*Tintin et l'

Editions Moulinsart In The Castafiore Emerald (1963), all the characters from the series gather in Marlinspike Hall for a real comedy classic behind closed doors. Resolutely turning his back on the adventure genre, Hergé? concentrates on describing the difficulties of communication between human beings. This is the "anti-adventure", full of misunderstandings, a	comedy of errors. <u>Tintin and Alph-art</u> Editions Moulinsart Explores the sources in real life of all the Tintin adventures, from the characters to the scenery. <u>Objectif Lune</u> L'Île Noire A must for any Tintin fan, this is both the official exhibition catalogue and a celebration of 75 years of the irrepressible boy reporter. From his first appearance in January 1929, the globe-trotting Tintin	took to boats in his pursuit of adventure. Motor-launches and liners, cargo vessels and historic galleons: each is meticulously depicted by Hergé, who laboured over every detail. A new dimension, punctuated with a staggering repertoire of salty swear words - 'billions of blistering barnacles!' - came in 1940 with the introduction of Captain Haddock. From then on,
