Press LLC  
In this book, we have  
hand-picked the most  
sophisticated,  
unanticipated, absorbing  
(if not at times crackpot!),  
original and musing book  
reviews of "The

Disappearance of the  
Universe: Straight Talk  
about Illusions, Past Lives,  
Religion, Sex, Politics, and  
the Miracles of  
Forgiveness." Don't say  
we didn't warn you: these  
reviews are known to  
shock with their

unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all.

Summary of Gary R. Renard's The Disappearance of the Universe CRC Press

The second instalment of this hit new series sees the girls' powers tested for the first time as people

keep disappearing in Heatherfield. Originally published: New York: Volo/Hyperion Disney, 2004.

**Questioning the Universe** Hay House, Inc  
 A San Francisco Chronicle and Southwest Review Best Book of the Year and A World Literature Today Notable Translation of the Year "A dreamscape of a book. I adored this compelling, wise, and utterly unique coming-of-age tale." —Tara Conklin  
 For seven-year-old M, the world is guided by a firm set of principles, based on

her father D's life as a traveling salesman. Enchanted by her father's trade, M convinces him to take her along on his routes, selling hardware supplies against the backdrop of Pinochet-era Chile. As father and daughter trek from town to town in their old Renault, M's memories and thoughts become tied to a language of rural commerce, philosophy, the cosmos, hardware products, and ghosts. M, in her innocence, barely notices the rising tensions and precarious nature of

their work until she and her father connect with an enigmatic photographer, E, whose presence threatens to upend the unusual life they've created. María José Ferrada expertly captures a vanishing way of life and a father-daughter relationship on the brink of irreversible change. At once nostalgic, dangerous, sharply funny, and full of delight and wonder, *How to Order the Universe* is a richly imaginative debut and a rare work of magic and originality.

*The Center of the Universe* 5th Corner Publishing  
In the third book of this critically-acclaimed series, Sherlock Holmes' daughter faces a new unsolvable mystery with spies and a threat to the crown. Joanna and the Watsons receive an unexpected visitor to 221b Baker Street during a nocturnal storm. A rain-drenched Dr. Alexander Verner arrives with a most harrowing tale. Verner has just returned from an unsettling trip to see a patient who he believes is

being held against his will. Joanna quickly realizes that Verner's patient is a high-ranking Englishman who the Germans have taken captive to pry vital information about England's military strategies for the Great War. The man is revealed to be Alistair Ainsworth, a cryptographer involved in the highest level of national security. The police are frantic to find Ainsworth before the Germans can use him to decode all of England's undeciphered messages. Ainsworth must be found

at all costs and Joanna and the Watsons might be the only ones who can connect the clues to find him. USA Today bestselling author Leonard Goldberg returns with another puzzling case for the daughter of Sherlock Holmes to unravel in this exciting mystery sure to be enjoyed by fans of Sherlock Holmes.

**God, Stephen Hawking and the Multiverse**

Starscape

"The Irishman is great art . . . but it is not, as we know, great history . . .

Frank Sheeran . . . surely didn't kill Hoffa . . . But who pulled the trigger? . . . For some of the real story, and for a great American tale in itself, you want to go to Jack Goldsmith's book, *In Hoffa's Shadow*." —Peggy Noonan, *The Wall Street Journal* "In Hoffa's Shadow is compulsively readable, deeply affecting, and truly groundbreaking in its re-examination of the Hoffa case . . . a monumental achievement." —James Rosen, *The Wall Street Journal* As a young man, Jack Goldsmith revered

his stepfather, longtime Jimmy Hoffa associate Chuckie O'Brien. But as he grew older and pursued a career in law and government, he came to doubt and distance himself from the man long suspected by the FBI of perpetrating Hoffa's disappearance on behalf of the mob. It was only years later, when Goldsmith was serving as assistant attorney general in the George W. Bush administration and questioning its misuse of surveillance and other powers, that he began to

reconsider his stepfather, and to understand Hoffa's true legacy. In Hoffa's Shadow tells the moving story of how Goldsmith reunited with the stepfather he'd disowned and then set out to unravel one of the twentieth century's most persistent mysteries and Chuckie's role in it. Along the way, Goldsmith explores Hoffa's rise and fall and why the golden age of blue-collar America came to an end, while also casting new light on the century-old surveillance state, the

architects of Hoffa's disappearance, and the heartrending complexities of love and loyalty.

**The Disappearance of Childhood** Unbound Publishing

In this fascinating book, Gary Renard and his Ascended Master Teachers, Arten and Pursah, teach you how to integrate advanced spiritual principles into your everyday life. Doing so leads beyond theory to an experience of the Divine and the undoing of the ego. Your progress will be accelerated to

such a degree that, with continued practice, you can't help but stop the need to reincarnate . . . once and for all. Like Gary's first book, The Disappearance of the Universe, this work elaborates on the teachings of two spiritual classics, The Gospel of Thomas and A Course in Miracles. By focusing on a unique brand of quantum forgiveness, rather than the old-fashioned kind, and taking the understanding of the importance of thought up to a whole new level, your

goal will become nothing less than to break the cycle of birth and death. *True Crime Addict* SPCK The international phenomenon that has sold more than two million copies, *If Cats Disappeared* from the World--now a Japanese film--is a heartwarming, funny, and profound meditation on the meaning of life. This timeless tale from Genki Kawamura (producer of the Japanese blockbuster animated movie *Your Name*) is a moving story of loss and reconciliation,

and of one man's journey to discover what really matters most in life. The young postman's days are numbered. Estranged from his family and living alone with only his cat, Cabbage, to keep him company, he was unprepared for the doctor's diagnosis that he has only months to live. But before he can tackle his bucket list, the devil shows up to make him an offer: In exchange for making one thing in the world disappear, the postman will be granted one extra day of life. And

so begins a very strange week that brings the young postman and his beloved cat to the brink of existence. With each object that disappears, the postman reflects on the life he's lived, his joys and regrets, and the people he's loved and lost.

Winner of a Northern Writers' Award Longlisted for The Bath Novel Award  
\* What if reading the wrong book could get you

arrested? In a decaying city controlled by the First General and his army, expressing the wrong opinion can have terrible consequences. Clara Winter knows this better than anyone. When she was a child, her father was taken by the Authorisation Bureau for the crime of teaching banned books to his students. She is still haunted by his disappearance. Now Clara teaches at the same university, determined to rebel against the regime that cost her family so

much – and her weapons are the banned books her father left behind. But she has started something dangerous, something that brings her to the attention of the Authorisation Bureau and its most feared interrogator, Major Jackson. The same man who arrested Clara’s father. With her rights stripped away, in a country where democracy has been replaced with something more sinister, will she be the next one to disappear? \* ‘Provocative and prescient, The

Disappeared is an unflinching tale of resistance in dark political times. Set in a near-future Britain where books are banned, this is a thought-provoking dystopian debut.’ – Caroline Ambrose, Founder of The Bath Novel Award

 "Inner voice" of Helen Schucman, recorded by William Thetford.  
**Holding Up the Universe** Viking Adult  
 No matter how much is learned, if that learning remains in our heads, it is not enough. Unless learning touches our

hearts, it's never going to bring us the wisdom we seek, the peace we desire, or the intimacy and connection for which we yearn. A new and more receptive way of knowing is needed, and is found in this course for the heart. "A Course of Love" was received by Mari Perron and given to be a "new" course in miracles. It is for the heart what "A Course in Miracles" is for the mind. For many, it is the next step in a journey already begun.  
*In Hoffa's Shadow* Simon

“another winner”  
(Booklist, starred review)  
about a boy who believes  
the universe is slowly  
shrinking as the things he  
remembers are being  
erased from others’  
memories. Tommy and  
Ozzie have been best  
friends since the second  
grade, and boyfriends  
since eighth. They spent  
countless days dreaming  
of escaping their small  
town—and then Tommy  
vanished. More  
accurately, he ceased to

exist, erased from the  
minds and memories of  
everyone who knew him.  
Everyone except Ozzie.  
Ozzie doesn’t know how  
to navigate life without  
Tommy, and soon he  
suspects that something  
else is going on: that the  
universe is shrinking.  
When Ozzie is paired up  
with the reclusive and  
secretive Calvin for a  
physics project, it’s hard  
for him to deny the  
feelings developing  
between them, even if he  
still loves Tommy. But  
Ozzie knows there isn’t  
much time left to find

Tommy—that once the  
door closes, it can’t be  
opened again. And he’s  
determined to keep it  
open as long as possible.  
*The Gradual  
Disappearance of Jane  
Ashland* Kids Can Press  
Ltd  
The Backstreets is an  
astonishing novel by a  
preeminent contemporary  
Uyghur author who was  
disappeared by the  
Chinese state. It follows  
an unnamed Uyghur man  
who comes to the  
impenetrable Chinese  
capital of Xinjiang after  
finding a temporary job in

a government office. Seeking to escape the pain and poverty of the countryside, he finds only cold stares and rejection. He wanders the streets, accompanied by the bitter fog of winter pollution, reciting a monologue of numbers and odors, lust and loathing, memories and madness. Perhat Tursun's novel is a work of untrammelled literary creativity. His evocative prose recalls a vast array of canonical world writers—contemporary Chinese authors such as Mo Yan; the modernist

images and rhythms of Camus, Dostoevsky, and Kafka; the serious yet absurdist dissection of the logic of racism in Ellison's *Invisible Man*—while drawing deeply on Uyghur literary traditions and Sufi poetics and combining all these disparate influences into a style that is distinctly Perhat Tursun's own. *The Backstreets* is a stark fable about urban isolation and social violence, dehumanization and the racialization of ethnicity. Yet its protagonist's vivid recollections of maternal

tenderness and first love reveal how memory and imagination offer profound forms of resilience. A translator's introduction situates the novel in the political atmosphere that led to the disappearance of both the author and his work.

### **The Disappearance**

Graphic Universe™

Join Gary Renard, the best-selling author of *The Disappearance of the Universe* and *Your Immortal Reality*, for the final installment of his trilogy: a fascinating roller-coaster ride to the

mysterious truth behind the modern spiritual masterpiece *A Course in Miracles*. His teachers, Ascended Masters Arten and Pursah, will take you on a whirlwind tour of the afterlife; teach you a method that will, with practice, melt away all of your past bad karma; and reveal the “missing ingredient” to the popular self-help techniques of today. This book will blow your mind and hand you the key to enlightenment . . . at the same time! In the end, you will discover that, indeed, Love has

forgotten no one. **Losing the Girl** Farrar, Straus and Giroux Friedman examines how God gradually becomes hidden as the Bible progresses, and this phenomenon's place in the formation of Judaism and Christianity. The Double Disappearance of Walter Fozbek Tin House Books A gripping mystery about the gravitational force between mothers and daughters. Grace Carter's mother — the celebrity news anchor GG Carter — is everything Grace is not.

GG is a star, with a flawless wardrobe and a following of thousands, while Grace — an aspiring astrophysicist — is into stars of another kind. She and her mother have always been in different orbits. Then one day GG is just ... gone. While the authorities unravel the mystery behind GG's disappearance, Grace grows closer to her high school's golden boy, Mylo, who has faced a black hole of his own. She also uncovers some secrets from her mother's long-lost past. The more Grace

learns, the more she wonders. Did she ever really know her mother? Was GG abducted ... or did she leave? And if she left, why?

One*

ReadHowYouWant.com  
From the vogue for nubile  
models to the explosion in  
the juvenile crime rate,  
this modern classic of  
social history and media  
traces the precipitous  
decline of childhood in  
America today—and the  
corresponding threat to  
the notion of adulthood.  
Deftly marshaling a vast  
array of historical and  
demographic research,

Neil Postman, author of  
*Technopoly*, suggests that  
childhood is a relatively  
recent invention, which  
came into being as the  
new medium of print  
imposed divisions  
between children and  
adults. But now these  
divisions are eroding  
under the barrage of  
television, which turns the  
adult secrets of sex and  
violence into popular  
entertainment and pitches  
both news and advertising  
at the intellectual level of  
ten-year-olds. Informative,  
alarming, and aphoristic,  
The Disappearance of

Childhood is a triumph of history and prophecy. *The Disappearance of Ember Crow: The Tribe, Book Two* Harper Collins A New York Times Bestseller From the author of the New York Times bestseller *All the Bright Places* comes a heart-wrenching story about what it means to see someone—and love someone—for who they truly are. Everyone thinks they know Libby Strout, the girl once dubbed “America’s Fattest Teen.” But no one’s taken the time to look past her

weight to get to know who she really is. Following her mom’s death, she’s been picking up the pieces in the privacy of her home, dealing with her heartbroken father and her own grief. Now, Libby’s ready: for high school, for new friends, for love, and for EVERY POSSIBILITY LIFE HAS TO OFFER. In that moment, I know the part I want to play here at MVB High. I want to be the girl who can do anything. Everyone thinks they know Jack Masselin, too. Yes, he’s got swagger, but

he’s also mastered the impossible art of giving people what they want, of fitting in. What no one knows is that Jack has a newly acquired secret: he can’t recognize faces. Even his own brothers are strangers to him. He’s the guy who can re-engineer and rebuild anything in new and bad-ass ways, but he can’t understand what’s going on with the inner workings of his brain. So he tells himself to play it cool: Be charming. Be hilarious. Don’t get too close to anyone. Until he meets

Libby. When the two get tangled up in a cruel high school game—which lands them in group counseling and community service—Libby and Jack are both pissed, and then surprised. Because the more time they spend together, the less alone they feel. . . . Because sometimes when you meet someone, it changes the world, theirs and yours. Jennifer Niven delivers another poignant, exhilarating love story about finding that person who sees you for who you

are—and seeing them right back. "Niven is adept at creating characters. . . . [Libby's] courage and body-positivity make for a joyful reading experience." --The New York Times "Holding Up the Universe . . . taps into the universal need to be understood. To be wanted. And that's what makes it such a remarkable read." —TeenVogue.com, "Why New Book Holding Up the Universe Is the Next The Fault in Our Stars" "Want a love story that will give you all the feels? . . .

You'll seriously melt!" —Seventeen Magazine

### **The Disappearance**

Flatiron Books

This spin-off of the bestselling Haruhi Suzumiya series takes place in the world of the "Disappearance" arc of the original novels, focusing on the high school life (and romance!) of a tentative and bashful Yuki Nagato quite unlike the one you've come to know and love through the usual exploits of the SOS Brigade...but no less charming!
