 For the arcade (original game 1943) we wanted a bit more choices so we bought Game Elf Vertical with 412 games. After inspection of the included SD card we found out that it runs on a small Linux distribution. After we made a backup we looked for ways to improve functionality of the system.  2: Karate Champs is on the games list. This game defaults to using 2 joysticks (just as the original did) but I can't confirm if it requires a 2nd joystick for each player, or if it uses player 2 joystick as the 2nd joystick. I can tell you that quite a few of the games do not work due to controls configuration.
