clearly horse-drawn carriages without the horse; and the development of the design of the modern car can be traced step by step from these early prototypes. Coulson & Richardson's - dl4a.org Gavin has 20 years of broad experience of process and

product design and has 65 US patents. He is co-author of "Chemical Engineering Design", a textbook on process design, and is an Adjunct Professor at Northwestern University, where he teaches the senior design classes. Chemical Engineering Design - 6th Edition "Chemical Engineering Design is a complete text for students of chemical engineering.
