CARINA TRAVIS

Knucklehead Viking Childrens Books
A collection of seventeen wonderful short stories showing that two-time Oscar winner Tom Hanks is as talented a writer as he is an actor. A gentle Eastern European immigrant arrives in New York City after his family and his life have

been torn apart by his country's civil war. A man who loves to bowl rolls a perfect game--and then another and then another and then many more in a row until he winds up ESPN's newest celebrity, and he must decide if the combination of perfection and celebrity has ruined the thing he loves. An eccentric billionaire and his faithful executive assistant venture into America looking for acquisitions and discover a

down and out motel, romance, and a bit of real life. These are just some of the tales Tom Hanks tells in this first collection of his short stories. They are surprising, intelligent, heartwarming, and, for the millions and millions of Tom Hanks fans, an absolute must-have!

The Globalization of the American Psyche ESPN

Set in Los Angeles in the early 90s, the novel chronicles the early days of an indie band as they meet, practice, make their first record, and get their first break/big gig. It's also the story of the the flowering love affair between John and Jenny, the two charming if troubled guitarists/singers in the band. John is by day a misanthropic substitute teacher in the zany, sometimes horrific LA Unified School District; Jenny is an mysterious

recovering child prodigy. Along the way, the couple and their bandmates make momentous discoveries about themselves and the Hollywood milieu in which they struggle to succeed, a world peopled by narcissistic actors, wannabe screenwriters, pretentious musicians, weirdo fans, crazy neighbors -- and an emu. The King of Good Intentions was originally to have been published by Henry Rollins's 2.13.61 press in 1999. When Rollins decided henceforth to publish only his own work, Fredrick set the novel aside to focus on his musical and teaching career. Now it will finally make its long overdue debut.

Frank Einstein and the BrainTurbo (Frank Einstein series #3) Harper Collins

#1 NEW YORK TIMES BESTSELLER • A

panoramic experience that tells the story of Beastie Boys, a book as unique as the band itself—by band members ADROCK and Mike D, with contributions from Amy Poehler, Colson Whitehead, Wes Anderson, Luc Sante, and more. The inspiration for the Emmy-nominated Apple TV+ “live documentary” *Beastie Boys Story*, directed by Spike Jonze

NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Rolling Stone • The Guardian • Paste

Formed as a New York City hardcore band in 1981, Beastie Boys struck an unlikely path to global hip hop superstardom. Here is their story, told for the first time in the words of the band. Adam “ADROCK” Horovitz and Michael “Mike D” Diamond offer revealing and very funny accounts of their transition from teenage punks to

budding rappers; their early collaboration with Russell Simmons and Rick Rubin; the debut album that became the first hip hop record ever to hit #1, *Licensed to Ill*—and the album’s messy fallout as the band broke with Def Jam; their move to Los Angeles and rebirth with the genre-defying masterpiece *Paul’s Boutique*; their evolution as musicians and social activists over the course of the classic albums *Check Your Head*, *Ill Communication*, and *Hello Nasty* and the Tibetan Freedom Concert benefits conceived by the late Adam “MCA” Yauch; and more. For more than thirty years, this band has had an inescapable and indelible influence on popular culture. With a style as distinctive and eclectic as a Beastie Boys album,

Beastie Boys Book upends the typical music memoir. Alongside the band narrative you will find rare photos, original illustrations, a cookbook by chef Roy Choi, a graphic novel, a map of Beastie Boys' New York, mixtape playlists, pieces by guest contributors, and many more surprises. Praise for Beastie Boys Book "A fascinating, generous book with portraits and detail that float by in bursts of color . . . As with [the band's] records, the book's structure is a lyrical three-man weave. . . . Diamond's voice is lapidary, droll. Horovitz comes on like a borscht belt comedian, but beneath that he is urgent, incredulous, kind of vulnerable. . . . Friendship is the book's subject as much as music, fame and New York."—The New York Times Book Review "Wild,

moving . . . resembles a Beastie Boys LP in its wild variety of styles."—Rolling Stone

Crazy Like Us St. Martin's Press

It's bad enough being the new kid, but as a freshman, Jimmy finds school less enjoyable than many of his classmates. Standing 5'5" and weighing 187 pounds, he's subjected to a daily barrage of taunts and torments. His only sources of comfort are his family, his youth group, and his favorite foods. When his English teacher assigns a journal as a writing project, Jimmy chronicles not only his struggles but also his aspirations - to lose weight and win the girl of his dreams. Inspired by a true story and told in first-person journal entries, *The Fat Boy Chronicles* brings to life the pain and isolation felt by many overweight

teenagers as they try to find their way in a world obsessed with outward beauty.

Thriller Feiwel & Friends

When some unexpected guests arrive at her Sleepy Time Motel in the Great Smoky Mountains, Aggie, a lonely widow, forms powerful friendships with these strangers that forever change her life--and the lives of those around her.

12,500 first printing.

Battle Bunny Henry Holt and Company (BYR)

Frank Einstein and the Bio-Action Gizmo (Frank Einstein Series #5) Verse Chorus Press

Jimmy Gownley's graphic novel memoir about the "dumb" idea that changed his life forever! What if the dumbest idea ever turned your life upside down?

Truckery Rhymes John Wiley & Sons

After the frog turns into a prince, he and the Princess do not live happily ever after and the Prince decides to look for a witch to help him remedy the situation.

When I Was a Kid Paw Prints

WHEN YOU GROW up in a small town in the north woods, you have to make your own excitement. High spirits, idiocy, and showing off for the girls inspire Gary Paulsen and his friends to attempt: • Shooting waterfalls in a barrel • The first skateboarding • Breaking the world record for speed on skis by being towed behind a souped-up car, and then . . . hitting gravel • Jumping three barrels

like motorcycle daredevil Evel Knievel, except they only have bikes • Wrestling . . . a bear? Extreme sports lead to extreme fun in new tales from Gary's boyhood. A New York Times Bestseller Awakening the Inner Reader in Every Child Macmillan

Mater the tow truck tells race car Lightning McQueen far-fetched stories about how he used to be a rockstar, a UFO, and a drifting king.

A Life of Mark Twain in the Wild, Wild West Harper Collins

How did Jon Scieszka get so funny? He grew up as one of six brothers with Catholic school, lots of comic books, lazy summers at the lake with time to kill, babysitting misadventures, TV shows, and jokes told at family dinner.

Knucklehead Abrams

Selected by voters at the Guys Read Web site and compiled by Jon Scieszka, this collection shows that guys do read. Authors and illustrators including Stephen King, Matt Groening, T.A. Barron, Avi, and Jerry Spinelli share stories, essays, cartoons, and anecdotes about being boys.

Uncommon Type Penguin

"Mark Twain was born fully grown, with a cheap cigar clamped between his teeth." So begins Sid Fleischman's ramble-scramble biography of the great American author and wit, who started life in a Missouri village as a barefoot boy named Samuel Clemens. Abandoning a career as a young steamboat pilot on the Mississippi River, Sam took a bumpy stagecoach to the Far West. In the gold and silver fields, he

expected to get rich quick. Instead, he got poor fast, digging in the wrong places. His stint as a sagebrush newspaperman led to a duel with pistols. Had he not survived, the world would never have heard of Tom Sawyer or Huckleberry Finn—or red-headed Mark Twain. Samuel Clemens adopted his pen name in a hotel room in San Francisco and promptly made a jumping frog (and himself) famous. His celebrated novels followed at a leisurely pace; his quips at jet speed. "Don't let schooling interfere with your education," he wrote. Here, in high style, is the story of a wisecracking adventurer who came of age in the untamed West; an ink-stained rebel who surprised himself by becoming the most famous American of his time. Bountifully illustrated.

This volume provides a collection of ghostly and mysterious stories.

How Angel Peterson Got His Name

Knucklehead Tall Tales and Almost True Stories about Growing Up Scieszka

It is well known that American culture is a dominant force at home and abroad; our exportation of everything from movies to junk food is a well-documented phenomenon. But is it possible America's most troubling impact on the globalizing world has yet to be accounted for? In *Crazy Like Us*, Ethan Watters reveals that the most devastating consequence of the spread of American culture has not been our golden arches or our bomb craters but our bulldozing of the human psyche

itself: We are in the process of homogenizing the way the world goes mad. America has been the world leader in generating new mental health treatments and modern theories of the human psyche. We export our psychopharmaceuticals packaged with the certainty that our biomedical knowledge will relieve the suffering and stigma of mental illness. We categorize disorders, thereby defining mental illness and health, and then parade these seemingly scientific certainties in front of the world. The blowback from these efforts is just now coming to light: It turns out that we have not only been changing the way the world talks about and treats mental illness -- we have been changing the mental illnesses themselves. For millennia, local beliefs in

different cultures have shaped the experience of mental illness into endless varieties. *Crazy Like Us* documents how American interventions have discounted and worked to change those indigenous beliefs, often at a dizzying rate. Over the last decades, mental illnesses popularized in America have been spreading across the globe with the speed of contagious diseases. Watters travels from China to Tanzania to bring home the unsettling conclusion that the virus is us: As we introduce Americanized ways of treating mental illnesses, we are in fact spreading the diseases. In post-tsunami Sri Lanka, Watters reports on the Western trauma counselors who, in their rush to help, inadvertently trampled local expressions of grief, suffering, and healing. In Hong

Kong, he retraces the last steps of the teenager whose death sparked an epidemic of the American version of anorexia nervosa. Watters reveals the truth about a multi-million-dollar campaign by one of the world's biggest drug companies to change the Japanese experience of depression -- literally marketing the disease along with the drug. But this book is not just about the damage we've caused in faraway places. Looking at our impact on the psyches of people in other cultures is a gut check, a way of forcing ourselves to take a fresh look at our own beliefs about mental health and healing. When we examine our assumptions from a farther shore, we begin to understand how our own culture constantly shapes and sometimes creates the mental illnesses

of our time. By setting aside our role as the world's therapist, we may come to accept that we have as much to learn from other cultures' beliefs about the mind as we have to teach.

True Stories Turtleback

"Pop Blows the Diesel" and "Swing Around with Rosie" are just two of the many rhymes, songs, and tales presented in this fun collection that features an ensemble of friendly trucks of all shapes, sizes, and personalities.

Some Stories Chronicle Books

Step into a whole new world in the first Novel of the Edge from the #1 New York Times bestselling author of the Kate Daniels series. The Edge lies between worlds, on the border between the Broken, where people shop at Wal-Mart and magic is a fairy tale—and the Weird,

where blueblood aristocrats rule, changelings roam, and the strength of your magic can change your destiny... Rose Drayton thought if she practiced her magic, she could build a better life for herself. But things didn't turn out the way she'd planned, and now she works an off-the-books job in the Broken just to survive. Then Declan Camarine, a blueblood noble straight out of the deepest part of the Weird, comes into her life, determined to have Rose (and her power). But when a flood of creatures hungry for magic invade the Edge, Declan and Rose must overcome their differences and work together to destroy them—or the beasts will devour the Edge and everyone in it...
