Very Short Introductions - Wikipedia Borders A Very Short Introduction Despite the short length, "Borders" is a fairly thorough examination of the interesting topic of borders through ancient times up to modern times. My main quarrel with this short introduction is that it lacks wit, charm, or whatever you wish to call it. It was dry as dust or matzah, which ever you would prefer. Amazon.com: Borders: A Very Short Introduction (Very Short ... Borders: A Very Short Introduction challenges the perception of borders as passive lines on a map, revealing them instead to be integral forces in the economic, social, political, and environmental processes that shape our lives. The issue of borders includes considerations such as transnational communities, security threats from terrorist groups, migration regulation, rights of indigenous peoples, the legal status of the sea and outer space, environmental sustainability, and the emergence ... Borders: A Very Short Introduction - Very Short Introductions Compelling and accessible, this Very Short Introduction challenges the perception of borders as passive lines on a map, revealing them instead to be integral forces in the economic, social, political, and environmental processes that shape our lives. Highlighting the historical development and continued relevance of borders, Alexander Diener and Joshua Hagen offer a powerful counterpoint to the idea of an imminent borderless world, underscoring the impact borders have on a range of issues ...
