facebook posts, alarming images of a woman with a handgun, Craigslist companionship ads, DEA agent testimony, video surveillance, police reports, and various phone calls and moments in the flesh conjured from memory. Through a history only she and Atlantis shared—a childhood fraught with abuse and mental illness, Atlantis's precocious yet short rise in the music world, and through it all an unshakable bond of sisterhood—Bonner finds questions that lead only to more questions and possible clues that seem to point in no particular

direction. In this haunting memoir and piercing true crime account, Bonner must decide how far she will go to understand a sister who, like the mythical island she renamed herself for, might prove impossible to find.
