Abstract: The development of “Agile” processes has introduced new ways of thinking about Project Management, which impact Project Management Organizations in various ways. Agile PMO - CprimeBackground. I recently saw a question on a LinkedIn discussion group asking: What is an Agile PMO? There are many people in the Agile community who might say that there is no role for a PMO in an Agile/Lean environment and ; That the whole concept of a PMO is obsolete and inconsistent with Agile. What is an Agile PMO? Is it Possible? How Would it Work? When I go in to do large scale transformations I’m invariably asked the question, “should the PMO go away?” The reasoning is that going agile should get rid of all of the oversight, the Gantt Charts, the weekly status meetings, release scheduling. The list goes on. Before I address the question I want to give [...] Should the PMO go away? - Leading Agile An aligned PMO is uniquely capable of fostering the cultural adoption requisite for organizational success with agile.
