A memoir of Karachi through the eyes of its women An Indies Introduce Debut Authors Selection For a brief moment on December 27, 2007, life came to a standstill in Pakistan. Benazir Bhutto, the country's former prime minister and the first woman ever to lead a Muslim country, had been assassinated at a political rally just outside Islamabad. Back in Karachi—Bhutto's birthplace and Pakistan's other great metropolis—Rafia Zakaria's family was suffering through a crisis of its own: her Uncle Sohail, the man who had brought shame upon the family, was near death. In that moment these twin catastrophes—one political and public, the other secret and intensely personal—briefly converged. Zakaria uses that moment to begin her intimate exploration of the country of her birth. Her Muslim-Indian family immigrated to Pakistan from Bombay in 1962, escaping the precarious state in which the Muslim population in India found itself following the Partition. For them, Pakistan represented enormous promise. And for some time, Zakaria's family prospered and the city prospered. But in the 1980s, Pakistan's military dictators began an Islamization campaign designed to legitimate their rule—a campaign that particularly affected women's freedom and safety. The political became personal when her aunt Amina's husband, Sohail, did the unthinkable and took a second wife, a humiliating and painful betrayal of kin and custom that shook the foundation of Zakaria's family but was permitted under the country's new laws. The young Rafia grows up in the shadow of Amina's shame and fury, while the world outside her home turns ever more chaotic and violent as the opportunities available to post-Partition immigrants are dramatically curtailed and terrorism sows its seeds in Karachi. Telling the parallel stories of Amina's polygamous marriage and Pakistan's hopes and betrayals, *The Upstairs Wife* is an intimate exploration of the disjunction between exalted dreams and complicated realities.

Jackson meets *The Awakening*—a postpartum woman’s psychological unraveling becomes intertwined with the ghostly appearance of children’s book writer Margaret Wise Brown. There’s a madwoman upstairs, and only Megan Weiler can see her. Ravaged and sore from giving birth to her first child, Megan is mostly raising her newborn alone while her husband travels for work. Physically exhausted and mentally drained, she’s also wracked with guilt over her unfinished dissertation—a thesis on mid-century children’s literature. Enter a new upstairs neighbor: the ghost of quixotic children’s book writer Margaret Wise Brown—author of the beloved classic *Goodnight Moon*—whose existence no one else will acknowledge. It seems Margaret has unfinished business with her former lover, the once-famous socialite and actress Michael Strange, and is determined to draw Megan into the fray. As Michael joins the haunting, Megan finds herself caught in the wake of a supernatural power struggle—and until she can find a way to quiet these spirits, she and her newborn daughter are in terrible danger. Using Megan’s postpartum haunting as a powerful metaphor for a woman’s fraught relationship with her body and mind, Julia Fine once again delivers an imaginative and “barely restrained, careful musing on female desire, loneliness, and hereditary inheritances” (Washington Post).

A Life in Hiding When the German army occupied Holland, Annie de Leeuw was eight years old. Because she was Jewish, the occupation put her in grave danger—she knew that to stay alive she would have to hide. Fortunately, a Gentile family, the Oostervelds, offered to help. For two years they hid Annie and her sister, Sini, in the cramped upstairs room of their farmhouse. Most people thought the war wouldn’t last long. But for Annie and Sini -- separated from their family and confined to one tiny room -- the war seemed to go on forever. In the part of the marketplace where flowers had been sold twice a week—tulips in the spring, roses in the summer—stood German tanks and German soldiers. Annie de Leeuw was eight years old in 1940 when the Germans attacked Holland and marched into the town of Winterswijk where she lived. Annie was ten when, because she was Jewish and in great danger of being cap-tured by the invaders, she and her sister Sini had to leave their father, mother, and older sister Rachel to go into hiding in the upstairs room of a remote farmhouse. Johanna de Leeuw Reiss has written a remarkably fresh and moving account of her own experiences as a young girl during World War II. Like many adults she was innocent of the German plans for Jews, and she might have gone to a labor camp as scores of families did. “It won’t be for long and the Germans have told us we’ll be treated well,” those families said. “What can happen?” They did not know, and they could not imagine.... But millions of Jews found out. Mrs. Reiss’s picture of the Oosterveld family with whom she lived, and of Annie and Sini, reflects a deep spirit of optimism, a faith in the ingenuity, backbone, and even humor with which ordinary human beings meet extraordinary challenges. In the steady, matter-of-fact, day-by-day courage they all showed lies a profound strength that transcends the horrors of the long and frightening war. Here is a memorable book, one that will be read and reread for years to come.

In a Dark, Dark Room and Other Scary Stories Penguin

In this New York Times bestseller, the White House chief usher for nearly three decades offers a behind-the-scenes look at America’s first families. J. B. West, chief usher of the White House, directed the operations and maintenance of 1600 Pennsylvania Avenue—and coordinated its daily life—at the request of the president and his family. He directed state functions; planned parties, weddings and funerals, gardens and playgrounds, and extensive renovations; and, with a large staff, supervised every activity in the presidential home. For twenty-eight years, first as assistant to the chief usher, then as chief usher, he witnessed national crises and triumphs, and interacted daily with six consecutive presidents and first ladies, as well as their parents, children and grandchildren, and houseguests—including friends, relatives, and heads of state. J. B. West, whom Jackie Kennedy called “one of the most extraordinary men I have ever met,” provides an absorbing, one-of-a-kind history of life among the first ladies. Alive with anecdotes ranging from Eleanor Roosevelt’s fascinating political strategies to Jackie Kennedy’s tragic loss and the personal struggles of Pat Nixon, *Upstairs at the White House* is a rich account of a slice of American history that usually remains behind closed doors.

Honeymooners Viktor and Liesel Landauer are filled with the optimism and cultural vibrancy of central Europe of the 1920s when they meet modernist architect Rainer von Abt. He builds for them a home to embody their exuberant faith in the future, and the Landauer House becomes an instant

masterpiece. Viktor and Liesel, a rich Jewish mogul married to a thoughtful, modern gentile, pour all of their hopes for their marriage and budding family into their stunning new home, filling it with children, friends, and a generation of artists and thinkers eager to abandon old-world European style in favor of the new and the avant-garde. But as life intervenes, their new home also brings out their most passionate desires and darkest secrets. As Viktor searches for a warmer, less challenging comfort in the arms of another woman, and Liesel turns to her wild, mischievous friend Hana for excitement, the marriage begins to show signs of strain. The radiant honesty and idealism of 1930 quickly evaporate beneath the storm clouds of World War II. As Nazi troops enter the country, the family must leave their old life behind and attempt to escape to America before Viktor's Jewish roots draw Nazi attention, and before the family itself dissolves. As the Landauers struggle for survival abroad, their home slips from hand to hand, from Czech to Nazi to Soviet possession and finally back to the Czechoslovak state, with new inhabitants always falling under the fervent and unrelenting influence of the Glass Room. Its crystalline perfection exerts a gravitational pull on those who know it, inspiring them, freeing them, calling them back, until the Landauers themselves are finally drawn home to where their story began. Brimming with barely contained passion and cruelty, the precision of science, the wild variance of lust, the catharsis of confession, and the fear of failure - the Glass Room contains it all.

The Girl in the Locked Room Bloomsbury Publishing

This Newbery Honor-winning book shows us that in the steady courage of a young girl lies a profound strength that can transcend the horrors of war. This is the true story of a girl's extraordinary survival during the German occupation of Holland of World War II. Annie was only ten years old, but because she was Jewish, she was forced to leave her family, her home, and everything she knew. Annie was taken in, far from home, by complete strangers who risked everything to help her. They showed Annie where she had to stay - the cramped upstairs room of their farmhouse. She would remain there while Nazis, who were ever vigilant, patrolled the streets outside. If Annie made even a sound from upstairs, or if a nosy neighbor caught sight of her in the window, it would surely mean a death sentence for her and the family that took her in. Elie Wiesel writes, "This admirable account is as important in every aspect as the one bequeathed to us by Anne Frank." A Newbery Medal Honor Book, ALA Notable Book, and winner of the Jewish Book Council Children's Book Award. Be sure to read the moving sequel "The Journey Back" by Johanna Reiss.

A powerful examination of soulful journeys made to recover memory and recuperate stolen pasts in the face of unspeakable histories. Survivors of the Armenian Genocide of 1915 took refuge across the globe. Traumatized by unspeakable brutalities, the idea of returning to their homeland was unthinkable. But decades later, some children and grandchildren felt compelled to travel back, having heard stories of family wholeness in beloved homes and of cherished ancestral towns and villages once in Ottoman Armenia, today in the Republic of Turkey. Hoping to satisfy spiritual yearnings, this new generation called themselves pilgrims—and their journeys, pilgrimages. Carel Bertram joined scores of these pilgrims on over a dozen pilgrimages, and amassed accounts from hundreds more who made these journeys. In telling their stories, *A House in the Homeland* documents how pilgrims encountered the ancestral house, village, or town as both real and metaphorical centerpieces of family history. Bertram recounts the moving, restorative connections pilgrims made, and illuminates how the ancestral house, as a spiritual place, offers an opening to a wellspring of humanity in sites that might otherwise be defined solely by tragic loss. As an exploration of the powerful links between memory and place, house and homeland, rupture and continuity, these Armenian stories reflect the resilience of diaspora in the face of the savage reaches of trauma, separation, and exile in ways that each of us, whatever our history, can recognize.
