#1 NEW YORK TIMES BESTSELLER • The office of the public defender is not known as a training ground for bright young litigators. Clay Carter has been there too long and, like most of his colleagues, dreams of a better job in a real firm. When he reluctantly takes the case of a young man charged with a random street killing, he assumes it is just another of the many senseless murders that hit D.C. every

week. As he digs into the background of his client, Clay stumbles on a conspiracy too horrible to believe. He suddenly finds himself in the middle of a complex case against one of the largest pharmaceutical companies in the world, looking at the kind of enormous settlement that would totally change his life—that would make him, almost overnight, the legal profession's newest king of torts...

The record-breaking phenomenon from Elizabeth Kostova is a celebrated masterpiece that "refashioned the vampire myth into a compelling contemporary novel, a late-night page-turner" (San Francisco Chronicle). Breathtakingly suspenseful and beautifully written, The Historian is

the story of a young woman plunged into a labyrinth where the secrets of her family's past connect to an inconceivable evil: the dark fifteenth-century reign of Vlad the Impaler and a time-defying pact that may have kept his awful work alive through the ages. The search for the truth becomes an adventure of monumental proportions, taking us from monasteries and dusty libraries to the capitals of Eastern

Europe—in a feat of storytelling so rich, so hypnotic, so exciting that it has enthralled readers around the world. “Part thriller, part history, part romance...Kostova has a keen sense of storytelling and she has a marvelous tale to tell.”
—Baltimore Sun

It took a great deal of determination on the part of women to

sweep aside male resistance from the inner circles of the motoring world. A veritable saga with a wealth of illustrations spanning almost a century of motor racing. Over forty unique portraits of daring, brave women who took part in speed records events, rallies and Grand Prix races. Write Stuff Enterprises Incorporated MacKayla Lane's life is good. She has great friends, a decent job,

and a car that breaks down only every other week or so. In other words, she's your perfectly ordinary twenty-first-century woman. Or so she thinks . . . until something extraordinary happens. When her sister is murdered, leaving a single clue to her death—a cryptic message on Mac's cell phone—Mac journeys to Ireland in search of answers. The quest to find her sister's

killer draws her into a shadowy realm where nothing is as it seems, where good and evil wear the same treacherously seductive mask. She is soon faced with an even greater challenge: staying alive long enough to learn how to handle a power she had no idea she possessed—a gift that allows her to see beyond the world of man, into the dangerous realm of the Fae. . . . As Mac delves

deeper into the mystery of her sister's death, her every move is shadowed by the dark, mysterious Jericho, a man with no past and only mockery for a future. As she begins to close in on the truth, the ruthless Vlane—an alpha Fae who makes sex an addiction for human women—closes in on her. And as the boundary between worlds begins to crumble, Mac's true mission becomes

clear: find the elusive Sinsar Dubh before someone else claims the all-powerful Dark Book—because whoever gets to it first holds nothing less than complete control of the very fabric of both worlds in their hands. . . . Five Rings (Annotated) Macmillan NATIONAL BOOK AWARD FINALIST • NATIONAL BESTSELLER • A twisting, haunting true-life murder mystery about one of the most monstrous crimes in American history, from the author of The Lost City of Z. In the 1920s, the richest people per capita in the world were members of the Osage Nation in Oklahoma. After oil was discovered

beneath their land, the Osage rode in chauffeured automobiles, built mansions, and sent their children to study in Europe. Then, one by one, the Osage began to be killed off. The family of an Osage woman, Mollie Burkhart, became a prime target. One of her relatives was shot. Another was poisoned. And it was just the beginning, as more and more Osage were dying under mysterious

circumstances, and many of those who dared to investigate the killings were themselves murdered. As the death toll rose, the newly created FBI took up the case, and the young director, J. Edgar Hoover, turned to a former Texas Ranger named Tom White to try to unravel the mystery. White put together an undercover team, including a Native American agent who infiltrated the

region, and together with the Osage began to expose one of the most chilling conspiracies in American history. *The Cultural Cold War* HarperCollins This American classic has been corrected from the original manuscripts and indexed, featuring historic photographs and an extensive biographical afterword. [The Year of Magical Thinking](#) Anchor

A family memoir that traces the myths, legends, and secrets of seven generations of remarkable women. All families have their myths and legends. For many years Juliet Nicolson accepted hers--the dangerous beauty of her flamenco dancing great-great-grandmother Pepita, the flirty manipulation of her great-grandmother Victoria, the infamous eccentricity of

her grandmother Vita Sackville-West, her mother's Tory-conventional background. But then Juliet, a distinguished historian, started to question. As she did so, she sifted fact from fiction, uncovering details and secrets long held just out of sight. *A House Full of Daughters* takes us through seven generations of women. In the nineteenth-century slums of Malaga, the salons of fin-de-siecle

Washington D.C., an English boarding school during the Second World War, Chelsea in the 1960s, the knife-edge that was New York City in the 1980s, these women emerge for Juliet as people in their own right, but also as part of who she is and where she has come from. *A House Full of Daughters* is one woman's investigation into the nature of family, memory, and the past. As

Juliet finds uncomfortable patterns reflected in these distant and more recent versions of herself, she realizes her challenge is to embrace the good and reject the hazards that have trapped past generations. Ferdinand Porsche - Genesis of Genius Farrar, Straus and Giroux During the Cold War, freedom of expression was vaunted as liberal democracy's most

cherished possession—but such freedom was put in service of a hidden agenda. In The Cultural Cold War, Frances Stonor Saunders reveals the extraordinary efforts of a secret campaign in which some of the most vocal exponents of intellectual freedom in the West were working for or subsidized by the CIA—whether they knew it or not. Called "the most comprehensive account yet

of the [CIA's] activities between 1947 and 1967" by the New York Times, the book presents shocking evidence of the CIA's undercover program of cultural interventions in Western Europe and at home, drawing together declassified documents and exclusive interviews to expose the CIA's astonishing campaign to deploy the likes of Hannah Arendt, Isaiah Berlin,

Leonard Bernstein, Robert Lowell, George Orwell, and Jackson Pollock as weapons in the Cold War. Translated into ten languages, this classic work—now with a new preface by the author—is "a real contribution to popular understanding of the postwar period" (The Wall Street Journal), and its story of covert cultural efforts to win hearts and minds continues to be relevant

today. Esio Trot Anchor Since their introduction in 1964, American muscle cars have been closely associated with masculinity. In the 21st century, women have been a growing presence in the muscle car world, exhibiting classic cars at automotive events and rumbling to work in modern Mustangs, Camaros and Challengers. Informed by

the experiences of 88 female auto enthusiasts, this book highlights women's admiration and passion for American muscle, and reveals how restoring, showing and driving classic and modern cars provides a means to challenge longstanding perceptions of women drivers and advance ideas of identity and gender equality. **I Used to Live Here Once: The Haunted Life**

Simon and Schuster "Even if you have never thrilled to the drone of powerful cars jockeying for position on a racetrack," writes London's "Literary Review, ""Miranda Seymour's biography of the daring female driver Helle Nice will have you riveted to your seat." Indeed, the story of this record-shattering woman-known as "Hellish Nice" to her fans and "Hell on Ice" to her

rivals-provides a fascinating and unexpected view of Europe and America in the years between the wars. Transcending her provincial background, and taking the name "Helle Nice," Helene Delangle made her way into the Parisian demimonde of the 1920s as a nude model, ballerina, and cabaret dancer. But it was on the racetrack, thrilled by the combination of machinery and speed, that Nice

would realize her destiny, becoming the "fastest woman in the world." Catching the attention of the formidable Ettore Bugatti, designer of the world's most desirable cars, Nice gained admission to the exclusive male club of drivers. Her readiness to pose for the camera with seductively half-closed eyes and a radiant smile, coupled with her willingness to risk her life for a record or a win, made

Helle Nice an irresistible commodity for Bugatti's marque. Impenitently promiscuous, her many lovers ranged from engineers and mechanics to aristocrats of the racing world such as Baron Philippe de Rothschild and Count Bruno d'Harcourt. A racer of thrilling audacity, Helle Nice competed in numerous Grand Prix, was the only woman to drive the treacherous American dirt

tracks and speedbowl in the 1930s, and set new land-speed records until a notorious accident in Brazil nearly ended her racing career. Her comeback impeded by the war, she lived out the Occupation in the South of France. In 1949, she was mysteriously denounced by a hostile fellow driver as a Gestapo agent. Eventually, Helle Nice would die in obscurity, the shadow on her reputation causing her

name to be written out of racing history. Drawn from a remarkable cache of newly discovered papers, Miranda Seymour's "Bugatti Queen" sheds new light on both the treacherous world of international racing and life in Occupied France, while revealing the story of a fearless and passionate woman who lived for challenge. *Fast Ladies* Penguin Born in 1900 to a soon-to-

be-widowed postmaster's wife in a small French village, Hélène Delangle's background offered no suggestion of the extraordinary life she was to lead. The first step was to leave the country behind and head to the city -- in this case, a Paris in the grip of an intoxicating 1920s blend of creativity and debauchery. She became a dancer, and then a stripper. But the demi-

monde of gauze veils and admirers was not enough. A visit to the Actors' Championship s, a uniquely French meeting of the theatrical world with the race-track, opened her eyes to the glamorous combination of machines and speed. Quickly establishing herself as a racer of uncommon talent and audacity, the beautiful woman now known as Hellé Nice -- Hellish Nice to

her British fans -- then caught the attention of none other than Ettore Bugatti, founder of the marque with which her name will always be associated. And yet, despite the fame and the fortune she amassed in an unprecedented career, she died penniless and alone, an old woman in a crumbling Nice flat surrounded only by memories. THE BUGATTI QUEEN is the story of a great pioneer

of motor racing who happened to be a woman. Re-creating her rollercoaster career with great verve and panache, Miranda Seymour brilliantly shows us a life now forgotten -- and makes it unforgettable. **Lives for Sale** Wings Press From the Newbery Medal-winning author of *The Hero and the Crown*: the story of a princess who flees her father's unwanted

attention and finds an unexpected new life. Princess Lissla Lissar is the only child of the king and his queen, who was the most beautiful woman in seven kingdoms. Everyone loved the splendid king and his matchless queen so much that no one had any attention to spare for the princess, who grew up in seclusion, listening to the tales her nursemaid told about her magnificent

parents. But the queen takes ill of a mysterious wasting disease and on her deathbed extracts a strange promise from her husband: "I want you to promise me . . . you will only marry someone as beautiful as I was." The king is crazy with grief at her loss, and slow to regain both his wits and his strength. But on Lissar's seventeenth birthday, two years after the queen's death, there is a grand ball,

and everyone present looks at the princess in astonishment and whispers to their neighbors, How like her mother she is! On the day after the ball, the king announces that he is to marry again—and that his bride is the princess Lissla Lissar, his own daughter. Lissar, physically broken, half mad, and terrified, flees her father's lust with her one loyal friend, her sighthound,

Ash. It is the beginning of winter as they journey into the mountains—a nd on the night when it begins to snow, they find a tiny, deserted cabin with the makings of a fire ready-laid in the hearth. Thus begins Lissar's long, profound, and demanding journey away from treachery and pain and horror, to trust and love and healing. The Bugatti Queen Vintage A Fine Balance,

Rohinton Mistry's stunning internationally acclaimed bestseller, is set in mid-1970s India. It tells the story of four unlikely people whose lives come together during a time of political turmoil soon after the government declares a "State of Internal Emergency." Through days of bleakness and hope, their circumstances - and their fates - become inextricably

linked in ways no one could have foreseen. Mistry's prose is alive with enduring images and a cast of unforgettable characters. Written with compassion, humour, and insight, *A Fine Balance* is a vivid, richly textured, and powerful novel written by one of the most gifted writers of our time. *Mary Shelley* The Bugatti Queen Born in 1900 to a soon-to-be-widowed postmaster's wife in a small French village,

Carr oll Shelby An intimate, profoundly moving biography of Jean Rhys, acclaimed author of *Wide Sargasso Sea*. Jean Rhys is one of the most compelling writers of the twentieth century. *Memories of her Caribbean girlhood* haunt the four short and piercingly brilliant novels that Rhys wrote during

her extraordinary years as an exile in 1920s Paris and later in England, a body of fiction—above all, the extraordinary *Wide Sargasso Sea*—that has a passionate following today. And yet her own colorful life, including her early years on the Caribbean island of *Dominica*, remains too little explored, until now. In *I Used to Live Here Once*, Miranda Seymour sheds new light on the artist whose

proud and fiercely solitary life profoundly informed her writing. Rhys experienced tragedy and extreme poverty, alcohol and drug dependency, romantic and sexual turmoil, all of which contributed to the “Rhys woman” of her oeuvre. Today, readers still intuitively relate to her

unforgettable characters, vulnerable, watchful, and often alarmingly disaster-prone outsiders; women with a different way of moving through the world. And yet, while her works often contain autobiographical material, Rhys herself was never a victim. The figure who emerges for Seymour is cultured, self-

mocking, unpredictable —and shockingly contemporary. Based on new research in the Caribbean, a wealth of never-before-seen papers, journals, letters, and photographs, and interviews with those who knew Rhys, *I Used to Live Here Once* is a luminous and penetrating portrait of a fascinatingly elusive artist.
