*The Photographer's Green Book* Simon and Schuster "LEGENDARY SURFERS Volume 3: 1930s" details the surf world of the 1930s, including California, Florida, Hawaii, Australia and Britain. This is not a coffee table book. It is specifically written for surfers who want to know the details of the heritage we are blessed to share, as told by those who lived it.

Billboard Little, Brown Books for Young Readers "It's a good thing that this is only the first book of a trilogy, because after getting to know Tabitha, you won't want to leave her at the end. . . . Written intimately as if you're peering into the mind of a close friend, this book is a true testament to the stresses on women today and how great girlfriends (and grandmothers) are often the key to our sanity." — Good Morning America The first novel in a captivating three-book series about modern womanhood, in which a young Black woman must rely on courage, laughter, and love—and the support of her two longtime

friends—to overcome an unexpected setback that threatens the most precious thing she's ever wanted. Tabitha Walker is a black woman with a plan to "have it all." At 33 years old, the checklist for the life of her dreams is well underway. Education? Check. Good job? Check. Down payment for a nice house? Check. Dating marriage material? Check, check, and check. With a coveted position as a local news reporter, a "paper-perfect" boyfriend, and even a standing Saturday morning appointment with a reliable hairstylist, everything seems to be falling into place. Then Tabby receives an unexpected diagnosis that brings her picture-perfect life crashing down, jeopardizing the keystone she took for granted: having children. With her dreams at risk of falling through the cracks of her checklist, suddenly she is faced with an impossible choice between her career, her dream home, and a family of her own. With the help of her best friends, the irreverent and headstrong Laila and Alexis, the mom jeans-wearing former "Sexy Lexi," and the generational wisdom of her grandmother and the

nonagenarian firebrand Ms. Gretchen, Tabby explores the reaches of modern medicine and tests the limits of her relationships, hoping to salvage the future she always dreamed of. But the fight is all consuming, demanding a steep price that forces an honest reckoning for nearly everyone in her life. As Tabby soon learns, her grandmother's age-old adage just might still be true: Black girls must die exhausted.

*Little Leaders: Bold Women in Black History* Complete Book Series The Black Panther Party represents Black Panther Party members' coordinated responses over the last four decades to the failure of city, state, and federal bureaucrats to address the basic needs of their respective communities. The Party pioneered free social service programs that are now in the mainstream of American life. The Party's Sickle Cell Anemia Research Foundation, operated with Oakland's Children's Hospital, was

among the nation's first such testing programs. Its Free Breakfast Program served as a model for national programs. Other initiatives included free clinics, grocery giveaways, school and education programs, senior programs, and legal aid programs. Published here for the first time in book form, The Black Panther Party makes the case that the programs' methods are viable models for addressing the persistent, basic social injustices and economic problems of today's American cities and suburbs.

Low-fat or low-carb? A recent *New York Times Magazine* (July 7, 2002) cover story answered this question and said that Dr. Atkins was right all along, "its not fat that makes us fat but carbohydrates." Though the government has spent hundreds of millions of dollars in research trying to prove

that fat is the cause of obesity, there has been a subtle shift in the scientific consensus over the past five years supporting what the low-carb diet doctors have been saying all along: if we eat less carbohydrates, we will lose weight and live longer. One of the toughest challenges of any diet is having enough variety and choices to keep the dieter from losing interest. The most common reason that people abandon their diet is boredom but 500 LOW CARB RECIPES: 500 Recipes, From Snacks to Dessert, That the Whole Family Will Love by Dana Carpender has more than enough recipes to keep even the most finicky dieter on track. With recipes for everything including hors d'oeuvres, snacks, breads, muffins, side dishes, entrees, cookies, cakes and much more, this is an endless supply for creating meals for the whole family night after night. Whether everyone in the family is on a diet or not, these recipes are proven winners with adults and kids alike. Also included: Many one-dish meals for single people--main dish salads, skillet suppers that include meat and

vegetables, and hearty soups that are a full meal in a bowl. Ideas for breaking out of old ways of looking at food with suggestions that save time and money and change what is considered a normal meal for breakfast, lunch and dinner. Information about where to find low-carbohydrate specialty products and descriptions of low-carb specialty foods found in grocery stores everywhere. An entire chapter that lists and describes low-carb substitute ingredients such as fats and oils, flour substitutes, liquids, seasonings and sweeteners. Dieters will be pleased to know that they can eat foods like guacamole, omelets, pizza, steak, ham and dessert without giving up great taste and still lose weight. There are enough recipes to create the perfect menu for any holiday of the year--including Thanksgiving. Each of the 500 recipes includes a carbohydrate count to help calculate the total carb intake of each menu. There are more recipes for main dishes and side dishes than most low-carb dieters will ever be able to eat--everything from down-home cooking to

ethnic fare; from quick-and-easy weeknight meals to knock-their-socks off party food. 500 LOW CARB RECIPES is the last cookbook any dieter will ever need to buy and certain to be used until the binding is worn out!

#1 NEW YORK TIMES BESTSELLER • A dramatic expansion of a groundbreaking work of journalism, *The 1619 Project: A New Origin Story* offers a profoundly revealing vision of the American past and present. ONE OF THE BEST BOOKS OF THE YEAR: *The Washington Post*, *NPR*, *Esquire*, *Marie Claire*, *Electric Lit*, *Ms. magazine*, *Kirkus Reviews*, *Booklist* In late August 1619, a ship arrived in the British colony of Virginia bearing a cargo of twenty to thirty enslaved people from Africa. Their arrival led to the barbaric and unprecedented system of American chattel slavery that would last for the next 250 years. This is sometimes referred to as the country's original sin, but it is more than that: It is the source of so much that still defines the United States. *The New York Times Magazine's*

award-winning “1619 Project” issue reframed our understanding of American history by placing slavery and its continuing legacy at the center of our national narrative. This new book substantially expands on that work, weaving together eighteen essays that explore the legacy of slavery in present-day America with thirty-six poems and works of fiction that illuminate key moments of oppression, struggle, and resistance. The essays show how the inheritance of 1619 reaches into every part of contemporary American society, from politics, music, diet, traffic, and citizenship to capitalism, religion, and our democracy itself. This is a book that speaks directly to our current moment, contextualizing the systems of race and caste within which we operate today. It reveals long-glossed-over truths around our nation’s founding and construction—and the way that the legacy of slavery did not end with emancipation, but continues to shape contemporary American life. extraordinary. In fact, they are all-too ordinary. If we are to succeed in positively shifting outcomes for Black boys and young men, we must first change the way school is “done.” That’s where the eight in ten teachers who are White women fit in . . . and this urgently needed resource is written specifically for them as a way to help them understand, respect and connect with all of their students. So much more than a call to call to action—but that, too!—The Guide for White Women Who Teach Black Boys brings together research, activities, personal stories, and video interviews to help us all embrace the deep realities and thrilling potential of this crucial American task. With Eddie, Ali, and Marguerite as your mentors, you will learn how to: Develop learning environments that help Black boys feel a sense of belonging, nurturance, challenge, and love at school Change school culture so that Black boys can show up in the wholeness of their selves Overcome your unconscious bias and forge authentic connections with your Black male students If you are a teacher who is

afraid to talk about race, that's okay. Fear is a normal human emotion and racial competence is a skill that can be learned. We promise that reading this extraordinary guide will be a life-changing first step forward . . . for both you and the students you serve. About the Authors
