### **A Handbook of Contemporary Theology**

Oxford University Press  
The Oxford Handbook of Contemporary Buddhism offers a comprehensive collection of work by leading scholars in the field. They examine the historical development of Buddhist traditions throughout the world, from traditional settings like India, Japan, and Tibet, to the less well known regions of Latin America, Africa, and Oceania.

The Oxford Handbook of Catholic Theology Oxford University Press  
Karl Rahner was not only one of the architects of modern Roman Catholic theology but also a master of the spiritual life - a pastor among pastors as well as a theologian among theologians. His writings on spirituality and pastoral matters nearly equal the number of his strictly theological ones. This volume is in one sense the spiritual and pastoral counterpart of Rahner's theological masterpiece, *Foundations of Christian Faith*, and is a distillation of his thought on spirituality which is likely to prove more accessible to readers than the forbidding volumes of *Theological Explorations*. Divided into three parts, Faith, Hope and Love, it deals with the sacraments, the theological virtues, the states of life, the various kinds of prayer

and religious devotion, and other aspects of ascetical and mystical theology. There are contemporary themes as well: basic Christian community, worshipping communities in the home and a new asceticism for the consumer society. Last but not least there are the themes relating to basic human experience: courage, suffering, death and peace. Karl Rahner, who died in 1984, taught at the universities of Innsbruck, Munich and Munster. He was one of the greatest twentieth-century Roman Catholic theologians.

### The Oxford Handbook of Systematic Theology Baker Books

This Handbook surveys the complex history of Trinitarian theology and reveals the Nicene unity still at work among Christians today despite ecumenical differences. Forty-five contributors examine doctrinal developments and variations from biblical times to the present day.

### The Oxford Handbook of Theology, Sexuality, and Gender BRILL

The Westminster Handbook to Evangelical Theology is a comprehensive critical survey of the main persons, events, controversies, concepts, and institutions of twentieth-century evangelical theology. It will introduce readers to and be a reference work for the study of evangelicalism's distinctive theological vision in its unity and diversity. Roger Olson explores evangelical theology through five lenses: The Story of Evangelical Theology, Movements and Organizations Related to

Evangelical Theology, Key Figures in Evangelical Theology, Traditional Doctrines in Evangelical Theology, and Issues in Evangelical Theology. The Westminster Handbook to Christian Theology series provides a set of resources for the study of historic and contemporary theological movements and Christian theologians. These books are intended to help students and scholars find concise and accurate treatments of important theological terms.

Contemporary Theology: An Introduction, Revised Edition BRILL

David Smith supplies an extensive overview of the current traditional and nontraditional theologies, as well as a discussion of emerging third-world theologies.

Handbook of Contemporary Religions in Brazil Baker Academic

The Handbook of Global Contemporary Christianity: Movements, Institutions & Allegiance traces how the largest religion in the world continues to be expressed in energetic global dynamic forms. In contemporary times Christianity is increasingly exposed to divisions, not only through its traditional channels - Roman Catholic, Protestant and the Orthodoxy - nor conservative and liberal streams, but numerous nuanced articulations. This is reflected in the roles of clergy and lay people, in organisational dynamics, sources of allegiance and articulations of the faith, movements of renewal and revivalism, syncretic modes, and broader relationships with wider cultural trajectories and changing social circumstances. Collectively the contributors to this volume offer a comprehensive exploration of these themes. The volume is a companion to the Handbook of Global Contemporary

Christianity.

**The Westminster Handbook to Evangelical Theology** Springer Science & Business Media

Named an Honor Book for Nonfiction by the Black Caucus of the American Library Association African American theology has a long and important history. With modern roots in the civil rights movements of the 1960s, African American theology has gone beyond issues of justice and social transformation to participate in broader dialogues of theological inquiry. The Oxford Handbook of African American Theology brings together leading scholars in the field to offer a critical and comprehensive analysis of this theological tradition in its many forms and contexts. Using an interdisciplinary approach, this Oxford Handbook examines the nature, structures, and functions of African American Theology. The volume surveys the field by highlighting its sources, doctrines, internal debates, current challenges, and future prospects in order to present key topics related to the wider palette of Black Religion in a sustained scholarly format. This formative collection presents current scholarship on African American Theology and scripture, eschatology, Christology, womanist theology, sexuality, ontology, the global economy, and much more. The contributors represent a diverse set of faith perspectives, adding to the layered discourses within the volume. These essays further important discussions on the pressing debates and challenges that shape black and womanist theologies.

*The Thomist Tradition* Westminster John Knox Press

A unique survey of nine key Bible doctrines and the various positions

within the evangelical church with respect to each doctrine.

*The Oxford Handbook of Contemporary Buddhism* Oxford University Press

The Oxford Handbook of Natural Theology" explores the diversity and vitality of natural theology, both historically and as an issue of contemporary concern.

*New and Enlarged Handbook of Christian Theology* Zondervan Academic

What theologies are popular and formative of Christian thinking in the present day? How should they be assessed by those Christians who want to be "in the world" without being "of the world"? Theologies of the 21st Century begins with an overview of the historical roots from which current theological thinking has developed, and then moves on to a detailed evaluation of the chief doctrinal and practical emphases, taking an evangelical biblical perspective that seeks to be at once both critical and irenic.

**The Oxford Handbook of Natural Theology** Oxford University Press

Accessible and comprehensive, Contemporary Theology: An Introduction by professor and author Kirk R. MacGregor provides a chronological survey of the major thinkers and schools of thought in modern theology in a manner that is both approachable and intriguing. Unique among introductions to contemporary theology, MacGregor includes: Evangelical perspectives alongside mainline and liberal developments The influence of philosophy and the recent Christian philosophical renaissance on theology Global contributions Recent developments in exegetical theology The implications of theological shifts on ethics and church life Contemporary Theology: An Introduction is noteworthy

for making complex thought understandable and for tracing the landscape of modern theology in a well-organized and easy-to-follow manner.

*The Oxford Handbook of Theology and Modern European Thought* Springer Science & Business Media

This text provides a comprehensive and reliable introduction to Christian theological literature originating in Western Europe from, roughly, the end of the French Wars of Religion (1598) to the Congress of Vienna (1815). Using a variety of approaches, the contributors examine theology spanning from Bossuet to Jonathan Edwards.

**The One Creator God in Thomas Aquinas and Contemporary Theology** InterVarsity Press

"A solid presentation of major trends in modern theology."--Christianity Today.

**A Handbook of Contemporary Theology** BRILL

This volume surveys the state of the discipline on topics of greatest importance to evangelical theology. The authors critically assess the state of the question, from both classical and evangelical traditions, and propose a future direction for evangelical thinking on the subject.--[Résumé de l'éditeur]. *Handbook of Contemporary European Social Theory* Oxford University Press This volume provides the first comprehensive treatment of the central topics in the contemporary philosophy of religion from a Thomist point of view. It focuses on central themes, including religious knowledge, language, science, evil, morality, human nature, God and religious diversity. It should prove valuable to students and faculty in philosophy of religion and theology, who are looking for an introduction to the Thomist tradition.

**The Oxford Handbook of Early**

### **Modern Theology, 1600-1800**

InterVarsity Press

This volume highlights the relevance of globalization and the insights of gender studies and religious studies for feminist theology. It focuses on the changing global contexts for the field and its movement towards new models of theology, distinct from the forms of traditional Christian systematic theology and of secular feminism.

### **The Oxford Handbook of the Trinity**

Moody Publishers

This handbook provides a one-stop-shopping guide to the New Testament exegetical method. Brief and approachable, it offers both a broad overview of the exegetical process and a step-by-step approach to studying the New Testament in depth, helping students and pastors understand the text and appropriate it responsibly. The book is chock-full of illustrations of New Testament texts where the method under discussion truly makes a difference. "A wonderfully clear and accessible handbook for New Testament exegesis. Exegetically rigorous, theologically informed, and practically useful."--Thomas R. Schreiner, Southern Baptist Theological Seminary

*A Handbook of Contemporary Theology*

Oxford University Press, USA

Representing work by some of the leading scholars in the field, the chapters in this handbook survey the transformation and innovation of religious traditions and practices in contemporary Japan.

The Oxford Handbook of Feminist Theology Wipf and Stock Publishers

This innovative publication maps out the broad and interdisciplinary field of contemporary European social theory. It covers sociological theory, the wider theoretical traditions in the social

sciences including cultural and political theory, anthropological theory, social philosophy and social thought in the broadest sense of the term. This volume surveys the classical heritage, the major national traditions and the fate of social theory in a post-national and post-disciplinary era. It also identifies what is distinctive about European social theory in terms of themes and traditions. It is divided into five parts: disciplinary traditions, national traditions, major schools, key themes and the reception of European social theory in American and Asia. Thirty-five contributors from nineteen countries across Europe, Russia, the Americas and Asian Pacific have been commissioned to utilize the most up-to-date research available to provide a critical, international analysis of their area of expertise. Overall, this is an indispensable book for students, teachers and researchers in sociology, cultural studies, politics, philosophy and human geography and will set the tone for future research in the social sciences. *Handbook of Contemporary Paganism* Oxford University Press, USA

The Oxford Handbook of Systematic Theology brings together a set of original and authoritative accounts of all the major areas of current research in Christian systematic theology, offering a thorough survey of the state of the discipline and of its prospects for those undertaking research and teaching in the field. The Handbook engages in a comprehensive examination of themes and approaches, guiding the reader through current debates and literatures in the context of the historical development of systematic theological reflection. Organized thematically, it treats in detail the full array of topics in systematic theology, as well as questions of its sources and norms, its

relation to other theological and non-theological fields of enquiry, and some major trends in current work. Each chapter provides an analysis of research and debate on its topic. The focus is on doctrinal (rather than historical) questions, and on major (rather than ephemeral) debates. The aim is to stimulate readers to reach theological

judgements on the basis of consideration of the range of opinion. Drawn from Europe, the UK, and North America, the authors are all leading practitioners of the discipline. Readers will find expert guidance as well as creative suggestions about the future direction of the study of Christian doctrine.
