The Lie Tree Broadleaf Books
Raise calmer, happier, healthier children with these fun, hands-on nature activities for parents and kids to enjoy together. Stressed? Feeling a bit down? Seeking a break from screens? Nature can help. What we all suspected intuitively for generations, science has now confirmed: spending time connecting to nature is a safe, effective tool to help improve our health and happiness. In *Finding Ecohappiness*, author Sandi Schwartz guides families in building a nature habit to reduce stress and boost mood. She explores key positive psychology tools through a nature lens. You will learn some simple, practical tips for incorporating these tools--awe and gratitude, mindfulness, creative arts, outdoor play and adventure, volunteering, food, and animals--into your daily routine to help your children thrive and live a happy, balanced life. Engaging activities highlighted throughout the book range from hiking and bike rides to visiting nature centers and science museums to volunteering outdoors to embarking on ecotourism adventures. In addition, you will discover unique nature relaxation activities like cow cuddling, animal yoga, forest bathing, float therapy, and earthing. A must-read for all families, *Finding Ecohappiness* will help you protect your children from feeling stressed and overwhelmed; manage your children's current issues regarding stress, anxiety, and mood; enhance your

children's treatment plan with natural tools; and expand your time enjoying nature as a family. Nature isn't just for kids, either--doing this activities with your children will tremendously improve your own well-being, too.

The Truth Behind the Myths, Tales, and Warnings Every Generation Passes Down to Its Kids Jessica Kingsley Publishers

A teen girl disappears from her small town deep in the bayou, where magic festers beneath the surface of the swamp like water rot, in this chilling debut supernatural thriller for fans of Natasha Preston, Karen McManus, and Rory Power. La Cachette, Louisiana, is the worst place to be if you have something to hide. This tiny town, where

seventeen-year-old Grey spends her summers, is the self-proclaimed Psychic Capital of the World—and the place where Elora Pellerin, Grey's best friend, disappeared six months earlier. Grey can't believe that Elora vanished into thin air any more than she can believe that nobody in a town full of psychics knows what happened. But as she digs into the night that Elora went missing, she begins to realize that everybody in town is hiding something—her grandmother Honey; her childhood crush Hart; and even her late mother, whose secrets continue to call to Grey from beyond the grave. When a mysterious stranger emerges from the bayou—a stormy-eyed boy with links to Elora and the town's bloody history—Grey realizes that La Cchette's past is far more present and dangerous than she'd ever understood. Suddenly, she doesn't know who she can trust. In a town where secrets lurk just below the surface, and where a murderer is on the loose, nobody can be presumed innocent—and La Cchette's dark and shallow lies may just rip the town apart.

In this helpful book, Dr. Paul Ekman, a world-renowned expert on lying, shows parents how to deal effectively with the variety of lies children of all ages tell—from little white lies to boasting and bragging to the outright concealing of information. “My son Billy lied to me and he’s only five. Is that normal?” “I know Joanne is lying when she tells me she

doesn't smoke pot, but I can't prove it. What should I do?” “Heather won't tell me what she does on her dates. She says it's none of my business, but don't I have a right to know?” You'll learn what motivates a child to lie, why some kids lie more than others, what to do if you suspect or discover your child is lying, how you can encourage your child to tell the truth, and more—all in easy-to-understand, practical language that makes this an invaluable book for every family.

The Collapse of Parenting Penguin

As *The Giving Tree* turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. “Once there was a tree...and she loved a little boy.” So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness,

aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half*, *Who Wants a Cheap Rhinoceros?*, *The Missing Piece*, *The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends*, *A Light in the Attic*, *Falling Up*, *Every Thing On It*, *Don't Bump the Glump!*, and *Runny Babbit*. And don't miss the other Shel Silverstein ebooks, *Where the Sidewalk Ends* and *A Light in the Attic*!

How Parents Can Encourage Truthfulness
Twelve

A storm is brewing... Whenever Levi doesn't like the truth, he kinda, sorta makes up other stuff to say. One day his mother explains to him that telling lies will damage the trust of his friends and make him very sad. Whenever you tell a lie, your inside sun goes away. Then a lying cloud forms, and glooms up your day. Each time you tell a lie, another cloud starts to form, and before you can stop it from happening, your insides start to storm. This book is a great resource to help children understand not only the consequences of telling a lie, but also how one lie can often lead to telling several more. It will help parents and teachers understand that lying can be a normal and sometimes healthy response for a child and offers tools to help guide children toward truthfulness.

How to Stop the Fighting and Raise Friends for Life Shawn K. Hall

THE INTERNATIONAL BESTSELLER Five students go to detention. Only four leave alive. For fans of Gossip Girl and Pretty Little Liars, this is the perfect high school thriller. ----- Five students go to detention. Only four leave alive. Yale hopeful Bronwyn has never publicly broken a rule. Sports star Cooper only knows what he's doing in the baseball diamond. Bad boy Nate is one misstep away from a life of crime. Prom queen Addy is holding together the cracks in her perfect life. And outsider Simon, creator of the notorious gossip app at Bayview High, won't ever talk about any of them again. He dies 24 hours before he could post their deepest secrets online. Investigators conclude it's no accident. All of them are suspects. Everyone has secrets, right? What really matters is how far you'll go to protect them.

How Imperfect Parents Can Find Calm and Connection with Their Kids Basic Books

Social philosophers during the course of history and modern day researchers have expressed the belief that interpersonal trust is essential for harmonious and cooperative social relationships among people. Interpersonal trust has been described as the social cement that binds interpersonal relationships in society and is necessary for its survival. This book

provides researchers and professionals who deal with children an insight into a critical facet of children's social functioning. Interpersonal trust is conceptualized as children's confidence that a person's verbal or nonverbal communication accurately conveys facts or internal states. This includes children's sensitivity to lying, deception and promise violations.

The Explosive Child Penguin

Shelby Jane Cooper is seventeen, pretty and quiet. It's just Shelby and her mom, Shaylene, a court stenographer who wears pyjama jeans, stitches tapestry, eats ice-cream for dinner and likes to keep Shelby safe. So safe she barely goes out. So safe she doesn't go to school. Because anything could happen, to a girl like Shelby. Anything. When Shelby gets knocked down by a car, it's not just her leg that's broken: Shelby's world is shattered. Her mom turns up to collect her and drives off into the night, like it's the beginning of a road trip, like two criminals on the run, like Thelma and Louise or Bonnie and Clyde. And somehow, everywhere she looks, there's a coyote watching her, talking to her, telling her not to believe. Who is Shelby Jane Cooper? If the person who keeps you safe also tells you lies, who can you trust?

Why Kids Lie Scribner Book Company

In this New York Times bestseller, one of America's premier child psychologists offers a must-read account of the dismal state of parenting today, and a vision for how we can better prepare our children for the challenges of the adult world In *The Collapse of Parenting*, internationally acclaimed author Leonard Sax argues that rising levels of obesity, depression, and anxiety among young people can be traced to parents abdicating their authority. The result is children who

have no standard of right and wrong, who lack discipline, and who look to their peers and the Internet for direction. Sax shows how parents must reassert their authority - by limiting time with screens, by encouraging better habits at the dinner table, and by teaching humility and perspective - to renew their relationships with their children. Drawing on nearly thirty years of experience as a family physician and psychologist, along with hundreds of interviews with children, parents, and teachers, Sax offers a blueprint parents can use to help their children thrive in an increasingly complicated world.

Parenting Difficult Adopted Children

Simon and Schuster

As parents, we want to shape our children into emotionally mature and healthy human beings. But we cannot effectively shape our children's emotional well-being until we've addressed our own traumas and emotional needs. In *It Starts with You*, marriage and family therapist and parent coach Nicole Schwarz offers a nonjudgmental, shame-free guide to

parenting children with a calm confidence. Working from a place of grace and compassion, she encourages us to explore how our history, thoughts, and assumptions impact our parenting decisions. Moving away from traditional discipline strategies, Schwarz focuses on the importance of having a calm brain, connected relationships, respectful conversations, and a coaching mindset with our kids. *It Starts with You* lays out a five-step process you can turn to whenever you're stuck in a difficult parenting situation. Each step is grounded in research and presented in a way that is easy to understand. Rather than adding unnecessary pressure, we learn that kids do not need perfect parents, but parents who are willing to learn, grow, and move forward with them in a positive direction.
